WILD SCENES ATTEND TRIAL

Mingled Hisses and Cheers Mark Progress of the Caillaux Case.

CLASHES COME IN QUICK SUCCESSION

Politics Predominates in the Day's Proceedings in Paris Court.

Paris, July 22.—Politics was the predominating factor to-day in connection with the trial of Mme. Caillaux for the murder of Gaston Calmette, editor of the Figaro. The French government was understood to be greatly concerned in regard to the diplomatic documents mentioned at yesterday's hearing as having been in the possession of the assassinated editor. These documents, it was stated, were later handed over to President Poincare, who passed them on to the foreign office. Senator Bienvenu acting minister of foreign affairs, was up most of the night and an active interchange of telegrams took place between him and Premier Rene Viviani, now in Russia with the president.

Joseph Caillaux, the prisoner's husband, and Fernand Labori, her counsel, made a vehement demand that the documents should be produced in court. It is understood that the premier, anticipating such a demand, left instructions with his substitute at the foreign office as to what course should be pursued with the papers which are in the foreign office archives.

Has Long Conference.

Mme. Caillaux to-day had a long conference with Senator Martin, her counsel, and Jules Herbaux ,the procurator general, who is in charge of the prosecution in the prison of the Conciergerie adjoining the palace of justice just before noon.

Mme. Caillaux had risen very early and after breakfast had glanced over the newspaper accounts of yesterday's hearing. She appeared to be satisfied, many of them were written in a sympathetic strain.

While the court was assembling newsboys were shouting around the entrances to the palace of justice an extra edition of Le Bonnel Rouge, one of the journals in sympathy with M. Caillaux, which contained a page article denouncing the murdered editor, Gaston Calmette.

Makes Serious Charges.

It affirmed that he had been in the pay of German interests and had in the eleven years preceding his death, been engaged in political and financial intrigues by means of which he was able to leave $2,600,000. The newspaper admitted that he had received two legacies, one of $200,000 and another of a smaller amount.

The moment after court had come to

CHILDREN PLAY WITH DYNAMITE; 3 WILL DIE.

Akron, Ohio, July 22.—Three children were probably fatally injured here to-day when a stick of dynamite with which they were playing exploded. The injured were: Leroy Lind, 10, eyes blown out and fingers and part of lower limbs blown off; Norville Lind, 7, a younger brother, badly mangled about lower limbs; Harry Lee, 10, eyesight destroyed and part of lower limbs blown off. Windows in houses for blocks around were shattered.

ACCUSES VENILLE AS PLOT LEADER

Evidence in Chicago Vice District Shooting Goes to Grand Jury.

Chicago, July 22.—All the evidence gathered by the states attorney in connection with the shooting Thursday night of four policemen in the vice district was ready to be submitted today to the grand jury. Feeling his way into the tangle of influences in the vice district, Maclay Hoyne, state's attorney, laid his hands on Rocco Venille, or Robert Vanella as he was known in Montana, alleged imported gunman, wounded in the foot Thursday night.

Hoyne declared that Venille was a leader in a plot to slug and maim the detectives of the morals squad and that the detectives were only saved by being involved in a sudden shooting affray with two other policemen who took them for gunmen.

In spite of lack of confirmation from New York of Venille's alleged eastern affiliations with New York gunmen, Hoyne declared that his information about the man was correct.

"Big Jim" Colosimo, cafe proprietor in the vice district, arrested yesterday for obstructing justice, was free today in $5,000 bond and was to be questioned before the grand jury.

VANELLA PAROLED PRISONER.

Billings, Mont., July 22.—Robert Vanella, as he is known here, reported under surveillance in Chicago in connection with the recent shooting there in the segregated district, was found guilty of murder in the second degree in this city January 25, 1908, for the killing of Rafael Arosz. He was sentenced to fifty years in the penitentiary.

As a result of a campaign by the prisoner's mother in New York city, Vanella was released on parole by the state board of pardons last spring.

LOSS $100,000 IN BRAZIL BLAZE

City is Forced to Ask Aid from Terre Haute in Fighting Fire.

Brazil, Ind., July 22.—Fire believed to have been caused by spontaneous combustion and which had its origin in the Brosius dry goods store, the largest in the city, spread to a number of adjoining buildings early to-day and caused a loss estimated at more than $100,000.

The Brosius company was the heaviest loser, the loss being placed at $40,000. The damage to the building was estimated at $15,000. Other firms to suffer were the Lederer-Fiebelman company $15,000 and the J. W. Lyttle, clothing $10,000. Losses on other buildings ranged from $200 to $6,000. Among them was the News-Democrat building and contents, which suffered a loss of $4,000.

The fire had gained considerable headway when it was discovered following the bursting of the glass in the front of the Brosius store and when it was seen that the local department could not handle it help was asked from Terre Haute and one company responded. At 4 o'clock the blaze seemed under control, but broke out soon after in another building. Telephone and traction company wires and cables were damaged to the extent of $500.

WHAT'S THIS? MAY OPPOSE COLONEL?

First Break in History of Progressive Party is Imminent.

Oyster Bay, N. Y., July 22.—For the first time in the history of the progressive party Col. Roosevelt to-day faced the possibility of opposition within the ranks over the choice of candidates. He learned that at the meeting of the progressive committee of New York county last night Chairman Francis W. Bird declared for a straight progressive state ticket, and after the meeting learned that Harvey D. Hinman of Binghamton had announced his candidacy for the republican nomination for governor on a platform opposed to William Barnes and Charles W. Murphy.

Col. Roosevelt, it was said here, was fully aware that he would meet with resistance if he sought to bring about progressive indorsement of Mr. Hinman, or any other candidate outside the progressive party. To all inquiries to-day he merely replied that he had nothing to say at present and that his forthcoming statement would explain his position fully.

MR. BARNES' COMMENT.

New York, July 22.—Chairman William Barnes, of the republican state committee made the following statement regarding former Senator Harvey D. Hinman's announcement of his candidacy for nomination for governor at the republican primaries: "The question for the enrolled republicans of this state, is whether they are to select the republican candidates for the various offices to be filled or whether they are to permit Mr. Roosevelt to select them. That is the real boss issue."

POLICEMAN SLAIN IN STREET.

Friend Mistakes Officer at Burlington, N. J., for Burglar.

Burlington, N. J., July 22.—Thomas Regan, a policeman, was shot and killed on the street here early to-day by Winfield Templeton, a friend who told the authorities that he had mistaken Regan for a burglar. Despite Templeton's explanation, the county authorities are making a searching investigation of the cirmumstances of the shooting. Templeton told the police that his wife woke him and told him she heard noises on the sidewalk a few doors from their home. Templeton secured his shotgun and went to the front door of his home and when he saw the figure of a man in the darkness standing in the front of a grocery store, he fired. Templeton, according to the police, said he was horrified to learn the identity of the man. Regan, who was

HE TAKES A RAP AT LABOR UNIONS

Counsel for Chicago Employers Says They Are Irresponsible.

Chicago, July 22.—Alleged irresponsibility of labor unions was decried by Dudley Taylor, counsel for the Employers' association of Chicago, in testimony which he gave before the United States commission on industrial relations today.

"A Chicago restaurant keeper made the expriment of a closed shop, but it would not work," related Mr. Taylor. "So he rejected it, but kept precisely the conditions in wages and hours demanded by the unions. The unions agreed to the employment of outside help, but tried to require all outsiders to join the union. This was found impracticable. These restaurants since have been subjected to picketing, but no attempt is made by the unions to remonstrate with the employer; the picketing is to destroy patronage."

A plea for the establishment of a federal tribunal for the settlement of labor difficulties was made by Mr. Taylor. "I believe in the establishment of a federal tribunal," said Mr. Taylor. "At present the only check on the unions is public opinion and the public really knows little of these things and moreover wont take the trouble to inform itself. The judges of our present tribunals have not the power to enforce justice. Up for re-election they fear to antagonize large classes of voters. They pledge and consequently we get no relief.

PROHIBITIONISTS NAME AUBURN MAN

Rev. J. G. Wise is Chosen as Party's Candidate for Congress.

Auburn, Ind., July 22.—Prohibitionists of the Twelfth congressional district, in session here Wednesday afternoon, nominated Rev. J. G. Wise, of this city, as their candidate for congress. His nomination met no opposition and was made unanimous.

James E. Graham, of Fort Wayne, presided as chairman of the convention and W. W. Wyrick, of Angola, acted as secretary. The convention is being attended by thirty delegates, representing each of the six counties of the district. Among the Fort Wayne delegates present are J. E. Graham, W. S. Hackett and M. F. Wilson.

Prior to the opening of the convention proper, it was rumored that John R. Golden, of Angola, would be the nominee, but several conferences were held and the delegates finally selected the name of Rev. Wise after the convention assembled.

J. Ranard Schmidt, of Indianapolis, state prohibition chairman, was present and delivered a lengthy address.

Pope's Representative Opens Eucharistic Congress.

Lourdes, France, July 22.—Cardinal Granite Di Belmonte-Genarro, who represents the pope at the international eucharistic congress, opened the first session today with a speech of welcome to the delegates. He expressed his pleasure at seeing such a large representation from foreign lands and alluded especially to the delegations from the United States and Canada. Among those present at the gathering were ten cardinals, including Cardinal Farley, of New York, and 200 archbishops and bishops from all parts of the world.

Berlin, July 22.—The North German Lloyd and Hamburg-American lines today decided to raise their rates for steerage passengers from Germany to the United States by $2.50, thus bringing them up to $37.50.

HUNDREDS OF BABIES THERE

Robison Park is Thronged Today With Infantile Humanity.

ANNUAL BABY SHOW AND PARADE GIVEN

Event Believed to Have Drawn Park's Largest Crowd This Year.

Robison park is fairly filled today with babies, decorated baby carriages and fond parents for the annual baby show and decorated carriage parade, events that come as one of the biggest features of the season at the popular amusement resort. There are all types of babies, but all of them sweet and all of them having a good time in spite of the intense heat.

Since early morning the park cars have been filled to capacity and it is said that the crowds at the park will break the record for this season. Starting early Wednesday morning, special freight cars traversed the city, picking up decorated carriages at twelve different stations, carrying them to the resort and parking them in the large grove.

Carriages of every description are to be seen and it is considered one of the hardest tasks of the day, aside from judging the babies, to select the winners in the carriage parade.

In the baby contests Manager Williams gave away 106 awards and there were special prizes for the prettiest baby, the fattest one, the smallest infant and the tallest one and by the time the last prize had been awarded late this afternoon one could scarcely pass through the crowds that surrounded the judge's booth. The baby contest opened at 1:30 o'clock and the parade moved at 3 o'clock. The prizes were not awarded until the close of the parade.

The babies entered in the contest were all under two years of age, and it is safe to say that Fort Wayne possesses a surprising variety of lovable infants. Some are lusty lunged babies whose shouting formed one feature, others were crying babies, some were laughing, some pretty and all attractive, just because they are babies, if for no other reason. They are all dressed in the best their parents could supply for them, and when placed in the beautifully decorated carriages

STRIKE BATTLES FREQUENT TODAY

Situation in Russia Has Taken on More Serious Aspect.

St. Petersburg, July 22.—The strike situation in Russia took on a very serious aspect to-day when armed conflicts occurred in the streets and resulted in the wounding of many police, Cossacks and strikers.

Just outside the capital a passenger train on the coast line to Finland was held up by strikers, the engineer was forced to quit the locomotive under threat of being shot and the passengers all driven out of the cars. The strikers who numbered 300, then proceeded to cut down the telegraph poles and raise obstructions on the tracks. A detachment of cossacks and gendarmes arrived quickly on the scene and drove off the wreckers. Traffic was then resumed, but every train was convoyed by a locomotive with an armed escort.

At Riga, the strike movement was reported to be spreading and it was said 40,000 men in that city had struck work, while in many other cities in all parts of the empire thousands of men were reported to have left their employment.

Street car service in the Russian capital was suspended to-day, when employes of the Central street railway joined the general strike. Workmen of many trades have joined the movement, and it was estimated this morning that 600,000 men had laid down their tools.

UTTERANCE OF KING REGULAR

Asquith Accepts Responsibility for Home Rule Address.

London, July 22.—Premier Asquith today assumed before the house of commons full responsibility for the speech made by the king yesterday to the political leaders who had met at Buckingham palace to confer on the Irish home rule problem. He thus set at rest various reports in circulation since the Ulster controversy has become acute and since the first announcement of the conference. The premier said:

"The speech was sent to me in the ordinary way by his majesty the day before it was delivered and I take the entire responsibility for it."

The conferees were again in session for an hour and a half today and then adjourned until tomorrow.

John Redmond and John Dillon, as they left Buckingham palace and passed along the sidewalk in front of Wellington barracks, received a great reception from the men of the battalion of Irish guards stationed there. The soldiers crowded to the windows of the barrack rooms, cheering wildly and waving their caps.

Public interest in the crisis over the Irish home rule question overshadowed everything else in the British Isles today. When the representatives of the liberals, conservatives, Irish nationalists and Ulster unionists arrived at Buckingham palace this morning to continue their conference with a view to a pacific settlement of the Ulster problem, they found an enormous crowd assembled in the great open space before the gates of the palace. The various statesmen, as they passed in, were respectfully greeted by their sympathizers.

Having disposed of the preliminaries of the conference at yesterday's formal meeting, when King George addressed the assembled statesmen, the conferees arrived today prepared to tackle the crux of the problem—the area of Ulster to be excluded from the operation of Irish home rule bill and the means of carrying out the exclusion. Some clearing of the ground had also been effected during informal conferences yesterday afternoon and evening.

Openly, of course, the two sides declar that they cannot withdraw from their present positions, but it is understood that Premier Asquith is likely to submit to the conference a proposal to allow the protestant counties of Ulster to vote together on the question of exclusion from the home rule parliament and that he may also go so far as to change the time limit of six years embodied in the amending bill.

FAST TENNIS IN LADIES' SINGLES

Miss Bradshaw, of St. Louis, Loses Match With Mrs. Seymour.

Sensational tennis in the ladies' singles developed as one of the big features of the third day's play in the annual northern Indiana tennis tournament at the Fort Wayne Country club and in the closing match of the morning Miss Cecil Bradshaw, of St. Louis, winner of the ladies' championship last year, was defeated by Mrs. Seymour, of Toledo. The match went to three sets as follows: 6-2, 5-7 and 6-3.

Miss Helen Peters, of Fort Wayne, runner up in last year's tournament, was defeated by Miss Catherine Brown, of Franklin, and this match was won in two sets, 6-1 and 6-0. Two Indianapolis lady tennis stars furnished additional excitement when Mary Joss defeated Anna Hanson. This match also went to three sets with the scoring as follows: 6-4, 1-6 and 6-3.

Morning Results.

Total results in the morning matches Wednesday follow:

Men's Singles—E. Gooder, of Chicago, defeated G. R. Gawehn, of Fort Wayne, 6-4, 6-0.

Catherine Brown, Franklin, defeated Helen Peters, Fort Wayne, 6-1, 6-0.

Mrs. Seymour, Toledo, defeated Cecil Bradshaw, St. Louis, 6-2, 5-7 and 6-3.

Win a Hard Game.

During the men's doubles Tuesday afternoon, Elmer Weil and Trafford Wilson, both of Fort Wayne, defeated the famous Gooder brothers of Chicago, in one of the most sensational matches of the tournament and carried the play in sets of 6-4 and 7-5. The Gooder brothers have been known as exceptionally fast players and some big things are counted on from them during the meet. The Fort Wayne boys deserve unlimited credit for the games they played against them Tuesday.

Seelberg, Louis Ewing, G. O. Moore, Albert Black and William Moffat. The committee reserves the right, as announced, to default contestants not appearing thirty minutes after scheduled time.

WILD SCENES ATTEND TRIAL

(Continued from Page 1.)

order the procurator general rose and said: "I am authorized by the government to declare that the documents referred to in yesterday's testimony are only pretended copies of documents which do not exist."

Maitre Labori: "We consider the incident closed."

Chenu Grows Sarcastic.

Charles Chenu, the lawyer representing the interests of the Figaro and those of Calmette's heirs then said sarcastically, "I regard the incident as only an enjoyable diversion. It has pleased M. Caillaux to transform a criminal trial into a political one. He intends to go from here with a certificate of loyalty to France. Much good it will do him."

The procurator general explained that the honor and patriotism of M. Caillaux remained unstained.

Maitre Labori objected to the language used by Maitre Chenu.

Georges Prestat, a brother-in-law of the murdered editor and chairman of the Figaro company, was then called to the stand and emphatically denied that the Figaro had been in the pay of foreign banks. The Germans, he said, had never held the majority of the shares of the Figaro as had been alleged. He then read lengthy extracts from memoranda. While M. Prestat was testifying M. Caillaux came from his seat among the witnesses and stood closer to the bar in order to hear better.

Maitre Chenu commenting on M. Prestat's testimony said:

"I will add that it does not become M. Caillaux to come here and endeavor to soil the grave which his wife made."

Exciting Scene Follows.

There followed an exciting scene. Many of those in court rose from their seats and shouted "Bravo," while others hissed and murmured until Judge Louis Albanet was obliged to call the court to order with a severe reprimand. M. Caillaux in a state of extreme agitation exclaimed:

"Since I must take notice of what this lawyer has said I will ask him if he will take personal responsibility for his words."

Another sensation was caused among the spectators by this exclamation and loud "Bravos" for M. Caillaux were heard all over the court. When the noise had somewhat subsided Maitre Chenu replied:

"I take the entire responsibility. You cannot menace me here. You doubtless do not know the temper of the man whom you address."

The disorder in court was so great that Judge Albanet threatened to clear the chamber if the manifestations were repeated.

When quiet had been restored Georges Fromontin, a sales clerk in the gun store where Madame Caillaux purchased the weapon with which she killed Calmette, was then called. He took an automatic pistol from the package in front of the judges and explained its action.

Maitre Chenu said: "Mme. Caillaux did not say when she loaded the pistol."

Mme. Caillaux: "As soon as I got into the motor car before I could forget Fromentin's explanations."

Had Practiced Shooting.

Mme. Caillaux added: "I had never fired a pistol, but I had hunted with my husband. I bought a gun at the same place."

Another gunsmith's employe said Mme. Caillaux had practiced in the range under the store. Three of her six shots struck a target the size of a human figure.

Mme. Caillaux: "I tried this pistol solely at the request of the employe. He wanted me to be sure I knew how it worked."

Yves Delbos, editor in chief of Le Radical, related that he had met Mme. Caillaux on the day of the shooting. He said: "She seemed depressed and agitated."

Mme. Louise De Mesagne-Estradere, formerly society editor of the Figaro, amid profound silence, testified she had dined in company with Mme. Caillaux about two months before the shooting. She continued; "Mme. Caillaux said Mme. Gueydan, the former wife of M. Caillaux, was going from one newspaper office to another with letters against her. I tried to reassure her by saying information was to the effect that Mme. Gueydan had refused to sell the letters to Calmette for $6,000. I knew nothing of the 'Thy Joe' letter."

"Will you not give more precise testimony about Mme. Gueydan's letters?" interrupted Mme. Caillaux.

The witness did not reply and a moment later left the stand.

GRAND RAPIDS MAN IS CHOSEN

(Continued from Page 1.)

Columbus, Ohio, received two votes upon the first ballot. The second ballot was unanimous for General Loomis.

According to an announcement by retiring Major General Arthur P. Stobbart, the newly elected chief of the Army of the Lily probably will take his office the first of August under appointment by Thomas J. Carling, supreme commander, although his election will have to be verified August 4 by the supreme council in its session at Winnipeg, Canada.

The morning's program was featured by an event not listed when the Illinois brigade band was dismissed and ordered to return home following their failure to appear as scheduled to play for the flag ceremony. It was said the sleepy band leader refused to heed the summons of Maj. W. H. Sloan.

The Program Today.

On the program today were the first of the prize contest drills, which began at 9:30 o'clock this morning with the class A companies, Washington company, No. 1, Washington, D. C.; Island City company, No. 17, Eaton Rapids, Mich.; Pittsburg company, No. 38, Pittsburg, Kan.; Linton company, No. 97, Linton, Ind., and Clinton company, No. 105, Clinton, Ind., competing. At 10 o'clock the biennial meeting of the supreme assembly, military department, K. of P., met at the camp headquarters. The principal business before the assembly was the selection of a new major general to succeed Major General Arthur J. Stobbart, and the selection of the city for the next encampment. Nashville, Tenn., Buffalo, New York, and Peoria, Ill., seek the next encampment, with Nashville claiming the honor.

At the same hour a reception and musical was given at the Pythian temple for the past chiefs' association with the Pythian sisters as hostesses. At 1:30 o'clock this afternoon the subordinate lodge parade for which prizes are offered aggregating $900 for best appearance and number in line, took place, and tonight the Iola degree team, of Dayton, Ohio, will confer the dramatic third rank on a class of candidates in a monster tent on the camp grounds.

and lined up for the procession through the shady groves of the park, the spectacle was a pretty one. Hundreds of carriages formed in the line of march and as the procession moved through the trees and down the winding paths the sight was entrancing.

Special car service to and from the park was maintained during the day, and while shortly before the noon hour, the rush almost swamped the service, the crowds were handled in the best possible manner.

ANOTHER FINFECTED RAT.

Rodent Is Found Far from First Case at New Orleans.

New Orleans, July 22.—The list of rates infected with bubonic plague was increased to seven here today when examination of a rodent captured at No. 819 Antoine street showed that it harbored plague germs. The rat was caught near the Stuyvesant docks, forty-one blocks from the point where the first case developed. No more cases of the disease had been reported today, and those at the isolation hospital were reported to be "doing nicely."

WEIL BROTHERS SUE FOR $5,000

Demand Big Sum from Indemnity Concern for Injury to Employe.

Abraham Weil and Isaac Weil, doing business as Weil Brothers, have brought suit in the circuit court against the Maryland Casualty company, of Baltimore, Md., demanding $5,000, alleged to be due on a policy held by the plaintiffs in that concern to indemnify them against loss by reason of injury to the plaintiffs' employes. It is set forth that the policy covers the plaintiffs' business and specifically the freight elevator in their building at 113-15 West Jefferson street, Fort Wayne, and that in January of this year one Fred Fox, an employe, was injured by the elevator, receiving injuries that confined him for two months in a hospital and incapacitated for a period of four months from work. The plaintiffs say that by reason of these injuries they were put under a great expense for hospital care, medical attendance and the injured man's wages. The defendant is alleged to have failed and refused to make good the policy held by the plaintiffs.

But for divorce suits the courts would have little business to show for the midsummer season. Other classes of litigants take the heated term easy in common with the bulk of mankind, but warring couples cannot wait and they go to the courts regardless of 96 in the shade and a humidity that wilts man and beast.

Short and Full of Trouble.

Ethel Miller has filed a divorce suit in the circuit court against Edward Miller, setting forth that they were married April 25, 1913, and separated June 13, 1914. She alleges that he has treated her in a cruel and inhuman manner, was quarrelsome and abusive, often angry at her, cursed her and during the time they lived together bought her no clothes. The plaintiff resides at 1442 Broadway.

Told Her to Get a Divorce.

In her divorce complaint in the superior court against Sidney Sowers it is stated by Bertha Sowers that her husband left her without cause or provocation the 10th of last June and told her to go get a divorce; that if she did not he would. They were married August 6, 1913, and she says that he always treated her badly, that his demeanor toward her was indifferent and distant and not that of a husband, that he took no interest in her comfort or welfare and told her he had another woman he thought more of than he did his wife. She asks tha her maiden name of Rogner be restored.

Notes of the Courts.

Erwin E. Richards has commenced suit in the superior court against Jason Horn to recover $175 on a note.

Mary Berg Hanly, and others, have commenced suit in the circuit court against John C. Zuber, and others, for partition of real estate.

In the superior court Eugene Pauley has sued Hayes W. Glass and others to foreclose a mechanic's lien for $200.

George E. Barva has commenced suit in the superior court against Sylvester F. Sutton and others on account and to foreclose a mechanic's lien, demanding $50.

In the superior court Judge W. C. Ryan has dismissed the suit of Julia Groman vs. Joseph Groman.

Edward Bertsch has brought suit in the superior court against Lorenzo D. George and others to quiet title to real estate.

CARRANZA GIVEN WELCOME.

Rebel Leader's Journey Through Mexico Triumphal March.

On board Gen. Carranza's special train en route to Tampico Victoria, Mex., via Laredo, Texas, July 22.—Gen. Carranza was given an enthusiastic welcome at the towns along the line from Monterey to Victoria to-day. He will remain two days in Tampico, which point he will reach tomorrow and then return to Saltillo via Monterey, where he expects to receive the delegates from President Carbajal and also Eufemio Zapata, brother of General Emiliano Zapata. He will confer with him concerning the disposition of the Zapata troops and details of the entry into Mexico City. John R. Silliman, who is aboard the train, had several long interviews with General Carranza and several of his cabinet officers. General Natra and General Triana accompanied Carranza to Victoria.

LAYING OF CORNERSTONE.

Event Will Be Observed by Zion's Lutheran Church at Monroeville Sunday.

Next Sunday afternoon the German Evangelical Lutheran church at Monroeville will lay the cornerstone of their new church edifice. The present house of worship of this congregation is located about three miles southeast of Monroeville, and is known as the Schlemmer church.

Some time ago the congregation deemed it advisable to erect a church in the town and upon completion the services will be held there. The old church building will be used as the chapel at the cemetery.

The services at the cornerstone laying will commence at 2 o'clock. Rev. K. Hoffman will speak in the German language and Rev. H. Osterbus in the English language, while the usual ceremonies of a cornerstone laying will be conducted by Rev. H. B. Kohlmeier, of New Haven, who at present has charge of the congregation.

CREATE WILD TUMULT.

Militant Suffragettes Enact Very Stormy Scene in Belfast.

Belfast, July 22.—A crowd of militant suffragettes today created a wild tumult in the assize court and its vicinity when Miss Dorothy Evans, an official of the Belfast branch of the Women's Social and Political union, was brought up for trial on the charge of having in her possession explosives for the purpose of committing a felony. Miss Evans had been arrested in the house of the lord mayor of Belfast.

The suffragettes broke windows and savagely assaulted the police. The disturbance was so great that proceedings had to be suspended for a time.

plement of officers for the marines already at Guantanamo and will remain there to transport the force to Haiti should an emergency arise while the Hancock is away for more troops.

The transport Hancock, which has just landed 300 at Guantanamo, is now headed for the Philadelphia navy yard to return with another load to bring the total force up to at least one thousand.

With these preparations President Wilson's decision as to what action the United States shall take to quell the revolutions in the island republic and satisfy the pressure of European creditors will be awaited.

War and navy officials, confident that peace can be restored on the island only by the active intervention of the United States, are perfecting their plans.

ARRIVES WITH REFUGEES.

San Juan, Porto Rico, July 22.—The United States revenue cutter Algonquin arrived here last night from Puerto Plata, Dominican republic, with 166 refugees, mostly Porto Ricans, on board. One woman died during the voyage from the effects of starvation. The condition of those remaining in Santo Domingo was reported to be pitiable as it was almost impossible to obtain food stuffs, the prices of which were prohibitive. A report was brought here by the Algonquin that an American bluejacket on board the gunboat Machias had been shot in the leg by a bullet from the shore.

NEWS OF FORT WAYNE'S NEIGHBORS

RECALLS A DISAPPEARANCE.

Warsaw, Ind., July 22.—The finding of the skeleton of a man on the Hartzough farm, in the extreme southern part of Kosciusko county, near Rose Hill, recalls the mysterious disappearance in that vicinity of William Lightcap, a timber buyer, thirty-five years ago. Lightcap suddenly dropped from sight and never since has been heard from. The opinion has always persisted in the neighborhood that he was made away with by two nephews by marriage, who were after his money. There never has been any definite proof that he was dead. The skeleton was unearthed from a shallow grave in a gravel pit, where Contractor Jacob Beeter was plowing. The skeleton was much bent in order to force it into the small grave. Coroner Kelly has ordered the burial of the bones.

BARN BURNS; LOSS OF $4,000.

Warsaw, Ind., July 22. A blaze which started at the engine of a thrashing outfit that was at work on the farm of Emanuel Hepler and tenanted by David Beecher, seven miles northeast of Etna Green, caused the destruction of the large barn together with its contents of grain, hay and farming implements and machinery, killing four fine horses and wiped out the thrashing machinery and greatly damaged the engine. The thrashers were just finishing their work when the fire started. All the men about the place had a hard fight to save the residence, which several times caught fire. The total loss is $4,000; partly insured.

FLEE TO KALAMAZOO TO WED.

Kalamazoo, Mich., July 22.—Ralph Taylor, aged 21, and Miss Nellie Chilcote, aged 16, both of Monroeville, Ind., eloped to this city, took out a marriage license and were joined in wedlock.

DIES IN ARMS OF WIFE.

Hartford City, Ind., July 22.—Isaac Tharp, aged 66, a prominent farmer residing a quarter-mile west of Mill Grove, dropped dead in his wife's arms, following an attack of heart trouble. He had been suffering for about two years with heart disease and at midnight was taken suddenly worse. His wife and daughter were massaging him and the daughter stepped for a moment into an adjoining room. Suddenly Mr. Tharp collapsed and died almost instantly in his wife's arms without uttering a word. He was born in Jackson township, this county.

ONION BUYERS LOOK AT CROPS.

Kendallville, Ind., July 22.—During this week the onion buyers from Indianapolis, Fort Wayne, St. Louis, Cleveland and other sections will be quietly making a trip around the onion growing sections of Wolf Lake, Kendallville and other localities, and it looks like the grower will have no trouble in contracting his crop at a very good price this year. White onions are selling from $1.50 to $2.00 a bushel, but the onions of this grade are few. From 10 to 80 cents per bushel has been offered for reds and yellows. The crop in this locality looks very good.

COMPANY DEEPLY IN DEBT.

Portland, Ind., July 22.—Suit for a receiver, alleging that the defendant company is engulfed with an indebtedness of $90,000 or more, was entered in the circuit court by William H. Foster against the Portland Foundry and Machine company, commonly termed the "drop forge" factory. Foster is the owner of six shares of stock, valued at $600 and was the first general manager of the company. He is also plaintiff in other actions that have been pending in court for some time in which he has sought to collect money alleged to be due him for salary and on his stock.

BABE'S NARROW ESCAPE.

Warsaw, Ind., July 22.—Lena, two-year-old daughter of Mr. and Mrs. Fred Haab, residing south of Milford, had a narrow escape from death by drowning when she fell into a tank from which stock is watered. There was about a foot of water in the tank and the little one was entirely submerged and was unconscious when taken out. A physician was summoned from Milford and by hard work respiration was restored. The child had been playing in the yard and wandered to the barnyard and while playing around the tank fell in.

AGENT FOR WELLS COUNTY.

Bluffton, Ind., July 22.—Harry Gray, of Galveston, Cass county, a graduate of the common schools of the state, of Indiana university and of a post-graduate course at Purdue university, has been elected county agent for Wells county by the county board of education, under the provisions of a law of the last legislature, which designs the establishment of systematic agricultural instruction in the county schools. He is 40 years old and the owner of a large farm in Cass county.

FIRST STEP FOR NEW LIBRARY.

Warsaw, Ind., July 22.—The first steps for Warsaw's new Carnegie library were taken when a committee, representing the twelve Women's clubs in this city appeared before the city council and asked for the levying of a small tax for the maintainence and also asked the city to take the present city library. The matter was taken under advisement and was left to the council as a committee of which Mayor Richardson is to act as chairman. It is probable that definite action will be taken in the matter so that the levy can be made in September.

DEKALB'S FIRST NATIVE WOMAN.

Waterloo, Ind., July 22.—Mrs. Rebecca Fretz, the first white child born in DeKalb county, has exercised the right to suffrage. She was born November 1, 1836. Her home is now in Washington, and she is here on a visit. Mrs. Fretz was married in DeKalb county in 1857.

In September, 1879, Mrs. Fretz, with her husband and family, moved to Albany, Mo., where for twenty-four years they engaged in the hotel business. In 1913 they moved to Everett, Wash., where Mr. Fretz died November 23, 1910.

AGED WOMAN IS INJURED.

Auburn, Ind., July 22.—While on her way into the home of her daughter, Mrs. Mary Bishop, in her seventy-third year, fell at the J. W. Smith residence and broke her arm. Mrs. Bishop is seventy-three years old today. She has made her home with her daughter for quite a long time. She started to go into the house when she was stricken by dizziness and fell back on the ground. She was found lying on the ground by Mr. Smith and was assisted into the house.

QUARREL OVER A FUNERAL.

Huntington, Ind., July 22.—Following a bitter quarrel over her sister's funeral Mrs. Newell Finley had her husband arrested by the police, claiming that she was in fear he would take her life. During the afternoon Mrs. Finley had filed suit for divorce. Finley heard of it, drew $500 from the bank, said he did not care a rap about the orders of Judge Cook in the circuit court and was going to leave town. He was locked up.

BREAKS ARM IN TWO PLACES.

Montpelier, Ind., July 22.—While playing at his home Thomas, little son of Edward Walsh and wife, residing on North Washington street, fell and broke his right arm. Medical attention was called and upon examination it was found that both of the bones in the arm were broken. The arm was set and although the break is a bad one and very painful it is thought that the little boy will get along nicely.

MAKING A SOIL SURVEY.

Portland, Ind., July 22.—Prof. A. D Hole, of Earlham college, Richmond, and his student assistants, who are taking the soil survey of Jay county, have advanced in the work to Jackson township, having already completed half of the task. About six weeks will be required to finish securing the data which will form a part of the state geologist's report next year.

TO ABANDON GENEVA OIL FIELD.

Geneva, Ind., July 22.—The Clifton Oil company, which has operated in this field for several years, is preparing to pull out its wells and abandon the oil business in this section. About two years ago the company built a compressor, about three miles from here, and expended nearly $35,000. The plant will probably be shipped to Oklahoma.

REMOVING OLD STEEL BRIDGE.

Portland, Ind., July 22.—The work of removing the old steel bridge spanning the Salamonia river at the South Meridian street intersection in this city, was begun today. The new concrete structure to replace the old viaduct will be started at once. The old bridge is to be removed to a point in Wabash township and reconstructed over the Limber Lost creek near the Leonhard farm.

COLLIDES WITH A DOG.

Bluffton, Ind., July 22.—John Painter received some painful bruises from an accident while riding his motorcycle. He was riding north on Main street at a fair rate of speed when suddenly a dog ran out in front of the machine. Mr. Painter tried to turn the machine to one side, to miss the dog, but was unable to do so and he received a bad fall.

ROANOKE TO PAVE STREETS.

Roanoke, Ind., July 22.—The town council has let a contract for paving thirteen squares of streets, the work to be done in the near future. The C. C. Huffine company, of Frankfort, Ind., was awarded the contract. Among other bidders was the Moellering Construction company, of Fort Wayne.

DRINKS LYE; CHILD IS BURNED.

Kendallville, Ind., July 22.—Arcile, daughter of Mr. and Mrs. Blanchard Butler, residing west of the city, was severely burned about the mouth and stomach as the result of swallowing a quantity of lye.

MONROEVILLE NEWS.

Monroeville, Ind., July 22.—Henry McIntosh was able to return home from the hospital Tuesday morning, and it is now thought that he will be able to see out of the eye that was injured.

Mr. and Mrs. J. L. Thompson and Mrs. Dan Battenberg of Indianapolis spent hospital Tuesday morning and it is now thought that he will be able to see out of the eye that was injured.

Mr. and Mrs. J. L. Thompson and Mrs. Dan Battenberg of Indianapolis spent part of the past week with M. P. Morgan and family.

J. D. Simplot, who lately published a newspaper, at Roanoke will start a semi-weekly paper here in a short time. The paper will be known as the Monroeville Times and will probably be located in the Miller building north of the post-office. Rev. Frakes will be associated with Mr. Simplot in the new venture.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

New Home Treatment for Banishing Hairs

(Beauty Topics)

With the aid of a delatone paste, it is an easy matter for any woman to remove every trace of hair or fuzz from face, neck and arms. Enough of the powdered delatone and water is mixed into a thick paste and spread on the hairy surface for about 2 minutes, then rubbed off and the skin washed. This completely removes the hair, but to avoid disappointment, see that the powder in the original package

THE SENTINEL'S DAILY SCRIPTURE READING.

Acts 26:6-18.

6 And now I stand and am judged for the hope of the promise made of God unto our fathers:

7 Unto which promise our twelve tribes, instantly serving God day and night, hope to come. For which hope's sake, king Agrippa, I am accused of the Jews.

8 Why should it be thought a thing incredible with you, that God should raise the dead?

9 I verily thought with myself, that I ought to do many things contrary to the name of Jesus of Nazareth.

10 Which thing I also did in Jerusalem: and many of the saints did I shut up in prison, having received authority from the chief priests; and when they were put to death, I gave my voice against them.

11 And I punished them oft in every synagogue, and compelled them to blaspheme; and being exceedingly mad against them, I persecuted them even unto strange cities.

12 Whereupon as I went to Damascus with authority and commission from the chief priests,

13 At midday, O king, I saw in the way a light from heaven, above the brightness of the sun, shining round about me and them which journeyed with me.

14 And when we were all fallen to the earth, I heard a voice speaking unto me, and saying in the Hebrew tongue, Saul, Saul, why persecutest thou me? it is hard for thee to kick against the pricks.

15 And I said, Who art thou, Lord? And he said, I am Jesus whom thou persecutest.

16 But rise, and stand upon thy feet: for I have appeared unto thee for this purpose, to make thee a minister and a witness both of these things which thou hast seen, and of those things in the which I will appear unto thee;

17 Delivering thee from the people, and from the Gentiles, unto whom now I send thee.

18 To open their eyes, and to turn them from darkness to light, and from the power of Satan unto God, that they may receive forgiveness of sins, and inheritance among them which are sanctified by faith that is in me.

Federal Aid to Good Roads

Something like $12,550,000 of federal highway bonds will be made available for Indiana if the bill providing for federal aid to good roads which has just been ordered reported by the senate committee on postoffice and post roads becomes a law. The good roads movement now so much in evidence in Indiana and other states has spread to the federal government, but we seriously doubt if there is any real crying necessity for assistance from Uncle Sam in this direction.

The bill provides for the issuance of $500,000,000 of 3 per cent. bonds, not more than $50,000,000 to be issued in one year. The issuance of bonds is not to begin until July 1, 1918. If this provision is accepted the majority will have succeeded in avoiding an immediate drain on the federal treasury or an immediate tax on the credit of the government. States desiring to share in the apportionment must deposit with the federal government state bonds bearing 4 per cent. interest equal in amount to the sum of federal funds which it wishes to employ. The added 1 per cent. interest paid by the state to the federal government is to be allotted to a sinking fund. At the end of fifty years the sinking fund would provide half the redemption money and the state would be called on to meet only half the principal. The apportionment is based equally on land area, population, as shown by the census of 1910, the assessed valuation of property and the total mileage of roads.

It is provided that the bonds of states shall not be accepted if the total outstanding bonds, including the highway securities, exceed 10 per cent. of the assessed valuation of the state. So, while Uncle Sam may be inspired by a certain sort of benevolence in the matter, he is taking no chances on his security. We do not believe the plan is apt to appear attractive to states which, as is the case in Indiana, find no difficulty whatever in floating all the highway bonds they care to issue.

With republican leaders insisting that the progressive party in the Twelfth district has peacefully but certainly disintegrated, and Progressive Chairman Brown, after a whirlwind tour of the district in the bull moosing automobile asserting that the republican party is an entirely negligible quantity; we think the perplexity of the voter over this question is excusable. The one thing certain up to this time is that 1914 is going to be a tough year for some of the political prophets in the Twelfth district.

Congressman McDermott, of Illinois, whose name became entagled in the Mulhall lobbying charges, may or may not have taken a long chance in summarily tendering his resignation and in the same breath asking his loving constituents to re-elect him as a vindication. At any rate, he is positive that the stockyards folk will not mind doing a little favor like that for a friend.

The rolling pin as a weapon in the hands of an irate woman has been one of the stock standbys of the jokesmiths from time immemorial, but it has remained for an Allen county man who has just filed in the local courts complaint for divorce to give the first semblance of plausibility to the ancient legend. He says it really happened to him.

A special session of the Ohio legislature, convened by Governor Cox, completed its work and adjourned in eleven hours. Yet we are told in some quarters that the day of miracles has passed.

While the active canvass for signatures to the convention hall petitions has closed, there is still opportunity for you to affix your name and help the cause along if you've not already done so.

PRESS COMMENT ON SIR WILLIAM OSLER.

All Susceptible.

Albany Knickerbocker Press: "The only value in the announcement of Dr. Osler is to impress upon the world how readily susceptible all of us are to tuberculosis if we do not get plenty of fresh air, sunlight and proper exercise."

The Fiftieth Birthday.

Cleveland Leader: "Dr. Osler says everybody has tuberculosis. Now we won't be put to the trouble of chloroforming everybody as soon as he reaches his fiftieth birthday."

Not Alarming.

Baltimore American: "As very many persons carry about with them diphtheretic, scarlet fever and other germs without the disease becoming active or in most instances dangerous to others, the addition of tuberculosis to the list need not be alarming."

The Loveliest Thoughts.

New York Evening Telegram: "Sir William Osler, regis professor of medicine at Oxford university—old Chief Turn-on-the-Gas-When-You're-Fifty — says 90 per cent. of us are tuberculous. That man certainly does have the loveliest thoughts."

Old Idea Doomed.

Baltimore Sun: "The old idea that the man who develops a case of consumption is doomed is no longer tenable."

Another Try.

Washington Star: "Evidently the doctor is making another try for the pessimist championship."

Interesting Suggestion.

Rochester Post-Express: "Dr. Osler, whose interesting suggestion that people might well be chloroformed when they come to the age of sixty attracted some attention a few years since, appears to take delight in startling the world."

IMPROVING BUSINESS.

(Indianapolis News.)

Business at last actually seems to have taken an upward turn. Word comes from Cincinnati that most of the big shoe factories are running full time and up to full capacity. One of the manufacturers says that "the outlook for a general improvement in business all over the country is very bright," and that he is unable to "see anything else to it but a big improvement in business for the coming year." In New York there is a much more cheerful feeling, due to big crops and cheap money. Even in steel there has been an improvement this month over the better conditions that prevailed in June. The mills expect to continue to operate at 65 per cent.. of their capacity instead of greatly reducing output, as they usually do in July.

The railroads are in the market for cars, locomotives and rails, and it is believed that this demand will increase. There can be no doubt as to the existence of a better and more hopeful feeling. It would be foolish to pretend that the depression has disappeared. But it would be quite as foolish not to recognize the better conditions. Of course the enormous crops are the most important factor. The pouring of this vast amount of wealth into the channels of trade can not but have a stimulating effect.

We think further that the optimism of the west, which is the first section to feel the effect of the crops, will influence —indeed has already influenced—the east. It is significant that even those who might be thought to have a selfish political interest in magnifying depressing influences are now, many of them, talking prosperity. The country has a considerable distance to travel yet, but it really begins to look as though it were on the way. Fundamental conditions are undoubtedly sound, and when prosperity does come it will rest on a firm foundation.

DIVORCE WRECKS A HERO WEDDING

Kathryn Williams, Noted Movie Star, Appeals to the Courts.

Los Angeles, July 21.—Kathryn Williams, noted motion picture actress, who appeared in the film dramatization of Rex Beach's famous novel, "The Spoilers," will take the leading role in a one-reel feature of real life that is scheduled for one production in the divorce court here, when her separation suit comes to trial soon.

KATHRYN WILLIAMS.

She charges her husband, F. R. Allen, with desertion. They were married in 1913 and lived together three months.

The wedding was the outcome of a heroic romance, in which Allen, also an actor, saved her life when a big elephant which she was riding stampeded the whole herd and Miss Williams was thrown when the brute ran through a board fence. Allen was playing in the same skit and rushed to her rescue. She suffered internal injuries, but recovered and the wedding followed.

Miss Williams' work in the movies has been largely with wild animals.

She asks for alimony and the custody of her 9-year-old boy by a former marriage.

MOTOR TO CHICAGO.

Messrs. Stouder and Barnett Will Purchase Scenery for Theater.

Frank E. Souder and B. H. Barnett, who are building the new Kieth vaudeville theater on Washington boulevard east, motored to Chicago Tuesday afternoon and will remain in the windy city for several days on business. Among other things, they intend to complete the purchase of new scenery for their theater and select patterns to be designed for stage drops and other settings.

WAS SLIGHTLY INJURED.

Mrs. William Miller, of South Hanna street, sustained slight injuries to her arm Wednesday morning when she figuhed in a runaway on South Fairfield avenue, close to the Weber drug store. The horse which she was driving became frightened by a passing freight at the Pennsylvania elevation and when she saw that she could not stop the frightened animal she jumped from the buggy, luckily alighting on her feet. The only injury she sustained was a slight cut on her right arm. The horse was caught on Creighton avenue, after it had broken loose from the buggy.

Paul Trier, jr., is at Kalamazoo on business.

HELD UNDER SURVEILLANCE.

What to Do With Men Ordered Deported Puzzles Mexican Officials.

Augua Prieta, Sonora, July 22.—Twenty or more leaders ordered deported from Cananea because of alleged [illegible] at the strike at the Cananea Copper company, are held here under surveillance while the officials are at a loss where to send them. The men and their families were refused admission to the United States by the immigration authorities when they were taken to Nacos. They were brought here to be held until the problem of their destination is solved.

Rumors that the men might be executed are not credited here because of public sentiment.

WAR AGAINST ARMY WORM.

Pest Ridden Sections of Pittsburg Attacked by Chemicals.

Pittsburg, Pa., July 22.—The campaign against the army worm began here in earnest today when park employes and others attacked pest ridden sections of the city with chemicals. Mrs. G. W. Chase, wife of the superintendent of grounds at the University of Pittsburg, saved the lawns and shrubbery there by suggesting the use of lead arsenate after members of the faculty had tried in vain every chemical solution with which they were familiar. Much damage has already been done to lawns and trees in all parts of the city but horticulturists today expressed the belief that a general attack would drive the worm away.

MUCH GOLD ARRIVES.

Total of $800,000 in Bullion From Alaska Reaches Seattle.

Seattle, Wash., July 22.—Eight hundred thousand dollars in gold bullion, the largest consignment received from the north this year was brought from Nome, Alaska, by the steamer Victoria, which arrived yesterday. The Victoria also had $750,000 worth of furs.

According to a recent issue of the Statist (London), British capital invested in Mexico at the end of 1913, exclusive of a large amount of private capital, aggregated $481,875,950.

CROWDS GREET PIZARO

GAZE WITH AWE ON MARVELOUS WORK—DEAF, RHEUMATIC AND CRIPPLED RELIEVED BEFORE CROWDS' VERY EYES.

Free Concert Big Success—Another Lecture and Entertainment Given Tonight—Office at 215 West Berry Street Crowded Daily.

Pizaro, the much-tlked-of man opened his first series of lectures and free concerts last night on the lot, corner South Calhoun and Creighton avenue. It is estimated that three thousand people turned out to see and hear this man. The crowd was more than pleased as one could tell by the expression on their faces. Pizaro is an interesting talker and holds his audience spellbound. Pizaro claims stomach trouble is an epidemic in all cities and causes most all ailments of the human family. He also claims that no man, woman or child can be sick with a healthy digestive apparatus. Pizaro called for people who were suffering from stiff arms, deafness, rheumatism, etc., to come upon the platform and test the healing power of his new discovery.

Marvelous Work Done.

In response to his liberal offer Mr. E. H. Barlow came upon the platform and stated that he has been troubled with lame back and rheumatism for several years and a constant pain in the back for four years. Pizaro produced a peculiar looking medicine and had his physician in charge to apply the remedy to Mr. Barlow's back. In less than three minutes Mr. Barlow stated that the terrible pain had left him.

More Proof.

Mrs. Harry Marshall, 136 East Lawrence street, Mishawaka, stated that for years she was a victim to stomach trouble in its worst form, causing vertigo and dizzy spells. "Hot and cold flashes would come over me and at times I would feel like fainting, my stomach would bloat, food soured and fermented. Headache? I was discouraged until I heard Pizaro talk, and then and there I made up my mind to try Pizaro's preparation. Well, to make a long story short, after using Pizaro's remedy I am cured sound and well and I can cheerfully recommend his remedy to all who suffer.

It is said that Pizaro brings hundreds of testimonials from South Bend, Mishawaka, Laporte and Hammond, Indiana, and it is said that his remedy has removed over two thousand monster tape worms in the last three months from prominent people in the state of Indiana.

PIZARO'S DOCTOR.

Pizaro has made arrangements for the public to call daily at the headquarters, 215 West Berry St. Pizaro's physician in charge will give free examinations and consultations to all who call between the hours of 9 to 12, mornings, 1 to 4 afternoons. Open evenings from 7 to 8.

ARRESTED FOR EMBEZZLEMENT

J. L. Lewis, General Agent of Casualty Company, Held for $391.

James L. Lewis, 2403 John street, general agent for the National Casualty company, with offices in 511-12 Shoaff building, was arrested at 9 o'clock Wednesday morning by Detective Sergeants W. F. Pappert and Charles Spillner on an affidavit sworn to by Horace L. Curtis, an auditor for the company, and charging the embezzlement of $391.71. The arrest was made at the company's offices. It is said that a checking up of Lewis' accounts revealed the shortage complained of in the affidavit. Lewis stated at police headquarters that the shortage was merely a matter of accounts and that he hac expected to be able to adjust the matter last Saturday and would yet be able to do so. He accompanied the officers to the station without protest, listened to the reading of the warrant and at once set about an effort to get bond, which Judge Kerr, of the city court, said would be fixed at $500. The National Casualty company writes accident and similar insurance policies.

NEWS OF THE CITY COURT.

Man With One Arm and One Leg Up for Assault and Battery.

Oscar Foster, who is shy his right arm and his right leg was arraigned in the city court on a charge of assault and battery preferred by Bill Overly, who said he had been man-handled by Oscar, following a quarrel over the deal that involved possession of a horse that, from accounts, was hardly worth the trouble he brewed. Overly sold Foster the horse and Foster went to some expense to have the animal repaired to a state of practical efficiency as a beast of burden. Then Overly wanted the horse back and Foster wanted compensation for boarding the beast, besides reimbursement for money expended in physical betterments. The result was a quarrel and a fight. Overly is older than Foster, but has a complete normal equipment of extremities. Nevertheless, he appears to have fared badly in the encounter. Judge Kerr entered an indefinite continuance of the case against Foster on condition that he let Overly have the horse and not attempt to do anything more to Overly.

"All right; but he'd better keep away. I'll take care of anybody I can get to with my right hand," warned Foster, who was in turn warned by the court to make no threats.

McDevitt Draws a Fine.

Jim McDevitt, 1353 Guthrie street, is acquiring a deserved fame for staging the wildest souses in the city and after hearing the police version of Jim's diversions about midnight Tuesday night at the corner of Taylor and Nelson streets, Judge Kerr soaked him $5 and costs. Jim didn't deny that he had cut loose to some extent. When Officers Hall, Fry and Buuck reached the theater of the disturbance eight men were trying to hold James on the ground. They thought he was suffering with a fatal seizure of some sort, but the police squad doped his malady instantly and tossed him into the wagon and carted him to headquarters.

Father Charges Son With Burglary.

Charles W. Sandmeyer, 2418 Thompson avenue, appeared in the city court Wednesday morning and swore to an affidavit charging his son, Dewey, aged 15, with entering a house to commit a felony. The boy has been in trouble before. The affidavit charges that he entered the house of one Weaver and committed a robbery. The Weavers were absent at the time. Because Judge Eggeman, of the Allen circuit court, is absent from the city and the juvenile court will not convene for some time, it was asked by Probation Officer Work that Sandmeyer take his son home and keep him. This the father refused to do, saying he did not want the lad about. The boy will be sent to a farm near Columbia City for a time, in the hope that it will do him good. At all events it will prevent necessity to lock him up in the Allen county jail.

Other City Court Cases.

"Beans" Crawford, a police court fixture, was sent to jail for eleven days on a drunk charge. He was arrested at the instance of his mother.

Ed W. Williams, arrested Saturday in a saloon near the circus grounds and charged with drunkenness, pleaded guilty and paid a fine of $1 and costs. When arrested by Detective Sergeant Joseph Brennan the man was diligently cultivating the confidence of an old man who made a noise like money.

William Butt, the negro porter charged with assault and battery by William Bedford, a pie merchant, was continued indefinitely. The negro has good repute for minding his own business.

Eldon Beal was held on a fugitive warrant to await the arrival of officers from Fostoria, Ohio, where he is wanted on a charge of committing a criminal assault on Daisy Hawk, a girl under 17. Beal was employed by the Maumee dairy here.

NOTES OF THE POLICE.

Chief of Police Lenz on Tuesday received from Detective Clark, of the Barnum & Bailey circus, $45 with which to pay the fines of Harry White and Thomas Smith, colored attaches of the circus, fined Monday in the city court for gambling, and to purchase them tickets to join the circus at Streater, Ill. The men at first were charged with highway robbery by Albert Heider, who was drunk and got into a one-sided crap game with the negroes.

Captain Richard Kelly, night commandant of police, is taking his vacation at Shriner lake, where, with his family and J. B. McKim, a ten-day outing will be enjoyed.

Queer Find in Case of Wabash Girl Killed By Automobile.

Wabash, Ind., July 22.—An examination made yesterday afternoon following the death earlier in the day of Ma[illegible] Tillman, 15 years old, daughter [illegible] fact that her heart was on the right side and that her liver was on the left side.

The girl died four hours after she had been struck by an automobile driven by Luther Tilman, 15 years old. The girl had just stepped from a street car when hit by the automobile.

LOCAL DRIVER HITS GIRL.

Man Named Stevens in Auto Accident Near Peru.

Peru newspapers give space to an automobile accident in which they say a man named Stevens, saying his home is in Fort Wayne, struck a buggy Sunday with his automobile and in the crash injured Elizabeth Yike, 16, of Mexico, and Ethel Jones, 18, of New Waverly. Miss Yike was rendered unconscious and after being taken to New Waverly, it was discovered that the automobile had run over her near the shoulder.

At New Waverly Stevens made a statement that he was en route from Fort Wayne to Logansport. The machine he was driving, he said, was borrowed. As the injured girl regained consciousness after two hours of heroic work on the part of friends and physicians, the luckless driver was allowed to proceed to Logansport on his own recognizance.

BIG SHIPMENT OF SUGAR.

Yesterday's Receipts at Philadelphia Breaks Record.

Philadelphia, Pa., July 22.—A total of 43,400,600 pounds of sugar, the greatest amount ever received here in one day, arrived at this port yesterday on three vessels, one from Hawaii and two from Cuba.

More than half the total quantity was received on the Hawaiian vessel.

MR. MOYNIHAN IS SLATED.

Fort Wayne Editor Will be Given Panama Appointment.

Washington, July 22.—Andrew J. Moynihan, of Fort Wayne, is slated to succeed David Marks, of Wabash, as a member of the Panama canal commission to adjudicate civil claims in the canal zone. His appointment will be indorsed by the Indiana senators. Other candidates for the position are Andrew M. Sweeney and Jerome Herff, of Indianapolis. The position pays $25 a day and expenses and the tenure of office is indefinite.

"I am not responsible for all I say speaking politically," is part of a statement made on oath some years ago by a Canadian provincial minister, under cross-examination.

Summit City lodge No. 2, Degree of Honor, will meet Thursday afternoon at the home of Mrs. Tillie Weltrick, 435 East [illegible] street. All members have been notified to attend.

FORT WAYNE TO FEATURE SHOW.

Elks' Band Engaged for Big Event at Defiance, Ohio.

The Elks band of this city has been engaged by the Defiance, Ohio, Lodge of Elks, to open their big celebration of home coming week, at Defiance, Ohio, commencing Monday, August 3rd.

The Fort Wayne lodge of Elks are arranging for a special train over the Wabash to go to Defiance on the opening day, August 3rd, and invites all persons, whether Elks or not, who have relatives and friends in Defiance, to join them, and go on the special train with the band, at a very reduced fare. This offers fine opportunity for those interested to visit their friends, and also go with a bunch of jolly good fellows and their families (for the ladies are also invited), and enjoy the time of their lives. L. A. Worch has charge of the sale of the railroad tickets.

"I am having my goods shipped to a false name, as I do not want Fort Wayne merchants to know that I went out of town to buy. You must therefore send me a copy of the shipping receipt, so that I can claim my goods at the railroad office."

This is an extract from a letter of a woman in this city ordering goods of a mail order house. She must at least be given the credit of knowing that she was not doing a creditable thing.

Upon exactly the same article of Furniture we will guarantee our customers a saving of at least 10 per cent, over out-of-town houses.

CELEBRATING ANNIVERSARY.

Meyer Drug Company Has Been in Business in This City for 62 Years.

The Meyer drug stores, four in number, are celebrating the sixty-second anniversary of the birth of the business this week. In commemoration of this fact each of the four stores is conducting a great reduction sale on all goods in their stores.

In the days when there were no railways through these regions the newspapers of this city besides other announcements oftentimes announced the card bearing the name of the Wall & Meyer drug store. There were other pharmacist shops at that time but this one was destined to outgrow all others. Later the firm changed to Meyer & Bro., and they started to build a solid foundation of honesty and integrity which undoubtedly is the reason for their great success of today.

In those days when Fort Wayne was small, this place of business was called an apothecary shop and only dealt in drugs and old fashioned remedies. At the present time besides a full line of drugs the firm now handles all kinds of toilet preparations and also all the Rexall remedies. The soda fountain business is also one of its features. Especially is this true of the uptown stores.

Bobay—Hergenroether.

Miss Viola Hergenroether and Mr. Ambrose J. Bobay were married in the presence of immediate relatives on Tuesday morning, at 9 o'clock in St. Mary's Catholic church. Mgr. J. H. Oechtering celebrated the nuptial mass. Miss Valette Roussel and Mr. Edward Hergenroether were bridesmaid and groomsman. The bride looked very stylish and attractive in a beautiful costume of which her gown was of embroidered voile hung over pink silk. The bride wore a black velvet hat of newest design and caarried a bouquet of bride roses. After the wedding service the bridal party was served a breakfast at the home of the bride's parents, Mr. and Mrs. J. R. Hergenroether, 1414 Maumee avenue. An informal reception was held during the day and many friends of this popular young couple called to offer hearty congratulations and many wishes for future happiness. The breakfast table was decorated with white roses and ferns. Garden flowers decorated the other rooms. The latter part of this week the bridal couple will start on a western trip and on their return will begin housekeeping at 554 Kinnaird avenue. Mr. Bobay is a clerk in the Walkover shoe store.

Richard—Puff.

Miss Emma Puff, daughter of Mrs. Wilhelmina Puff, of Grant avenue, and Mr. Albert G. Richard, telegraph operator for the Postal company, were married in Hillsdale, Mich., on Monday. Mr. Richard left the city, stating Chicago as his destination, but as Miss Puff also took a quiet leave for Hillsdale, the report got about and was later confirmed that the two were married in the Michigan city.

Summer Girl in Wintry Garb

Furs and summer zephyrs is one of the curious combinations made this summer by Dame Fashion.

Many of the motor coats worn over summer frocks have big, wintry fur collars, which are very becoming though, perhaps, not quite comfortable on a warm evening.

Plaid Bolero for Schoolgirl's Dress

A smart little bolera of plaid ratine is one of the brown-up fashions Miss TwelveYear-Old has appropriated to herself this summer.

The frock itself is made of white ratine, and with round collar and half sleeves it is simple and prettily girlish notwithstanding the bolera. A belt of plaid ratine is an effective finish for this pretty little dress.

THE FRENCH WOMAN'S ECONOMY.

The average French woman, though she may be, and usually is, admirably dressed, is a consummate economist, and practices her principles with respect to her clothes, as in every other direction. That does not mean that she buys cheap things; but she never spends money haphazard, and always tries to get the very best value for it, which is the basis of true economy. Also her expenditure in hard cash is small in comparison with the thought, time and work she bestows on her raiment; for she is nearly always an exquisite needlewoman, an adept at making, mending and remodeling dainty garments, and the accessories that are so important to the tout ensemble.

There are two sides to this question of extravagance also, as to all others. The woman who spends a generous amount on her clothes—always supposing her income justifies that expenditure— may be serving humanity far better than if she gave large sums to so-called charities and garbed herself in the modern equivalent of sackcloth. For she is providing work for wage earners, and that is one of the best forms of altruism. Whereas there are women of generous impulses who will give lavishly to charities, and keep their unfortunate dressmakers and milliners waiting an unconscionable time for payment of their accounts.

GRACEFUL LINES.

It is pleasant to observe how fashion tends more and more to the return of the normal waist and the more graceful lines that follow it. Another better tendency is the mode of two material gowns, instead of those composed of three or even four different fabrics. A satin skirt is worn with a tunic in the same color in patterned foulard, frilled round the open neck, and short sleeves with satin like that in the skirt. A belt of similar satin confines the double frill tunic about the waist. Another outdoor gown is in navy blue taffeta, with accordeon pleated tunic in crepe to match, edged with a wide band of soft white taffeta, a line of the same bordering the neck opening.

Quite new is a little suit for a small boy, the short knickers of pale or dark blue serge or linen, buttoned on to the well fitting white shirt, which may be either of soft finished pique or silk, supplied with a detachable collar to match the knickers. Or the collar may match the shirt and be embroidered with the color.

FASHION FADS.

Veils are worn rather more this year than last, but they are very thin and inoffensive. Most of them are without spots or patterns, and of a fine single-thread mesh. The harem veils are not much in evidence.

Unquestionably the dancing craze has widened the skirt, just as also the same craze was the reason for the slit gaining such popularity. The slit was a necessity, and now that it has done its duty, we are discarding it and widening the skirt, since both here and abroad the world and his wife are dancing.

* * *

Bags made of squares of Irish lace, gold or gray, are also very recherches These are lined with taffeta and mounted on those precious clasps only to be found in curiosity shops.

* * *

Despite the blaze of color that meets the eye in every direction, the most striking gowns are of black and white.

* * *

The Roman stripe materials are smartest when green and blue predominate.

IN THE CHURCHES

THIRD OPEN AIR MASS MEETING

Program is Announced for Gathering at Swinney Park, August 9.

The devotional committee of the Associated Christian Workers of Fort Wayne, Miss Ina Maxwell chairman, has completed the program for the third open air mass meeting of the association to be held at Swinney park on Sunday afternoon, August 9, at 4 o'clock.

The program as announced Wednesday morning is as follows:

Devotionals—Led by Miss Iona Easley.
Song Service from 4 to 4:15.
Selection—By A. C. W. quartet.
Address—"Mission Work That Young People Can Do"—Leader to be chosen.
"The Appeal of Missions to Young People"—Mae Covington.
Song—By Assemblage.
Mizpah Benediction.

In case of bad weather this mass meeting will be held at the Bethany Presbyterian church, corner of Boone and Fry streets. These meetings are public and anyone who wishes to attend is welcome.

The executive committee of the association will meet next Tuesday evening at 6:30 o'clock at Lakeside park in regular monthly session. Some very important matters are to be discussed and it is urged that every member be present. In case of bad weather the meeting will be held at the Crescent Avenue Evangelical church, only a short distance from the park.

The social committee chairman, Emil Koenig, has received reports from various societies that the tickets for the trolley ride to be given under the auspices of the association on Tuesday evening, August 4, are selling fast and it is thought that almost five hundred people will partake of this jolly time which will include a long ride and terminate in a social time at Foster park.

FIFTY WILL BE INITIATED.

Seventeenth Anniversary of Branch 370. L. C. B. A. will Be Observed Thursday.

At the celebration of the seventeenth anniversary of branch 370, Ladies Catholic Benevolent association, to be held Thursday evening at the St. Patrick's lyceum, fifty candidates will be initiated into the association. The degree work will be put on by the team of the branch 370 and the other three branches will assist.

The other branches will be the guests of branch 370, and a special program has been arranged. Father J. F. Delaney has been asked to address the gathering and Father Nicholas Keller and Rev. John Bennett will also give talks. The affair will be an extensive one, and it is thought that a large crowd will be present.

* * *

Arrangements Completed.

Arrangements for the ice cream social and musical festival to be given Wednesday evening, July 22, by the Olympic club of the St. Peter's Catholic church have been completed and everything is in readiness for the affair. A large crowd which it is expected will be present. The affair will be given on St. Martin's street between Hanna and Warsaw streets. An orchestra of nine pieces will furnish the music for the occasion.

* * *

B. O. P. Girls Enjoy Party.

Members of the Bells of Primrose, a Sunday school class of the First M. E. church, were entertained Tuesday evening at a porch party at the home of Miss Junetta Schoch, of West Third street. During the evening talks were given on the work that they are doing in the church.

CONSULT A SPECIALIST

WHO HAS TREATED MEN'S DISEASES FOR EIGHTEEN YEARS

THE DOCTOR YOU KNOW

DR. C. S. FERRIS.

WHOSE FEES IN UNCOMPLICATED CASES ARE $5 TO $15.00

I do not care to enlist the attention of the casual reader, but I invite the earnest consideration of MEN ONLY, and only such men as are afflicted with DISEASES PECULIAR TO MEN. These diseases alone constitute my specialty. I treat nothing else. I invite, in particular, the worst cases, because it requires expert skill to combat and conquer those cases. I am daily satisfying men who, when they came to me, said: "I have no hope of ever being restored." If you are afflicted with BLOOD DISEASE, NERVOUS and VITAL DECLINE, PILES, KIDNEY, BLADDER and PROSTATIC DISEASES, VARICOSE VEINS, OR ANY DISEASE PECULIAR TO MEN, consult me at once. I make no charge for examination or consultation, but will give you an honest and candid opinion of your case, which may save you time and worry, suffering and money.

FORT WAYNE MAN ROBBED AT DENVER

Now Frank J. Morches Says Even Pickpockets Are Honest.

Attending the national convention of Elks at Denver, Frank J. Morches, of this city, was robbed of a wallet last week while watching the parade. Concerning the affair the Denver Post says:

Whether it was an aching conscience or the consciousness that he had gotten hold of something that he could not dispose of to advantage matters not, but the fact is that one pickpocket, who had looted the person of Frank J. Morches, a Fort Wayne, Ind., business man, of the return portion of four round trip tickets, made restitution by way of one of Uncle Sam's mail boxes, and the man from the Hoosier state was able to leave the city without cherishing a grudge, and also without paying four full fares to his home town.

Morches was standing in one of the street crowds on Thursday, watching the parade of the Elks, when he noticed that two men in front of him were acting suspiciously, while another in the rear was inclined to push. When the twain in front began to jostle him, Morches objected, and they moved away. Unknown to their victim, one of the men had "lifted" a bill book containing the tickets for himself and family, a membership card in the Moose and a few personal cards. Not until night came did Morches discover that he had been "touched." Then he advertised for the return of the book and tickets, offered a reward for the latter.

Late that evening one of the collectors of mail found the four tickets in a mail box and turned them in. The head of the delivery department, who received the tickets, notified Chief Clerk Johnson, of the Burlington passenger department. On Friday evening Morches reported his loss to Johnson, and was directed to the postoffice, where he recovered his property. Then believing that the best way to save his tickets was to use them, he and his family started on their return trip to Indiana.

THE SENTINEL'S LIVE SPORTS CRISP RELIABLE

TOOK ONE GAME OF THE SERIES

Terre Haute Won Tuesday's Game by Ninth Inning Rally.

Terre Haute took one game of the series of four played at home with the Fort Wayne team when they bested the Billikens in the last game, winning by a count of 4 to 3. The winning run was acquired in the ninth inning when Sheehan singled and Vann drove one to the left field fence for two bases, scoring Sheehan from first.

Cramer and Nehf each had a bad inning in the second when two runs were scored off them. Wildness of the pitchers accounted for all the runs in the game with the exception of the one in the ninth.

Smith opened the game with a clean hit to left center but was thrown out when he attempted to steal second. In the second inning the Billikins got to Nehf for four clean hits, enough to score two runs. Streeter forced Bratchi, who, as did Brant, got on by scratches. Beyers singled, scoring Brant. Another safety by Nespo sent Streeter home, and then with two on bases, Cramer was a victim by the strikeout route and Smith flied to Spair.

In the same inning the Terriers scored two runs. Davis singled, Anderson doubled, scoring Davis, Nehf singled and Anderson scored on a long sacrifice fly by Gray. Nespo opened the ninth inning for Fort Wayne with a single but was forced at second by Smith after Cramer fanned. McLafferty was caught at first, retiring the side. The score:

BUT THE SCOUT GOT AWAY.

Georgia Contract Labor Law Again Invoked Against Federals.

Waycross, Ga., July 22.—The Georgia contract labor law was invoked late yesterday for the second time against the Federal league, when warants were issued here for a man said to be a scout for the independent organization, who during the day conferred with players of the Valdosta and Waycross teams of the Georgia State league. The warrants charge him with "inticing" laborers under contract and were issued at the request of President James Sinclair, of the league. The man left the city before the warrants could be served. His name was not made public.

Last spring Manager George Stallings, of the Boston Nationals, invoked this law against a Federal league emissary, who talked with Boston players while that team was in Macon.

SERVICE

An old word has come to have a new meaning.

To "enter service" used to be a matter of reproach.

Today "service" stands at the head of privilege and duty. He does best who serves best and he who serves most deserves most.

It's just the same with a bank. The real test is the service which it renders.

We aim to serve our customers and the community a little better than the average. Our Savings Department is a case in point.

It pays 4% on your savings and surrounds them with all the safeguards of a National Bank.

RECORDS FALL AT CLEVELAND

Harness Race Performances Set Some New Marks in Turf World.

Cleveland, O., July 22.—Records fell right and left at the second day of the grand circuit harness races at North Randall track yesterday. In the first heat of the 2:05 pace, Dr. Burns, jr., forced William, champion three-year-old pacer of 1913, to a mark of 2:02, which is a record for a four-year-old pacer. William did the second heat in 2:02¾. The two heats are the fastest ever paced by a four-year-old or by a stallion.

In the third and final heat of the Ohio stake the day's classic, Star Winter established a new mark of 2:05 for the event and also trotted the fastest mile of the year on any track.

Lee Axworthy captured the Fasig three-year-old trot, 2:12 class, in two straight heats. The final heats done in 2:08 and the first in 2:08¾, the fastest heat, and two heats the event was ever run in.

Aside from the setting of new marks, the chief excitement of the day came with the first race for 2:15 trotters. The other events were all captured in straight heats, but in the first race, after Sterling Hall had won the first heat, Duchess finishing fourth, Duchess took the nevt three with little trouble. KRAFT GOES TO JOIN NEWARK.

Player Whose Action Came Near Causing Strike Is Pleased.

New York, July 22.—Clarence O. Kraft, the baseball player, whose refusal to go to Nashville almost caused a strike of major league ball players, left Newark last night to join the Newark team in Providence, and will in all probability be in the game today. The strike was averted yesterday when Charles H. Ebbetts, of the Brooklyns, paid the Nashville club $2,500 for its claim to Kraft.

"I am glad the case has been settled," Kraft said, just before his departure, "and I will try to show the fraternity members that I appreciate what has been done for me and also to Mr. Ebbetts for his part in settling the affair."

TEN ROUNDS TO A DRAW.

Dillon and Knockout Brown Tie It Up at Terre Haute.

Terre Haute, Ind., July 22—Jack Dillon, of Indianapolis, and George (Knockout) Brown, of Chicago, boxed ten rounds to a draw here tonight. Dillon appeared ten pounds over weight, although the fight was announced for the middleweight championship.

In the third round Brown's manager claimed a foul. The police had difficulty in restoring order so the fight could proceed.

KIRBY GOES TO ST. LOUIS.

Mobile Southern Association Man Gets $4,000 Bonus from Feds.

Mobile, Ala., July 22—Larue Kirby, who has been playing in the outfield for Mobile of the Southern association, will leave here today to join the St. Louis club of the Federal league. Kirby yesterday signed a Federal league contract, receiving a bonus said to have been $4,000.

The building committee of Loyal Order of Moose, No. 200, submitted a sealed report to the trustees at the regular meeting Tuesday night.

Woman's Duty to Herself.

Every woman owes it to herself to keep in good health. No one can reasonably be expected to maintain a cheerful disposition when half sick. Indigestion and constipation are two of the most common ills to which women are subject and fortunately are easily cured. Mrs. H. C. Getty, Indiana, Pa., writes, "Last summer I was advised by a friend to try Chamberlain's Tablets for indigestion and constipation. This medicine not only cured me of these disorders but toned up my whole system so that my health has been better than for years since taking them." For sale by all dealers.

PROTESTED GAME TO BE REPLAYED

President Heilbroner Gives Decision in Rapids Affair.

In rendering a decision in the protested game of July 8 between Grand Rapids and Evansville, President Louis Heilbroner, of the Central league, finds that the evidence clearly shows that the umpire erred in taking the advice of an outsider prior to rendering his decision as to whether the ball batted down to third base line was fair or foul. The game is accordingly thrown out of the records and ordered replayed.

Locals Look Good.

Statistics compiled on games and players with other records of the Central league teams gives Fort Wayne and Terre Haute each one tie game. Other interesting figures follow:

SHOP AND RAILROAD NEWS

INSPECTORS MUST SHOW EFFICIENCY

Expert Boilermakers of the Pennsy Northwest System Here for Test.

Boiler inspectors from nearly every shop and roundhouse on the Pennsylvania Northwest system are here being tested for efficiency, particularly in stay bolt inspection work. The tests are being made in the Pennsylvania shops, where engine 9203, of the B-29 type, has been fitted up for the work. B. F. Sarver, foreman of the boiler department of the western division, and W. J. Murphy, boiler foreman at Allegheny, are making notes of the operations of the inspectors, all of whom are experts in that line of work. The tests began this morning and may continue until tomorrow night. Participating in them are W. F. Kramer, A. B. Crill, C. H. Guenther, D. C. Keefe and J. A. Reidt, Fort Wayne; W. F. Darling, P. J. Conley, H. Boehrman, E. A. Henning, W. N. Whitfield and Julius Drill, Chicago; G. W. Daniels and T. R. Moore, Wellsville; S. J. Mally and J. J. Bicker, Mansfield; F. J. Culbertson, W. F. McHugh, J. Corkill and L. O. Flaugh, Cleveland; B. J. Martin, Mahoningtown; J. S. Byers, Allegheny, D. H. Rowe, Youngstown; William Smith, Conway; Adam Cryanski, Erie; H. Leppert and J. E. Zellers, Crestline; E. T. Davis, Alliance, and Daniel Hennessy, Ashtabula.

CEDAR POINT EXCURSION.

Demand for Tickets Indicates That Crowd Will Be Large.

Robert Bartels, chairman of the excursion committee of the Mutual Benefit association of the Fort Wayne Electric works, is jubilant over the prospects for a successful excursion. Nothing short of 2,500 people in the party will satisfy Mr. Bartels and he believes that point will be passed. So do the Lake Shore railway officials, for they have ordered over forty cars for the occasion and will make them up in four trains, which will leave Fort Wayne 5:30, 5:45, 6:00 and 6:30 o'clock next Saturday morning. Returning these trains will leave the Sandusky docks at 6, 7, 9 and 11 o'clock Saturday evening. Arrangements have been made with the Traction company to have street cars start from the end of all but the Hoffman street and Driving park lines at 4:45 in the morning, thus giving excursionists opportunity to get to the Lake Shore depot in ample time for all trains. Tickets have been placed on sale in a number of business houses, where people can get them in advance and avoid the rush at the depot.

THE HUMAN RAILROAD.

Writing for the New York American, Elbert Hubbard states some facts in his characteristic way that will be interesting to the readers. Under the title of "The Human Railroad," Mr. Hubbard says:

"History is mostly a record of fights. Business is a record of boosts.

"Business builds, constructs, enlarges, bridges the rivers, tunnels the mountains. Business sets people to work and pays them what they are worth.

"The big railroad man takes out the seventy-pound steel and puts in one hundred: he creosotes the ties, paints the station, replaces wooden platforms, with brick pavements, tears down old structures and builds better, replaces wood with steel, and steel with concrete; replaces dirt with cinders, and cinders with stone ballast.

"He gives opportunity to the laborer, encourages genius, helps initiative, joins hands with the inventor, co-operates with the farmers, works for better schools, for school gardens, for playgrounds, good roads, concrete sidewalks, removes the rubbish, plants trees, shrubbery, flowers, waters the waste places, drains the swamps, knows what the factory men and the business men are all doing along the line; gets in touch with them, clasps hands with them, eats with them, laughs with them, talks with them, advises with them knows their wants and sympathizes with them in their problems; settles contentions, and settles them rightly.

"The railroad is a citizen of every town, city, village or township through which it passes.

"It is a taxpayer, and it is interested in everything that makes for human happiness and betterment. Nothing that is human is alien to it. Treat it well."

SETTLING WITH OFFICIALS.

C.T. Matott, representing the Order of Railway Conductors, and R. E. Nulf, representing the Brotherhood of Railway Trainmen, are in Pittsburg with representatives of other divisions of the Pennsylvania lines west of Pittsburg in conference with the railway officials with a view of closing up matters connected with the increased pay granted the train employes by the arbitration board some months ago. All the trainmen except those in the through freight service received their increase and back pay months ago, but because of some misunderstanding, the through freight conductors and brakemen have not yet received the amounts due them. ANOTHER GAME SATURDAY.

Encouraged by its victory over the receiving department team last Saturday, the store room boys at the Fort Wayne Electric works are going to meet other teams on the diamond. Next Saturday afternoon they will play the Fort Wayne Drug company's team at Weiser park and announce that they are open to engagements with any amateur team in the city on Saturdays and Sundays. S. J. Gordon is manager of the team and Landstoffer and Baker compose the battery. There is lots of good ball material in the store room and all players are being given a try-out and are promptly turned down if they do not put up evidence of talent.

EXCURSION TO TOLEDO.

Agent F. C. Eggers, of the Wabash, has been advised that the company will have an excursion to Toledo on Sunday, August 2. It is proposed to handle the excursionists on trains 2 and 12 if possible, but a special train may be made up here for the purpose. This will be the first and probably the only Toledo excursion from Fort Wayne this year.

EYE BADLY BURNED.

O. P. Miller, of 625 East Lewis street, met with an accident at the Fort Wayne Machine company's plant last Friday which threatened to result in the loss of sight in one of his eyes. While doing some work in the shop he got some lime and cement in his eyes and has suffered greatly since.

ENGINEER STEWART RECOVERS.

J. H. Stewart, Pennsylvania passenger engineer, was able to resume his duties in the cab today. Over a month ago he had his right wrist broken by the reverse movement of the crank as he attempted to start his automobile. The arm is now as strong as ever.

WILL HAVE BASKET PICNIC.

Loyal lodge, No. 85, Ladies' Auxiliary to the Brotherhood of Railway Trainmen, will have a basket picnic at Swinny park Thursday afternoon and evening. The ladies are making elaborate arrangements for this event and anticipate much pleasure out of it.

ATTENDING FOREMEN'S CONVENTION.

Art Williams, foreman of the Pennsylvania tool room, has been in Chicago two or three days attending the annual convention of the Tool Room Foremen's association, of which he is a member.

INDUSTRIAL NOTES.

Ed Challenger, of the Bowser works, is taking a vacation.

Passenger Fireman A. T. Koenig, of the Pennsylvania, is off duty on account of sickness.

William Birbeck is in Indianapolis on business for the Western Gas Construction company.

L. J. Meyers, W. H. Roembke and C. E. Meyers, Pennsylvania shopmen, are sick and off duty.

William Ropa, cost department clerk at the Western Gas works, is spending the week at Rome City.

T. J. Costello and W. R. Richardson, Pennsylvania train dispatchers, are taking their annual vacation.

Machinist H. A. Becker, of the Pennsylvania shops, will go to Chicago tomorrow for a week end visit.

Road Foreman of Engines James Bell, of the Montpelier division of the Wabash, was in the city yesterday.

Gerald Halstein, time clerk in Trainmaster Ogden Pierce's office, of the Nickel Plate, is spending the week at Rome City.

Foreman M. S. Willson, of the testing department of the Electric works, is slightly ill and failed to report for duty this morning.

Mr. and Mrs. John Smithers have gone to Churubusco to visit his brother. Mr. Smithers is employed at the Fort Wayne Electric works.

Clyde Miller, who is connected with the B. & O. at Chicago Junction, Ohio, is visiting his father, O. P. Miller, of 625 East Lewis street, this week.

Oscar Lenz has been appointed night baggagemaster at the Wabash depot, to succeed John Gerard, who resigned to work for the Transfer company.

Assistant Master Mechanic E. E. Dildine and Assistant Road Foreman of Engines R. J. Lyons went to Crestline today on special business for the Pennsylvania.

Sales Manager W. R. Hance and Factory Manager E. E. Cummings, of the Toronto plant of S. F. Bowser & Company, are here on business with the officials.

G. R. Mitten, a Purdue university student, will work in the testing department at the Electric works during the summer vacation term. He commenced work there yesterday.

J. H. Praver, yard fireman at Lima for the Pennsylvania, has taken a thirty days' lay off for pleasure. Fireman M. Moser has gone to Lima to take the vacant place in the switch engine cab.

Ladies' Auxiliary, No. 436, Brotherhood of Railway Trainmen, will give an ice cream social on the Bowser play grounds Thursday evening. The ladies are preparing to handle a big crowd and invite all their friends.

The Pennsylvania air compressor is out of commission for a day or two. This machine furnishes power to drive the small tools in the boiler shop and that department is working under adverse conditions today, though all the men are on duty.

Mr. and Mrs. Fred Walters left last night for Cleveland, where she will remain a week. Mr. Walters will return in a few days. He is the watchman at the Clinton street entrance to the Pennsylvania shops and during his absence, W. Sams is performing that duty.

N. H. Crawford, who attends the information department in the entrance hall at the office of the Fort Wayne Electric works, is taking a two weeks' vacation. This week he will spend at home doing some work, but next week he will occupy Genessa cottage at Lake James.

Thomas M. Myers, of New York, is spending the week in the city in the interest of the Audiffren-Singrum Ice Machinery company. Mr. Myers was stationed here over a year, but about six months ago was called to New York to assist in handling the export business. The business of the company is [illegible]

A Word About the Investment of Policyholders' Money

Under the splendid insurance laws of Indiana, life insurance companies organized in this state cannot invest their money in the stocks or bonds of railroads or other private corporations. Such investments are very likely to fluctuate greatly in value.

HERE IS THE INDIANA LAW:

Sec. 22, Laws of Indiana. No company organized under the provisions of this act shall invest its funds in any other manner than as follows: In bonds of the United States; in bonds of this State or any other State, if at or above par; in bonds or mortgages on unincumbered real estate within this State, or any other State in which said company is transacting an insurance business, worth at least double the amount loaned thereon, and the value of such said real estate shall be determined by a valuation made under oath by two freeholders of the county where the real estate is located (if buildings are considered as part of the value of such real estate, they must be insured for the benefit of the mortgagee); in bonds or other evidence of indebtedness, bearing interest, of any county, incorporated city, town or school district, within this State, or any other State in which said company is transacting an insurance business, where such bonds or other evidence of indebtedness are issued by authority of law, and upon which interest has never been defaulted; in loans upon the pledges of stock, bonds or mortgages at par value, if the current value of such stock, bonds and mortgages is at least twenty-five per cent more than the amount loaned thereon; and in loans upon its own policies, provided that the amount so loaned shall not exceed the reserve against said policy at the time such loan is made.

Reasons Why Lincoln Life Policies Are Safe and Secure

Wm. H. O'Brien, present Auditor of the State of Indiana, says:

"I hereby certify that The Lincoln National Life Insurance Company of Fort Wayne, Indiana, does business under the Compulsory Deposit Law of the State of Indiana approved February 10th, 1899, and, in accordance with Section Ten of said Law, maintains in approved securities, in the office of the Auditor of State of Indiana, an amount in excess of the net cash value of all outstanding policies."

Auditor of State.

Chas. W. Miller, ex-Attorney General of the State of Indiana, writes, concerning this law:

"The result of the proper operation of this law is to secure every policyholder by a deposit with the State, in much the same way that every national bank note is protected by a deposit with the United States Government."

John C. Billheimer, ex-Auditor of the State of Indiana, says:

"No life insurance company organized under the Legal Reserve Life Insurance Law of this State has ever caused a single policyholder to lose a dollar, whether the company itself proved a success or a failure, as the policyholders have been uniformly protected, and under our law cannot be losers."

A National Bank Note freely circulates in every part of the country without question, because it is secured by a deposit with the United States Government. In much the same manner, every policy issued by The Lincoln Life is secured by a deposit with the State of Indiana.

MOTOR FLUSHER DOES THE WORK

Big Street Cleaner Designed by Mayor and Board is a Success.

The big motor-driven street flusher purchased by the board of works from the E. D. Etnyre company, of Chicago, was put in working order Tuesday and during Tuesday afternoon and night was given a thorough try-out. The opinions of Mayor Hosey, Messrs. Singrey and Hilgeman, of the board of works, and Street Superintendent Strodel are unanimous that the flusher is a distinct success and marks a departure in motor-driven street flusher construction. The flusher embraces several important features that were designed by Mayor Hosey and the board of works. Chief among these is a front discharge of water, which enables the operator to direct his stream in such wise as to obtain the best results and at the same time to observe how effectually his stream is working. The front nozzle is flexible and easily manipulated, so that the stream can be thrown strongest where most needed to loosen and scatter heaps of dirt or debris, while a second stream directed from a nozzle placed between the front and rear trucks of the carriage washes the dirt to the gutter. The motor has four speeds ahead and there is ready control of the volume of the water discharge, adapting the machine to any conditions in the street and to circumstances of traffic on the streets where work is in progress with the flusher. The flusher is provided with a cab for the driver and there is a gauge to show the stage of water in the tank, both being features included in the mayor's design. The power plant that drives the flusher also furnishes power to drive the water jets. The tank has a capacity of 1,100 gallons, enough to flush four squares of street, and it can be filled in one minute at a fire hydrant. The flusher is designed to clean half a street at one time. The rapidity of its motion and the rapidity with which it can be filled give it a capacity of many miles of streets in a day of eight hours and it is believed the new flusher will prove ample to keep the paved streets of the city flushed. This is the first flusher of the type ever constructed and put on the market and the city officials and the Etnyre company as well believe it will attract a great deal of attention from municipal street departments as demonstrating distinct improvements over any other type of flusher.

E. D. Etnyre, of the Etnyre company, was here from Chicago to observe the operation of the flusher. He spent a large part of Tuesday night with Mayor Hosey and Chairman Singrey, of the board of works, going over streets, about nine miles of which were flushed. Mr. Etnyre was satisfied with the operation of the machine.

WANT ONE MORE FAIR DAY.

Will Then Have Breach In Intercepting Sewer Closed.

Mayor Hosey, the members of the board of works and the contractors on the work of repairing the intercepting sewer in Erie street have centered their petitions aloft on the blessing of one more fair day after this. The work of restoring the shattered masonry in the arch of the intercepting sewer at Erie and Howard streets will be completed by Thursday noon if nothing interferes. The big excavation will then be filled up and the break that has caused the city official sleepless nights and gray hair will have been made secure against further accident by flood. The point of the break has been replaced by a three-course brick arch and the sewer is being given concrete lateral reinforcements. As soon as the gap is closed and the hole filled up the sewer department will begin the work of cleaning the big drain from end to end. Work will be started at the lower end. No special problems are presented by the task. It will be tedious and it will be costly, but merely keeping at it and spending the money will put the sewer in condition. Getting the interceptor repaired and cleaned has been the most trying problem with which the present administration has had to deal.

PART OF BOULEVARD FINISHED.

Park Board Will Inspect and Accept Section of Rudisill.

At the regular meeting of the park board Wednesday afternoon Park Engineer Price reported that the section of Rudisill boulevard from Hanna street to the alley west of Thomas street was completed and the board had planned to go out and inspect it and if satisfactory accept the work. This part of the driveway that is to cross the south side of the city from Broadway to Anthony boulevard is the first completed section of boulevard in the city. Other sections will be completed as soon as the work can be done. The park board also expected to go on a tour of all the parks of the city on invitattin of Park Superintendent Goers.

Investigation at Kansas City Recommended by House Committee.

Washington, July 22.—Investigation of an alleged conspiracy among dealers and exporters of wheat at Kansas City, Mo., to depress prices to farmers was provided in a resolution by Representative Doolittle, of Kansas, favorably reported today by the interstate commerce committee. Secretary Refield, of the department of commerce, assured Mr. Doolittle he would at once send two inspectors to Kansas to investigate and report. Mr. Doolittle told the house that for an 180,000,000 bushel wheat crop producers were getting 63 cents at leading elevators in Kansas, while large quantities were being sold for export at Kansas City as high as 85 cents.

RODE BICYCLES ON SIDEWALK.

Motorcycle Officer Dan Kintz on Wednesday placed under arrest S. E. Tobias, Charles Rodenbeck, H. Smith, T. J. Connett, and Henry Gick on charges of riding their bicycles on sidewalks. The men were apprehended at Fletcher avenue and Wayne Trace and were ordered to report in the city court Thursday morning.

CALL A CAUCUS TO RUSH THINGS

Senate Democrats Planning for Rapid Action on Trust Bills.

Washington, July 22.—Administration leaders called a caucus of senate democrats for tonight to plan expeditious action on the trust bills and a full democratic attendance in the chamber to prevent the republican filibuster on the river and harbor bill.

The caucus also will consider an appropriate time for adjournment.

Ownership of stock by interstate carriers and other corporations without sanction of the interstate commerce commission would be made a criminal offense by a bill introduced today by Senator Norris, of Nebraska. Disclosures of the New Haven investigation and the New York Central's interest in coal companies prompted the measure. Any official using a railroad's money for campaign contributions or for procuring franchise rights would be criminally liable.

Congratulations to President Wilson and Attorney General McReynolds were expressed in the senate today by Senator Reed, of Missouri, for their determination to proceed criminally and civilly against the New Haven directors.

"I am glad the government at last is prepared to show its teeth and I hope and confidently believe that the policy so happily inaugurated will result in the end in no guilty man escaping," said the senator.

The revised Clayton anti-trust bill to supplement the Sherman act was formally reported today to the senate. It would penalize price discrimination, exclusive selling agreements, liberalize the injunction and contempt statutes in trade disputes, district interlocking directorates and holding companies, but would exempt labor, horticultural and agricultural organizations from its provision. Members of the interstate commerce committee were unable to complete consideration of the railroad securities bill today in time to report it.

MEDIATORS FIND TASK A HARD ONE

Job of Settling Rail Men's Difference at Chicago Difficult.

Chicago, July 22.—While the federal board of mediators endeavoring to bring about a settlement of the wage dispute the western railroads and their enginemen was pledged to silence concerning what is done at the meetings here, but it became known to-day that the task is a hard one.

"We are bound by solemn pledges to divulge nothing that is said on either side in the meeting," said W. L. Chambers of the federal commission. "Nevertheless I am at liberty to say that this is the most difficult task of mediation that ever has confronted this commission."

The managers' committee of the 98 roads resumed their argument to-day and the men's committee of 100 will have the floor again in the afternoon in accordance with the announced plan of the board, which will sit for an indefinite period.

The enginemen have voted to strike for a wage increase which they assert is moderate, but which the railroad manager say is a fifty per cent advance, amounting to $33,000,000 addition to the wage account annually.

HINDUS AGREE TO SUBMIT.

Contractor Will Take Them Back to Native Land.

Vancouver, B. C., July 22.—Smoke poured from the funnels of the Japanese steamer Komogata Maru in the harbor here to-day and Guerdit Singh, a contractor of Lahore, promised that the ship would sail before night to return the 350 Hindu passengers who came to Vancouver to demand entrance to Canada as British subjects.

Seven Vancouver Hindus have taken passage on the Komogata for Hindustan to preach revolution against British rule, they declare, because of the indignities alleged to have been heaped upon the men who came on the Komogata to settle in Canada.

The Hindus had threatened to resist with force the order to return home, but finally submitted to the government last night.

PROFESSIONAL MEN? SURE!

That's Why Baseball Players Never Strike, Says Tener.

Selin's Grove, Pa., July 22.—"Baseball players are neither miners, hod carriers nor ditch diggers. Baseball players are professional men, and professional men do not strike," declared John K. Tener, governor of Pennsylvania, and president of the National league, in an interview today upon his arrival here to review the Pennsylvania national guardsmen in their camp.

"I am glad the difficulty is settled," continued Governor Tener. "However, I do not believe the settlement arived at will be permanent owing to the belligerency of some of the baseball magnates. "A strike such as was threatened is something new for me, and you know I have played baseball and have been interested in baseball affairs all my life. I am preparing for war," declared the governor with a wink, "and after I am through inspecting and reviewing the soldiers here I believe I will be in a position to control the turbulent factions."

WAS A NATIVE OF FORT WAYNE.

Huntington, Ind., July 22.—Joseph W. Buchanan, 55 years old, died at the home of his sister, Mrs. Catherine Schaeffer, 226 South Lafontaine street, yesterday afternoon at 3:20 o'clock. Death followed a serious illness of about two months. Mr. Buchanan was born in Fort Wayne March 7, 1859, to Mr. and Mrs. James Buchanan. His mother is still living. No funeral arrangements have been made.

MAKE APPEAL TO UNITED STATES

Mediators Ask Influence With Carranza to Secure Amnesty.

Washington, July 22.—Ambassador Da Gama, of Brazil, and Ministers Suarez, of Chile, and Naon, of Argentina, the three mediators in the Mexican affair, appealed to President Wilson today to have the United States use its influence with Gen. Carranza to obtain a general amnesty for those who supported the Huerta government.

It was the first formal call of the three mediators since the conference at Niagara Falls adjourned. They were accompanied by Secretary Bryan and for nearly an hour discussed the Mexican situation in all of its phases. They expressed the view that Carbajal, who succeeded Gen. Huerta as president, was ready to turn over the government to Gen. Carranza, but wanted guarantee that there would be no wholesale executions, arrests or confirscation of property. They told President Wilson that Carbajal could not surrender unconditionally and that unless these guarantees for the protection of lives and property of those who have supported Huerta were given, the Carbajal government would concentrate all its military forces and resist until the utmost any effort to invade Mexico City.

The president and Mr. Bryan listened attentively to the views of the South American diplomats, especially as they indicated that their governments probably would be unable to recognize any administration in Mexico which refused to give quarter to its enemy or establish itself by peaceful means in accordance with civilized practice among nations. They pointed out also the dangers of an armed entry of the constitutionalists into Mexico City and urged that the United States use every influence to bring about a peaceful transfer of power.

After their talk with the president Secretary Bryan and the three diplomats went to the state department for a conference. That the influence of the United States was being relied upon by Provisional President Carbajal to obtain satisfactory terms with the constitutionalists was explained also today by Jose Castellot, personal representative of Carbajal.

NOT THE DALLAS WOMAN.

Relatives Do Not Believe Mrs. Alma Johnson Was Slain at Galveston.

Dallas, Texas, July 22.—Relatives here of Mrs. Alma Johnston said to-day they did not believe she was the woman slain in Galveston. They exhibited a postcard written by her Monday afternoon a few hours before the time the murder is believed to have occurred announcing she was starting for Dallas with her family by automobile, expecting to "run right through."

PREPARE TO FILE NEW HAVEN SUIT

Federal Officials to Proceed Under Sherman Anti-Trust Law.

Washington, July 22.—Preparations for the filing of the government's long delayed suit to dissolve the New Haven railroad system in accordance with President Wilson's instructions, were being made today by the department of justice. In a letter to Attorney General McReynolds the president not only directed that civil action be instituted against the New Haven, but ordered that the "criminal aspects of the case" be laid before a federal grand jury. Decision to proceed against the New Haven ended the long continued efforts to solve the case without litigation. The president and his cabinet had discussed the case and the course of the department of justice was approved.

The civil suit was to be filed against the New Haven in the United States court at New York immediately. The attorney general also immediately was to direct the United States marshal at New York to summon a grand jury and work of laying evidence before it on which to ask for criminal indictments against officers and directors of the New Haven under the management of former President Charles S. Mellen were to be begun at the earliest moment.

In his letter to Mr. McReynolds directing the suit the president declared that the decision of the New Haven directors to keep their agreement to dissolve peacefully ahad caused him "the deepest surprise and regret" and their failure "upon so light a pretext" was "enexplicable and entirely without justification." The department's course, he asserted, was just, reasonable and efficient and should have resulted in avoiding suit.

In the correspondence made public by the department, which accompanied President Wilson's letter, was Attorney General McReynold's letter to the president which contained a rebuke for the interstate commerce commission in subponaeing "Mellen and perhaps other flagrantly cuplable" with the possible result of embarrassing the department by claims of immunity in return for their testimony. In this connection Mr. McReynolds stated that criminal prosecutions had always been in mind and that there never had been the "slightest hope that parties guilty of criminal violations of the law would escape."

HARKS BACK TO KING JAMES II

Mr. Shelton Very Much Opposed to the Recall of Judges.

Chicago, July 22.—Disapproval of the recall of judges and judicial decisions and a plea for less interference with the judiciary by the legislative branch of the government were voiced today by Thomas W. Shelton, of Norfolk, Va., chairman of the American Bar association's committee on uniform judicial procedure. He spoke before delegates to the convention of the Commercial Law League of America.

In criticizing the recall Mr. Shelton referred to the attitude of James II of England, who declared, "I am determined to have twelve lawyers for judges who will be all of my mind."

"That," said Mr. Shelton, "is an example of the recall of judges and judicial decisions which it is well to remember."

The speaker inveighed against what he declared was the practice of nearly every state legislature to dictate by rigid statements just how the court should perform its duties. He compared this to giving stringent rules for every move to a locomotive engineer and then to criticize him because his engine ran off the tracks in following the rules laid down.

LITTLE CHAINCE TO GET AWAY.

Mexican Political Refugees Must Take Regular Route.

Puerto, Mexico, July 22.—The Mexican political refugees here appeared today to have no chance of leaving the country except by one of the regular routes touching at Vera Cruz, as the Mexican shipping companies seem to be unwilling to charter boats to them for fear of offending the new government. Two steamships leave here tonight or tomorrow morning, but both call at Vera Cruz and only a few of the refugees seem inclined to go on board these vessels. The others seem decided to remain here for the present, accepting the hospitality offered by the British cruiser Bristol.

WILL CARE FOR EMPLOYES.

New York, July 22.—Men prominent in banking circles in New York and Chicago, mostly members of the American Bankers' association, have organized the "bankers' health commission." The object is to assist banks all over the country in taking care of employes who may need medical attention.

George E. Allen, educational director of the American Institute of Banking, who assisted in organizing the commission, said that bankers generally have always taken care of sick employes, but that their methods were haphazard and that now the work would be systematized and better results achieved.

COL. ROOSEVELT ASKS TO APPEAR

Wants to Be Heard in Opposition to Colombian Treaty.

Washington, July 22.—Col. Roosevelt in a letter to Chairman Stone, of the senate foreign relations committee, today asked for an opportunity to be heard in opposition to the pending treaty proposing to pay Colombia $25,000,000 for the partition of Panama.

Later Senator Stone made public Col. Roosevelt's letter, in which the former president wrote:

"If there is any intention of your committee to act favorably on the proposed treaty with Colombia, by which we are to pay Colombia $25,000,000 and to express regret for the action taken in the past, I respectfully request to be heard thereon.

"I was president throughout the time of the negotiations first with Colombia, then with Panama, by which we acquired the right to build the Panama canal. Every act of this government in connection with these negotiations and with other proceedings for taking possession of the canal zone and beginning the building of the canal was taken by my express direction or else in carrying out the course of conduct, I, as president, had laid down.

"I had full knowledge of everything of any importance that was done in regard thereto by any agent of the government and I was solely responsible for what was done. The then secretary of state, John Hay, who is now dead, had almost as complete a first hand knowledge of what occurred, but no man now living, except myself, has this first hand knowledge, and no man living or dead, shared with me the responsibility for the action I took, save in a wholly minor degree.

"I request to appear before you to make a full statement or exactly what I did and what was done by my orders to state the reasons therefor and to answer any questions that your body or the members of your body choose to put to me."

Senator Stone indicated he was not in favor of hearings.

"The question to be considered by the committee," said Senator Stone, "is not so much what happened in Colombia ten or eleven years ago. The subject for us to consider is how to adjust our relations. Col. Roosevelt has said time and again what he has to say about Colombia. If he has anything further to say, as far as I am concerned, let him write it out and send it to the committee. I am not much in favor of turning the foreign relations committee of the senate into a town meeting."

ROBINSON ENDS LIFE IN PRISON

Ohio Man on Trial in Boston Suicides With Steel Shank from Shoe.

Boston, July 22.—Lawrence Robinson, charged with the murder of Police Inspector Thomas J. Norton, committed suicide during last night. Robinson cut his throat wth a steel shank which he had removed from one of his shoes. Since the opening of the trial he had been confined at night in a room of the court house.

He was accused of shooting Norton while resisting arrest in the Roylston cafe on June 19. The officer was attempting the arrest at the request of the Michigan authorities, Robinson being wanted in Grand Rapids for the alleged killing of three clerks in a jewelry store robbery.

Robinson was placed on trial on Monday and taking of testimony was to have begun today. Several witnesses from Michigan and Ohio were on hand to testify for the government and Judge Keating had before him a motion of the defense to compel the prosecution to furnish their names and state the nature of their testimony. The district attorney opposed the motion and said that the witnesses had been called to "describe a situation existing in Grand Rapids which would show a motive on the part of Robinson in resisting arrest by Inspector Norton."

Joseph Duddy, a companion of Robinson, was arrested at the time of the murder charged with being an accomplice. He is being held to await a separate trial.

RELATIVES IN OHIO.

Columbus Ohio July 22.—Lawrence Robinson who committed suicide in jail at Boston was born and reared at Washington Court House, Ohio. His relatives, who are highly respected, prepared to go to his defense in his trial. He was formerly an expert telegrapher and worked in this city for a number of years. His mother a resident of Washington Court House and planned to go to Boston to testify in defense of her son and it was said that a plea would be made that the latter was not mentally responsible.

FUNERAL NOTICES.

Dalton.—Funeral services for William Dalton will be held Thursday morning at 8:30 o'clock from the residence, 225 East DeWald street, and at 9 o'clock from St. Patrick's Catholic church. Interment will be made at the Catholic cemetery.

Mrs. Nora L. Turner, the trained nurse, who has charge of the dispensary at the Fort Wayne Electric works, entered upon her annual vacation this morning, during which she will entertain a niece and an old friend from Marion, Ind. Miss Clara Graaf, a well known professional nurse in the city, will have charge of the dispensary during Mrs. Turner's absence.

Society

(Continued from Page 6.)

Mr. and Mrs. H. A. Arnold will be at home at the Inside Inn, at Chesterfield camp, this state, until the first of September.

Miss Myrtle Lerch of East Wayne street, has as her guest, Miss Thelma Langbein, of Indianapolis. On Saturday Mrs. Theodore Langbein will join her daughter here for a week's visit.

Royal Neighbors of America will give their annual basket picnic on Thursday evening at Robison park. Members are urged to attend and take well filled baskets along.

ANSWER STRICKEN OUT.

Buffalo Court Acts in Light and Heating Company Case.

Buffalo, July 22.—Judge John R. Hazel, in the United States district court here today, ordered stricken out the answer of A. Henry Ackerman, vice president of the United States Light and Heating company, in which he consented to the appointment of receivers for the company and admitted allegations off raud and mismanagement on the part of the directors.

In the action started by the Central Trust company of New York, which has claims against the company aggregating $200,000, the court appointed as receivers James O. Moore, Buffalo, and James A. Roberts, New York, under a joint bond of $100,000. The United States Light and Heating company is a $16,000,000 corporation manufacturing heating and lighting apparatus for street cars. Plants are located in Buffalo and Niagara Falls.

MAY WITHDRAW GUARDS.

Quiet Prevails in Belmont County Coal Strike District.

Bellaire, Ohio, July 22.—Quiet prevailed in the coal strike district of Belmont county today and Sheriff Anderson considered the advisability of withdrawing half of the guards protecting property and caretakers. Practically all the mines in the county are in charge of pumpers and engineers, and these will be guarded by a few men at each mine. The men arrested on charges of inciting to riot will be arraigned at St. Clairsville tomorrow, information having been filed against them by the county authorities.

PRINCE WILLIAM TO WED AGAIN.

Father-in-Law of Former King Manuel to Take Bride.

Munich, Bavaria, July 22.—The betrothal of Prince William of Hohenzollern, father-in-law of former King Manuel of Portugal, to a daughter of the king of Bavaria is understood to be imminent. The prince arrived at Leustetten, near Munich today on a visit to the Bavarian royal family and it is believed the official announcement of the engagement will soon be made. Prince William, who is 50 years old is a widower. His wife died in 1906.

THE MARKETS

FLORIDA PEACHES ON MARKET.

Prices Will Remain Very High Until the Michigan Crop Arrives.

Large juicy Florida peaches about the size of a person's fist arrived at the market of this city Wednesday morning. They are shipped in crates containing about two-thirds of a bushel, and the price being paid for them is somewhere around $2.50 per crate. The commission men state that the prices will be very high early this season and will remain so until the Michigan crop is ready for the market. The quality is fine but the crop in Florida is short, accounting for the high price.

Wheat took a temporary raise this morning on the city markets and farmers received 76c for the grain in place of 72c that was received for the same last week. It is thought, however, that the price will again descend in a few days.

The city scalemaster reports a total of 31 loads of hay and grain weighed at the city scales Wednesday morning. This included one load of old hay which brought the owner $14 a ton.

CHICAGO GRAIN AND PROVISIONS.

Chicago, July 22.—Wheat prices advanced today on account of a further spread of damage from black rust and excessive heat. Besides, country acceptances on bids from here were reported to be light. After opening ⅛c off to ⅛c up, quotations made a general upturn.

The close was firm, ⅞@1c to 1¼c above last night.

Corn rose with wheat. There seemed to be no prospect of adequate rains where needed. Opening prices, which changed from a shade off to ⅛@¼c advance, were followed by gains all a round.

The close was firm, ¼@⅜c to ⅝c net higher.

Hedging sales retarded oats from climbing with corn and wheat. The market, nevertheless, leaned to the bull side.

Provisions suffered from lack of demand. It was shown that the slaughtering of hogs was being considerably enlarged as compared with recent totals.

THE DAY ON WALL STREET.

New York, July 22.—New Haven shares fell two points at the opening of today's stock market on announcement that suit to dissolve the company is to be brought by the federal government. Other active issues were fractionally lower, with the exception of Union Pacific. Another feature was the weakness of Rock Island securities on abandonment of the reorganization plan. The debentures of the operating company fell almost eight points to 60, but soon made partial recovery. Prices were disposed to rally after the initial decline, the leaders advancing to or above yesterday's close.

Missouri Pacific fell abruptly to its recent low level under the impact of short selling and Rock Island preferred recorded its lowest prices in sympathy with declines in all its issues. Baltimore & Ohio was relatively strong despite unfavorable June earnings, but Chesapeake & Ohio yielded 1½ points on moderate offerings. Leaders held their gains but by noon became uncertain. Weakness in Rock Island bonds extended to other issues, with losses of 5 to 8½ points in Missouri Pacific convertibles, Colorado Midland 4s and M., K. & T. refundings.

Further selling of the Rock Island collaterals, which extended their loss to over three points, was the only noteworthy feature of the dull late session.

Extreme weakness in Rock Islands and other minor issues, with comparative steadiness in standard shares, constituted the salient features of today's market. The closing was irregular.

DAILY MARKET LETTER.

Chicago, July 22.—Quality of Argentine corn arrivals at New York is under the government microscope. There are indications that Argentine will ship only small quantities of good corn this year. She has not offered any corn to the United States this week. There are more corn crop complaint and the market shows signs of further advance. Wheat clearances are enormous. Canadian and European wheat news continues to indicate moderate 1914 yields. Wheat news from our northwest is mixed but a reduction to 250,000,000 yield seems certain. The wheat rally now exceeds 4c, most of which is undoubtedly due to changing of the short position. Popular idea is that a 5c upturn will bring hesitation and a breathing spell. The east is awaiting for new oats. Only bear trouble in oats the coming new crop movement.

Stocks—London sold quite a few stocks on the opening but the sales were easily digested. The buying in Union Pacific, Southern Pacific and U. S. Steel looked good today. At the close prices were little changed from yesterday.

Atchison, 98⅜; Smelter, 66⅜; Copper, 59⅝; B. & O., 81½; C. & O., 46⅜; Canadian Pacific, 185½; Erie, 26⅝; Missouri Pacific, 9¾; New York Central, 85¼; Pennsylvania, 110¼; Reading, 162⅝; Southern Pacific, 96½; New Haven, 51¾; Union Pacific, 127¾; U. S. Steel, 61⅜.

OFFICIAL FORECASTS.

For Fort Wayne and vicinity: Fair tonight and Thursday; slightly cooler Thursday.

For Indiana: Probably fair tonight and Thursday; not quite so warm in north portion Thursday.

For Ohio: Fair tonight and Thursday.

For Lower Michigan: Partly cloudy tonight and Thursday; not quite so warm in west portion Thursday.

WEATHER CONDITIONS.

Warmer weather has overspread the central and eastern states where temperatures yesterday were as high as 90 to 95 degrees at many stations. No temperatures of 100 degrees were reported yesterday except from Oklahoma and Kansas. Cooler weather is reported from the extreme northwest this morning, with a light frost at Yellowstone park.

Some rains have occurred over New York and New England, and a few showers are reported from the plains states between the Rockies and the Mississippi.

Fair weather will probably continue in this section tonight and Thursday. It will be somewhat cooler by Thursday night.

WILL UNVEIL MONUMENT.

Elwood's Memorial to Unidentified Civil War Dead Nearly Completed.

Elwood, Ind., July 22.—Sunday, Aug. 2, has been selected as the date for the unveiling of the $1,000 monument to the unidentified dead of the civil war in the Elwood cemetery. The money for the building of the monument was raised by popular subscription. The monument was to have been dedicated on Memorial day. A strike in the Italian marble quarries delayed the arrival of the heroic statue of a soldier, cut from Carrara marble, which surmounts the monument. The statue arrived this week, and is being put in place. Many of the department officers of the G. A. R. will be here to attend the unveiling. Judge D. W. Comstock, of Richmond, past department commander, and A. B. Crompton, of Delphi, department commander, will deliver addresses.

STRIKE LEADERS ARRESTED.

Men Who Had Worked Out at Insane Hospital Charged With Trespass.

Evansville, Ind., July 22.—Frank Elliott, of Scottsburg; Earl Irvin, of Cato, and Nat Clark, of Hatfield, attendants at the Southern Indiana Insane hospital, were arrested on the charge of trespassing. It is said the men were responsible for the walkout of thirty-three attendants at the hospital Thursday. Their wages were paid the three men by C. E. Laughlin, superintendent, and an hour to leave the hospital grounds was given them. Refusing to do this, they were arrested by policement who had been called to the hospital earlier in the day by Laughlin, who had anticipated trouble. The men struck Thursday because they objected to the rules of Dr. J. E. Kendall, the new supervisor. Dr. Kendall went to the institution last week, having succeeded Dr. F. R. Lord, who resigned to accept a position in a private hospital at Oxford, Ohio.

WOMAN CLIMBS HOUSE ROOF.

Mrs. Ethel Greagor, of Richmond, Mentally Unbalanced by Heat.

Richmond, Ind., July 22.—Mentally unbalanced, because of the heat, it is believed, Mrs. Ethel Greagor, of this city, left her home yesterday and when located some time later, was on the roof of the house. She threatened to jump off if any one attempted to come to her assistance.

The police were notified and Officers Vogelsong and Remmert ascended ladders at different sides of the house. When the woman saw Vogelsong she attempted to jump off the house at the place where Remmert was climbing upon the roof.

Two other men came to the officer's assistance and the four succeeded in carrying the woman down a ladder. Her condition is serious. Remmert was slightly injured by the woman.

WILD SCENES ATTEND TRIAL

Mingled Hisses and Cheers Mark Progress of the Caillaux Case.

CLASHES COME IN QUICK SUCCESSION

Politics Predominates in the Day's Proceedings in Paris Court.

Paris, July 22.—Politics was the predominating factor to-day in connection with the trial of Mme. Caillaux for the murder of Gaston Calmette, editor of the Figaro. The French government was understood to be greatly concerned in regard to the diplomatic documents mentioned at yesterday's hearing as having been in the possession of the assassinated editor. These documents, it was stated, were later handed over to President Poincare, who passed them on to the foreign office. Senator Bienvenu acting minister of foreign affairs, was up most of the night and an active interchange of telegrams took place between him and Premier Rene Viviani, now in Russia with the president.

Joseph Caillaux, the prisoner's husband, and Fernand Labori, her counsel, made a vehement demand that the documents should be produced in court. It is understood that the premier, anticipating such a demand, left instructions with his substitute at the foreign office as to what course should be pursued with the papers which are in the foreign office archives.

Has Long Conference.

Mme. Caillaux to-day had a long conference with Senator Martin, her counsel, and Jules Herbaux ,the procurator general, who is in charge of the prosecution in the prison of the Conciergerie adjoining the palace of justice just before noon.

Mme. Caillaux had risen very early and after breakfast had glanced over the newspaper accounts of yesterday's hearing. She appeared to be satisfied, many of them were written in a sympathetic strain.

While the court was assembling newsboys were shouting around the entrances to the palace of justice an extra edition of Le Bonnel Rouge, one of the journals in sympathy with M. Caillaux, which contained a page article denouncing the murdered editor, Gaston Calmette.

Makes Serious Charges.

It affirmed that he had been in the pay of German interests and had in the eleven years preceding his death, been engaged in political and financial intrigues by means of which he was able to leave $2,600,000. The newspaper admitted that he had received two legacies, one of $200,000 and another of a smaller amount.

The moment after court had come to

CHILDREN PLAY WITH DYNAMITE; 3 WILL DIE.

Akron, Ohio, July 22.—Three children were probably fatally injured here to-day when a stick of dynamite with which they were playing exploded. The injured were: Leroy Lind, 10, eyes blown out and fingers and part of lower limbs blown off; Norville Lind, 7, a younger brother, badly mangled about lower limbs; Harry Lee, 10, eyesight destroyed and part of lower limbs blown off. Windows in houses for blocks around were shattered.

ACCUSES VENILLE AS PLOT LEADER

Evidence in Chicago Vice District Shooting Goes to Grand Jury.

Chicago, July 22.—All the evidence gathered by the states attorney in connection with the shooting Thursday night of four policemen in the vice district was ready to be submitted today to the grand jury. Feeling his way into the tangle of influences in the vice district, Maclay Hoyne, state's attorney, laid his hands on Rocco Venille, or Robert Vanella as he was known in Montana, alleged imported gunman, wounded in the foot Thursday night.

Hoyne declared that Venille was a leader in a plot to slug and maim the detectives of the morals squad and that the detectives were only saved by being involved in a sudden shooting affray with two other policemen who took them for gunmen.

In spite of lack of confirmation from New York of Venille's alleged eastern affiliations with New York gunmen, Hoyne declared that his information about the man was correct.

"Big Jim" Colosimo, cafe proprietor in the vice district, arrested yesterday for obstructing justice, was free today in $5,000 bond and was to be questioned before the grand jury.

VANELLA PAROLED PRISONER.

Billings, Mont., July 22.—Robert Vanella, as he is known here, reported under surveillance in Chicago in connection with the recent shooting there in the segregated district, was found guilty of murder in the second degree in this city January 25, 1908, for the killing of Rafael Arosz. He was sentenced to fifty years in the penitentiary.

As a result of a campaign by the prisoner's mother in New York city, Vanella was released on parole by the state board of pardons last spring.

LOSS $100,000 IN BRAZIL BLAZE

City is Forced to Ask Aid from Terre Haute in Fighting Fire.

Brazil, Ind., July 22.—Fire believed to have been caused by spontaneous combustion and which had its origin in the Brosius dry goods store, the largest in the city, spread to a number of adjoining buildings early to-day and caused a loss estimated at more than $100,000.

The Brosius company was the heaviest loser, the loss being placed at $40,000. The damage to the building was estimated at $15,000. Other firms to suffer were the Lederer-Fiebelman company $15,000 and the J. W. Lyttle, clothing $10,000. Losses on other buildings ranged from $200 to $6,000. Among them was the News-Democrat building and contents, which suffered a loss of $4,000.

The fire had gained considerable headway when it was discovered following the bursting of the glass in the front of the Brosius store and when it was seen that the local department could not handle it help was asked from Terre Haute and one company responded. At 4 o'clock the blaze seemed under control, but broke out soon after in another building. Telephone and traction company wires and cables were damaged to the extent of $500.

WHAT'S THIS? MAY OPPOSE COLONEL?

First Break in History of Progressive Party is Imminent.

Oyster Bay, N. Y., July 22.—For the first time in the history of the progressive party Col. Roosevelt today faced the possibility of opposition within the ranks over the choice of candidates. He learned that at the meeting of the progressive committee of New York county last night Chairman Francis W. Bird declared for a straight progressive state ticket, and after the meeting learned that Harvey D. Hinman of Binghamton had announced his candidacy for the republican nomination for governor on a platform opposed to William Barnes and Charles W. Murphy.

Col. Roosevelt, it was said here, was fully aware that he would meet with resistance if he sought to bring about progressive indorsement of Mr. Hinman or any other candidate outside the progressive party. To all inquiries to-day he merely replied that he had nothing to say at present and that his forthcoming statement would explain his position fully.

MR. BARNES' COMMENT.

New York, July 22.—Chairman William Barnes, of the republican state committee made the following statement regarding former Senator Harvey D. Hinman's announcement of his candidacy for nomination for governor at the republican primaries: "The question for the enrolled republicans of this state, is whether they are to select the republican candidates for the various offices to be filled or whether they are to permit Mr. Roosevelt to select them. That is the real boss issue."

POLICEMAN SLAIN IN STREET.

Friend Mistakes Officer at Burlington, N. J., for Burglar.

Burlington, N. J., July 22.—Thomas Regan, a policeman, was shot and killed on the street here early to-day by Winfield Templeton, a friend who told the authorities that he had mistaken Regan for a burglar. Despite Templeton's explanation, the county authorities are making a searching investigation of the circumstances of the shooting. Templeton told the police that his wife woke him and told him she heard noises on the sidewalk a few doors from their home. Templeton secured his shotgun and went to the front door of his home and when he saw the figure of a man in the darkness standing in the front of a grocery store, he fired. Templeton, according to the police, said he was horrified to learn the identity of the man. Regan, who was 40 years old, leaves a widow and five childre-

HE TAKES A RAP AT LABOR UNIONS

Counsel for Chicago Employers Says They Are Irresponsible.

Chicago, July 22.—Alleged irresponsibility of labor unions was decried by Dudley Taylor, counsel for the Employers' association of Chicago, in testimony which he gave before the United States commission on industrial relations today.

"A Chicago restaurant keeper made the expriment of a closed shop, but it would not work," related Mr. Taylor. "So he rejected it, but kept precisely the conditions in wages and hours demanded by the unions. The unions agreed to the employment of outside help, but tried to require all outsiders to join the union. This was found impracticable. These restaurants since have been subjected to picketing, but no attempt is made by the unions to remonstrate with the employer; the picketing is to destroy patronage."

A plea for the establishment of a federal tribunal for the settlement of labor difficulties was made by Mr. Taylor. "I believe in the establishment of a federal tribunal," said Mr. Taylor. "At present the only check on the unions is public opinion and the public really knows little of these things and moreover wont take the trouble to inform itself. The judges of our present tribunals have not the power to enforce justice. Up for re-election they fear to antagonize large classes of voters. They pledge and consequently we get no relief.

PROHIBITIONISTS NAME AUBURN MAN

Rev. J. G. Wise is Chosen as Party's Candidate for Congress.

Auburn, Ind., July 22. Prohibitionists of the Twelfth congressional district, in session here Wednesday afternoon, nominated Rev. J. G. Wise, of this city, as their candidate for congress. His nomination met no opposition and was made unanimous.

James E. Graham, of Fort Wayne, presided as chairman of the convention and W. W. Wyrick, of Angola, acted as secretary. The convention is being attended by thirty delegates, representing each of the six counties of the district. Among the Fort Wayne delegates present are J. E. Graham, W. S. Hackett and M. F. Wilson.

Prior to the opening of the convention proper, it was rumored that John R. Golden, of Angola, would be the nominee, but several conferences were held and the delegates finally selected the name of Rev. Wise after the convention assembled.

J. Ranard Schmidt, of Indianapolis, state prohibition chairman, was present and delivered a lengthy address.

HUNDREDS OF BABIES THERE

Robison Park is Thronged Today With Infantile Humanity.

ANNUAL BABY SHOW AND PARADE GIVEN

Event Believed to Have Drawn Park's Largest Crowd This Year.

Robison park is fairly filled today with babies, decorated baby carriages and fond parents for the annual baby show and decorated carriage parade, events that come as one of the biggest features of the season at the popular amusement resort. There are all types of babies, but all of them sweet and all of them having a good time in spite of the intense heat.

Since early morning the park cars have been filled to capacity and it is said that the crowds at the park will break the record for this season. Starting early Wednesday morning, special freight cars traversed the city, picking up decorated carriages at twelve different stations, carrying them to the resort and parking them in the large grove.

Carriages of every description are to be seen and it is considered one of the hardest tasks of the day, aside from judging the babies, to select the winners in the carriage parade.

In the baby contests Manager Williams gave away 106 awards and there were special prizes for the prettiest baby, the fattest one, the smallest infant and the tallest one and by the time the last prize had been awarded late this afternoon one could scarcely pass through the crowds that surrounded the judge's booth. The baby contest opened at 1:30 o'clock and the parade moved at 3 o'clock. The prizes were not awarded until the close of the parade.

The babies entered in the contest were all under two years of age, and it is safe to say that Fort Wayne possesses a surprising variety of lovable infants. Some are lusty lunged babies whose shouting formed one feature, others were crying babies, some were laughing, some pretty and all attractive, just because they are babies, if for no other reason. They are all dressed in the best their parents could supply for them, and when placed in the beautifully decorated carriages

STRIKE BATTLES FREQUENT TODAY

Situation in Russia Has Taken on More Serious Aspect.

St. Petersburg, July 22.—The strike situation in Russia took on a very serious aspect to-day when armed conflicts occurred in the streets and resulted in the wounding of many police, Cossacks and strikers.

Just outside the capital a passenger train on the coast line to Finland was held up by strikers, the engineer was forced to quit the locomotive under threat of being shot and the passengers all driven out of the cars. The strikers who numbered 300, then proceeded to cut down the telegraph poles and raise obstructions on the tracks. A detachment of cossacks and gendarmes arrived quickly on the scene and drove off the wreckers. Traffic was then resumed, but every train was convoyed by a locomotive with an armed escort.

At Riga, the strike movement was reported to be spreading and it was said 40,000 men in that city had struck work, while in many other cities in all parts of the empire thousands of men were reported to have left their employment.

Street car service in the Russian capital was suspended to-day, when employes of the Central street railway joined the general strike. Workmen of many trades have joined the movement, and it was estimated this morning that 600,000 men had laid down their tools.

Half City's Police Force Now Accused of Burglary

Rockville Center, N. Y., July 22.—One-half of Rockville Center's police force of six men are accused of burglary by warrants issued here today. Two of the three men—Patrolmen Amos Veritzan and Henry Wickes—were arrested while on post; the third, Rulof Peterson, on his vacation, is believed to be in Massachusetts. The Holyoke police have been requested by wire to apprehend him.

Three trunks containing articles of every description, valued at approximately $5,000, were found at dawn in the chicken coops of Veritzan and Wickes. The village trustees are trying to induce the prisoners to explain how the trunks happened to be there.

Many unsolved robberies have been reported in the village since last fall, when summer residents closed their houses for the season. The depredations culminated recently in the robbery of Arnod Husser's general store, just across Main street from police headquarters. Mr. Husser recently identified some of his stolen property worn on the street by negro residents of the village and obtained information which resulted in the arrests.

UTTERANCE OF KING REGULAR

Asquith Accepts Responsibility for Home Rule Address.

London, July 22.—Premier Asquith today assumed before the house of commons full responsibility for the speech made by the king yesterday to the political leaders who had met at Buckingham palace to confer on the Irish home rule problem. He thus set at rest various reports in circulation since the Ulster controversy has become acute and since the first announcement of the conference. The premier said:

"The speech was sent to me in the ordinary way by his majesty the day before it was delivered and I take the entire responsibility for it."

The conferees were again in session for an hour and a half today and then adjourned until tomorrow.

John Redmond and John Dillon, as they left Buckingham palace and passed along the sidewalk in front of Wellington barracks, received a great reception from the men of the battalion of Irish guards stationed there. The soldiers crowded to the windows of the barrack rooms, cheering wildly and waving their caps.

Public interest in the crisis over the Irish home rule question overshadowed everything else in the British Isles today. When the representatives of the liberals, conservatives, Irish nationalists and Ulster unionists arrived at Buckingham palace this morning to continue their conference with a view to a pacific settlement of the Ulster problem, they found an enormous crowd assembled in the great open space before the gates of the palace. The various statesmen, as they passed in, were respectfully greeted by their sympathizers.

Having disposed of the preliminaries of the conference at yesterday's formal meeting, when King George addressed the assembled statesmen, the conferees arrived today prepared to tackle the crux of the problem—the area of Ulster to be excluded from the operation of Irish home rule bill and the means of carrying out the exclusion. Some clearing of the ground had also been effected during informal conferences yesterday afternoon and evening.

Openly, of course, the two sides declar that they cannot withdraw from their present positions, but it is understood that Premier Asquith is likely to submit to the conference a proposal to allow the protestant counties of Ulster to vote together on the question of exclusion from the home rule parliament and that he may also go so far as to change the time limit of six years embodied in the amending bill.

COOLER WEATHER COMING.

Highest Temperature Wednesday Near 97 Degrees.

According to predictions made Wednesday by local weather officials, cooler temperature will bring relief Thursday from the continued and excessive heat of the past week. A drop in temperature is due either tonight or Thursday morning, while it is said that the skies will remain clear.

At 1:30 o'clock Wednesday afternoon the government thermometer on the Shoaff building registered a temperature of 95 degrees, and according to Assistant Observer Collman, the record for the day would be in the neighborhood of 97 degrees later in the afternoon.

FAST TENNIS IN LADIES' SINGLES

Miss Bradshaw, of St. Louis, Loses Match With Mrs. Seymour.

Sensational tennis in the ladies' singles developed as one of the big features of the third day's play in the annual northern Indiana tennis tournament at the Fort Wayne Country club and in the closing match of the morning Miss Cecil Bradshaw, of St. Louis, winner of the ladies' championship last year, was defeated by Mrs. Seymour, of Toledo. The match went to three sets as follows: 6-2, 5-7 and 6-3.

Miss Helen Peters, of Fort Wayne, runner up in last year's tournament, was defeated by Miss Catherine Brown, of Franklin, and this match was won in two sets, 6-1 and 6-0. Two Indianapolis lady tennis stars furnished additional excitement when Mary Joss defeated Anna Hanson. This match also went to three sets with the scoring as follows: 6-4, 1-6 and 6-3.

Morning Results.

Total results in the morning matches Wednesday follow:

Men's Singles—E. Gooder, of Chicago, defeated G. R. Gawehn, of Fort Wayne, 6-4, 6-0.

Seelberg, Louis Ewing, C. O. Moore, Albert Black and William Moffat. The committee reserves the right, as announced, to default contestants not appearing thirty minutes after scheduled time.

WILD SCENES ATTEND TRIAL

(Continued from Page 1.)

order the procurator general rose and said: "I am authorized by the government to declare that the documents referred to in yesterday's testimony are only pretended copies of documents which do not exist."

Maitre Labori: "We consider the incident closed."

Chenu Grows Sarcastic.

Charles Chenu, the lawyer representing the interests of the Figaro and those of Calmette's heirs then said sarcastically, "I regard the incident as only an enjoyable diversion. It has pleased M. Caillaux to transform a criminal trial into a political one. He intends to go from here with a certificate of loyalty to France. Much good it will do him."

The procurator general explained that the honor and patriotism of M. Caillaux remained unstained.

Maitre Labori objected to the language used by Maitre Chenu.

Georges Prestat, a brother-in-law of the murdered editor and chairman of the Figaro company, was then called to the stand and emphatically denied that the Figaro had been in the pay of foreign banks. The Germans, he said, had never held the majority of the shares of the Figaro as had been alleged. He then read lengthy extracts from memoranda. While M. Prestat was testifying M. Caillaux came from his seat among the witnesses and stood closer to the bar in order to hear better.

Maitre Chenu commenting on M. Prestat's testimony said:

"I will add that it does not become M. Caillaux to come here and endeavor to soil the grave which his wife made."

Exciting Scene Follows.

There followed an exciting scene. Many of those in court rose from their seats and shouted "Bravo," while others hissed and murmured until Judge Louis Albanet was obliged to call the court to order with a severe reprimand. M. Caillaux in a state of extreme agitation exclaimed:

"Since I must take notice of what this lawyer has said I will ask him if he will take personal responsibility for his words."

Another sensation was caused among the spectators by this exclamation and loud "Bravos" for M. Caillaux were heard all over the court. When the noise had somewhat subsided Maitre Chenu replied:

"I take the entire responsibility. You cannot menace me here. You doubtless do not know the temper of the man whom you address."

The disorder in court was so great that Judge Albanet threatened to clear the chamber if the manifestations were repeated.

When quiet had been restored Georges Fromentin, a sales clerk in the gun store where Madame Caillaux purchased the weapon with which she killed Calmette, was then called. He took an automatic pistol from the package in front of the judges and explained its action.

Maitre Chenu said: "Mme. Caillaux did not say when she loaded the pistol."

Mme. Caillaux: "As soon as I got into the motor car before I could forget Fromentin's explanations."

Had Practiced Shooting.

Mme. Caillaux added: "I had never fired a pistol, but I had hunted with my husband. I bought a gun at the same place."

Another gunsmith's employe said Mme. Caillaux had practiced in the range under the store. Three of her six shots struck a target the size of a human figure.

Mme. Caillaux: "I tried this pistol solely at the request of the employe. He wanted me to be sure I knew how it worked."

Yves Delbos, editor in chief of Le Radical, related that he had met Mme. Caillaux on the day of the shooting. He said: "She seemed depressed and agitated."

Mme. Louise De Mesagne-Estradere, formerly society editor of the Figaro, amid profound silence, testified she had dined in company with Mme. Caillaux about two months before the shooting. She continued: "Mme. Caillaux said Mme. Gueydan, the former wife of M. Caillaux, was going from one newspaper office to another with letters against her. I tried to reassure her by saying information was to the effect that Mme. Gueydan had refused to sell the letters to Calmette for $6,000. I knew nothing of the 'Thy Joe' letter."

"Will you not give more precise testimony about Mme. Gueydan's letters?" interrupted Mme. Caillaux.

The witness did not reply and a moment later left the stand.

GRAND RAPIDS MAN IS CHOSEN

(Continued from Page 1.)

Columbus, Ohio, received two votes upon the first ballot. The second ballot was unanimous for General Loomis.

According to an announcement by retiring Major General Arthur P. Stobbart, the newly elected chief of the Army of the Lily probably will take his office the first of August under appointment by Thomas J. Carling, supreme commander, although his election will have to be verified August 4 by the supreme council in its session at Winnipeg, Canada.

The morning's program was featured by an event not listed when the Illinois brigade band was dismissed and ordered to return home following their failure to appear as scheduled to play for the flag ceremony. It was said the sleepy band leader refused to heed the summons of Maj. W. H. Sloan.

The Program Today.

On the program today were the first of the prize contest drills, which began at 9:30 o'clock this morning with the class A companies, Washington company, No. 1, Washington, D. C.; Island City company, No. 17, Eaton Rapids, Mich.; Pittsburg company, No. 38, Pittsburg, Kan.; Linton company, No. 97, Linton, Ind., and Clinton company, No. 105, Clinton, Ind., competing. At 10 o'clock the biennial meeting of the supreme assembly, military department, K. of P., met at the camp headquarters. The principal business before the assembly was the selection of a new major general to succeed Major General Arthur J. Stobbart, and the selection of the city for the next encampment. Nashville, Tenn., Buffalo, New York, and Peoria, Ill., seek the next encampment, with Nashville claiming the honor.

At the same hour a reception and musical was given at the Pythian temple for the past chiefs' association with the Pythian sisters as hostesses. At 1:30 o'clock this afternoon the subordinate lodge parade for which prizes are offered aggregating $900 for best appearance and number in line, took place, and tonight the Iola degree team, of Dayton, Ohio, will confer the dramatic third rank on a class of candidates in a monster tent on the camp grounds.

and lined up for the procession through the shady groves of the park, the spectacle was a pretty one. Hundreds of carriages formed in the line of march and as the procession moved through the trees and down the winding paths the sight was entrancing.

Special car service to and from the park was maintained during the day, and while shortly before the noon hour, the rush almost swamped the service, the crowds were handled in the best possible manner.

ANOTHER FINFECTED RAT.

Rodent Is Found Far from First Case at New Orleans.

New Orleans, July 22.—The list of rates infected with bubonic plague was increased to seven here today when examination of a rodent captured at No. 819 Antoine street showed that it harbored plague germs. The rat was caught near the Stuyvesant docks, forty-one blocks from the point where the first case developed. No more cases of the disease had been reported today, and those at the isolation hospital were reported to be "doing nicely."

WEIL BROTHERS SUE FOR $5,000

Demand Big Sum from Indemnity Concern for Injury to Employe.

Abraham Weil and Isaac Weil, doing business as Weil Brothers, have brought suit in the circuit court against the Maryland Casualty company, of Baltimore, Md., demanding $5,000, alleged to be due on a policy held by the plaintiffs in that concern to indemnify them against loss by reason of injury to the plaintiffs' employes. It is set forth that the policy covers the plaintiffs' business and specifically the freight elevator in their building at 113-15 West Jefferson street, Fort Wayne, and that in January of this year one Fred Fox, an employe, was injured by the elevator, receiving injuries that confined him for two months in a hospital and incapacitated for a period of four months from work. The plaintiffs say that by reason of these injuries they were put under a great expense for hospital care, medical attendance and the injured man's wages. The defendant is alleged to have failed and refused to make good the policy held by the plaintiffs.

But for divorce suits the courts would have little business to show for the midsummer season. Other classes of litigants take the heated term easy in common with the bulk of mankind, but warring couples cannot wait and they go to the courts regardless of 96 in the shade and a humidity that wilts man and beast.

Short and Full of Trouble.

Ethel Miller has filed a divorce suit in the circuit court against Edward Miller, setting forth that they were married April 25, 1913, and separated June 19, 1914. She alleges that he has treated her in a cruel and inhuman manner, was quarrelsome and abusive, often angry at her, cursed her and during the time they lived together bought her no clothes. The plaintiff resides at 1442 Broadway.

Told Her to Get a Divorce.

In her divorce complaint in the superior court against Sidney Sowers it is stated by Bertha Sowers that her husband left her without cause or provocation the 10th of last June and told her to go get a divorce; that if she did not he would. They were married August 6, 1913, and she says that he always treated her badly, that his demeanor toward her was indifferent and distant and not that of a husband, that he took no interest in her comfort or welfare and told her he had another woman he thought more of than he did his wife. She asks tha her maiden name of Rogner be restored.

Notes of the Courts.

Erwin E. Richards has commenced suit in the superior court against Jason Horn to recover $175 on a note.

Mary Berg Hanly, and others, have commenced suit in the circuit court against John C. Zuber, and others, for partition of real estate.

In the superior court Eugene Pauley has sued Hayes W. Glass and others to foreclose a mechanic's lien for $200.

George E. Barva has commenced suit in the superior court against Sylvester F. Sutton and others on account and to foreclose a mechanic's lien, demanding $50.

In the superior court Judge W. C. Ryan has dismissed the suit of Julia Groman vs. Joseph Groman.

Edward Bertsch has brought suit in the superior court against Lorenzo D. George and others to quiet title to real estate.

CARRANZA GIVEN WELCOME.

Rebel Leader's Journey Through Mexico Triumphal March.

On board Gen. Carranza's special train en route to Tampico Victoria, Mex., via Laredo, Texas, July 22.—Gen. Carranza was given an enthusiastic welcome at the towns along the line from Monterey to Victoria to-day. He will remain two days in Tampico, which point he will reach tomorrow and then return to Saltillo via Monterey, where he expects to receive the delegates from President Carbajal and also Eufemio Zapata, brother of General Emiliano Zapata. He will confer with him concerning the disposition of the Zapata troops and details of the entry into Mexico City. John R. Silliman, who is aboard the train, had several long interviews with General Carranza and several of his cabinet officers. General Natra and General Triana accompanied Carranza to Victoria.

LAYING OF CORNERSTONE.

Event Will Be Observed by Zion's Lutheran Church at Monroeville Sunday.

Next Sunday afternoon the German Evangelical Lutheran church at Monroeville will lay the cornerstone of their new church edifice. The present house of worship of this congregation is located about three miles southeast of Monroeville, and is known as the Schlemmer church.

Some time ago the congregation deemed it advisable to erect a church in the town and upon completion the services will be held there. The old church building will be used as the chapel at the cemetery.

The services at the cornerstone laying will commence at 2 o'clock. Rev. K. Hoffman will speak in the German language and Rev. H. Osterbius in the English language, while the usual ceremonies of a cornerstone laying will be conducted by Rev. H. B. Kohlmeier, of New Haven, who at present has charge of the congregation.

CREATE WILD TUMULT.

Militant Suffragettes Enact Very Stormy Scene in Belfast.

Belfast, July 22.—A crowd of militant suffragettes today created a wild tumult in the assize court and its vicinity when Miss Dorothy Evans, an official of the Belfast branch of the Women's Social and Political union, was brought up for trial on the charge of having in her possession explosives for the purpose of committing a felony. Miss Evans had been arrested in the house of the lord mayor of Belfast.

The suffragettes broke windows and savagely assaulted the police. The disturbance was so great that proceedings had to be suspended for a time.

The funeral and interment of Charles A. Booth, a brother of Mrs. Charles O'Connor, of 213 East Leith street, took place this morning in Albuquerque, N. M.

plement of officers for the marines already at Guantanamo and will remain there to transport the force to Haiti should an emergency arise while the Hancock is away for more troops.

The transport Hancock, which has just landed 300 at Guantanamo, is now headed for the Philadelphia navy yard to return with another load to bring the total force up to at least one thousand.

With these preparations President Wilson's decision as to what action the United States shall take to quell the revolutions in the island republic and satisfy the pressure of European creditors will be awaited.

War and navy officials, confident that peace can be restored on the island only by the active intervention of the United States, are perfecting their plans.

ARRIVES WITH REFUGEES.

San Juan, Porto Rico, July 22.—The United States revenue cutter Algonquin arrived here last night from Puerto Plata, Dominican republic, with 166 refugees, mostly Porto Ricans, on board. One woman died during the voyage from the effects of starvation. The condition of those remaining in Santo Domingo was reported to be pitiable as it was almost impossible to obtain food stuffs, the prices of which were prohibitive. A report was brought here by the Algonquin that an American bluejacket on board the gunboat Machias had been shot in the leg by a bullet from the shore.

NEWS OF FORT WAYNE'S NEIGHBORS

RECALLS A DISAPPEARANCE.

Warsaw, Ind., July 22.—The finding of the skeleton of a man on the Hartsough farm, in the extreme southern part of Kosciusko county, near Rose Hill, recalls the mysterious disappearance in that vicinity of William Lightcap, a timber buyer, thirty-five years ago. Lightcap suddenly dropped from sight and never since has been heard from. The opinion has always persisted in the neighborhood that he was made away with by two nephews by marriage, who were after his money. There never has been any definite proof that he was dead. The skeleton was unearthed from a shallow grave in a gravel pit, where Contractor Jacob Hoefer was plowing. The skeleton was much bent in order to force it into the small grave. Coroner Kelly has ordered the burial of the bones.

BARN BURNS; LOSS OF $4,000.

Warsaw, Ind., July 22. A blaze which started at the engine of a thrashing outfit that was at work on the farm of Emanuel Hepler and tenanted by David Beecher, seven miles northeast of Etna Green, caused the destruction of the large barn together with its contents of grain, hay and farming implements and machinery, killing four fine horses and wiped out the thrashing machinery and greatly damaged the engine. The thrashers were just finishing their work when the fire started. All the men about the place had a hard fight to save the residence, which several times caught fire. The total loss is $4,000; partly insured.

FLEE TO KALAMAZOO TO WED.

Kalamazoo, Mich., July 22.—Ralph Taylor, aged 21, and Miss Nellie Chilcote, aged 16, both of Monroeville, Ind., eloped to this city, took out a marriage license and were joined in wedlock.

DIES IN ARMS OF WIFE.

Hartford City, Ind., July 22.—Isaac Tharp, aged 66, a prominent farmer residing a quarter-mile west of Mill Grove, dropped dead in his wife's arms, following an attack of heart trouble. He had been suffering for about two years with heart disease and at midnight was taken suddenly worse. His wife and daughter were massaging him and the daughter stepped for a moment into an adjoining room. Suddenly Mr. Tharp collapsed and died almost instantly in his wife's arms without uttering a word. He was born in Jackson township, this county.

ONION BUYERS LOOK AT CROPS.

Kendallville, Ind., July 22.—During this week the onion buyers from Indianapolis, Fort Wayne, St. Louis, Cleveland and other sections will be quietly making a trip around the onion growing sections of Wolf Lake, Kendallville and other localities, and it looks like the grower will have no trouble in contracting his crop at a very good price this year. White onions are selling from $1.50 to $2.00 a bushel, but the onions of this grade are few. From 10 to 80 cents per bushel has been offered for reds and yellows. The crop in this locality looks very good.

COMPANY DEEPLY IN DEBT.

Portland, Ind., July 22.—Suit for a receiver, alleging that the defendant company is engulfed with an indebtedness of $90,000 or more, was entered in the circuit court by William H. Foster against the Portland Foundry and Machine company, commonly termed the "drop forge" factory. Foster is the owner of six shares of stock, valued at $600 and was the first general manager of the company. He is also plaintiff in other actions that have been pending in court for some time in which he has sought to collect money alleged to be due him for salary and on his stock.

BABE'S NARROW ESCAPE.

Warsaw, Ind., July 22.—Lena, two-year-old daughter of Mr. and Mrs. Fred Haub, residing south of Milford, had a narrow escape from death by drowning when she fell into a tank from which stock is watered. There was about a foot of water in the tank and the little one was entirely submerged and was unconscious when taken out. A physician was summoned from Milford and by hard work respiration was restored. The child had been playing in the yard and wandered to the barnyard and while playing around the tank fell in.

AGENT FOR WELLS COUNTY.

Bluffton, Ind., July 22.—Harry Gray, of Galveston, Cass county, a graduate of the common schools of the state, of Indiana university and of a post-graduate course at Purdue university, has been elected county agent for Wells county by the county board of education, under the provisions of a law of the last legislature, which designs the establishment of systematic agricultural instruction in the county schools. He is 40 years old and the owner of a large farm in Cass county.

FIRST STEP FOR NEW LIBRARY.

Warsaw, Ind., July 22.—The first steps for Warsaw's new Carnegie library were taken when a committee, representing the twelve Women's clubs in this city appeared before the city council and asked for the levying of a small tax for the maintainence and also asked the city to take the present city library. The matter was taken under advisement and was left to the council as a committee of which Mayor Richardson is to act as chairman. It is probable that definite action will be taken in the matter so that the levy can be made in September.

DEKALB'S FIRST NATIVE WOMAN.

Waterloo, Ind., July 22.—Mrs. Rebecca Fretz, the first white child born in DeKalb county, has exercised the right to suffrage. She was born November 1, 1836. Her home is now in Washington, and she is here on a visit. Mrs. Fretz was married in DeKalb county in 1857.

In September, 1879, Mrs. Fretz, with her husband and family, moved to Albany, Mo., where for twenty-four years they engaged in the hotel business. In 1913 they moved to Everett, Wash., where Mr. Fretz died November 23, 1910.

AGED WOMAN IS INJURED.

Auburn, Ind., July 22.—While on her way into the home of her daughter, Mrs. Mary Bishop, in her seventy-third year, fell at the J. W. Smith residence and broke her arm. Mrs. Bishop is seventy-three years old today. She has made her home with her daughter for quite a long time. She started to go into the house when she was stricken by dizziness and fell back on the ground. She was found lying on the ground by Mr. Smith and was assisted into the house.

QUARREL OVER A FUNERAL.

Huntington, Ind., July 22.—Following a bitter quarrel over her sister's funeral Mrs. Newell Finley had her husband arrested by the police, claiming that she was in fear he would take her life. During the afternoon Mrs. Finley had filed suit for divorce. Finley heard of it, drew $500 from the bank, said he did not care a rap about the orders of Judge Cook in the circuit court and was going to leave town. He was locked up.

BREAKS ARM IN TWO PLACES.

Montpelier, Ind., July 22.—While playing at his home Thomas, little son of Edward Walsh and wife, residing on North Washington street, fell and broke his right arm. Medical attention was called and upon examination it was found that both of the bones in the arm were broken. The arm was set and although the break is a bad one and very painful it is thought that the little boy will get along nicely.

MAKING A SOIL SURVEY.

Portland, Ind., July 22.—Prof. A. D Hole, of Earlham college, Richmond, and his student assistants, who are taking the soil survey of Jay county, have advanced in the work to Jackson township, having already completed half of the task. About six weeks will be required to finish securing the data which will form a part of the state geologist's report next year.

TO ABANDON GENEVA OIL FIELD.

Geneva, Ind., July 22.—The Clifton Oil company, which has operated in this field for several years, is preparing to pull out its wells and abandon the oil business in this section. About two years ago the company built a compressor, about three miles from here, and expended nearly $35,000. The plant will probably be shipped to Oklahoma.

REMOVING OLD STEEL BRIDGE.

Portland, Ind., July 22.—The work of removing the old steel bridge spanning the Salamonia river at the South Meridian street intersection in this city, was begun today. The new concrete structure to replace the old viaduct will be started at once. The old bridge is to be removed to a point in Wabash township and reconstructed over the Limber Lost creek near the Leonhard farm.

COLLIDES WITH A DOG.

Bluffton, Ind., July 22.—John Painter received some painful bruises from an accident while riding his motorcycle. He was riding north on Main street at a fair rate of speed when suddenly a dog ran into the street in front of the motorcycle. Mr. Painter tried to turn the machine to one side, to miss the dog, but was unable to do so and he received a bad fall.

ROANOKE TO PAVE STREETS.

Roanoke, Ind., July 22. The town council has let a contract for paving thirteen squares of streets, the work to be done in the near future. The C. C. Huffine company, of Frankfort, Ind., was awarded the contract. Among other bidders was the Moellering Construction company, of Fort Wayne.

DRINKS LYE; CHILD IS BURNED.

Kendallville, Ind., July 22.—Arcile, daughter of Mr. and Mrs. Blanchard Butler, residing west of the city, was severely burned about the mouth and stomach as the result of swallowing a quantity of lye.

MONROEVILLE NEWS.

Monroeville, Ind., July 22. Henry McIntosh was able to return home from the hospital Tuesday morning, and it is now thought that he will be able to see out of the eye that was injured.

Mr. and Mrs. J. L. Thompson and Mrs. Dan Battenberg of Indianapolis spent hospital Tuesday morning and it is now thought that he will be able to see out of the eye that was injured.

Mr. and Mrs. J. L. Thompson and Mrs. Dan Battenberg of Indianapolis spent part of the past week with M. P. Morgan and family.

J. D. Simplot, who lately published a newspaper, at Roanoke will start a semi-weekly paper here in a short time. The paper will be known as the Monroeville Times and will probably be located in the Miller building north of the post-office. Rev. Frakes will be associated with Mr. Simplot in the new venture.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

New Home Treatment for Banishing Hairs

(Beauty Topics)

With the aid of a delatone paste, it is an easy matter for any woman to remove every trace of hair or fuzz from face, neck and arms. Enough of the powdered delatone and water is mixed into a thick paste and spread on the hairy surface for about 2 minutes, then rubbed off and the skin washed. This completely removes the hair, but to avoid disappointment, get the delatone in an original package.

THE SENTINEL'S DAILY SCRIPTURE READING.

Acts 26:6-18.

6 And now I stand and am judged for the hope of the promise made of God unto our fathers;

7 Unto which promise our twelve tribes, instantly serving God day and night, hope to come. For which hope's sake, king Agrippa, I am accused of the Jews.

8 Why should it be thought a thing incredible with you, that God should raise the dead?

9 I verily thought with myself, that I ought to do many things contrary to the name of Jesus of Nazareth.

10 Which thing I also did in Jerusalem: and many of the saints did I shut up in prison, having received authority from the chief priests; and when they were put to death, I gave my voice against them.

11 And I punished them oft in every synagogue, and compelled them to blaspheme; and being exceedingly mad against them, I persecuted them even unto strange cities.

12 Whereupon as I went to Damascus with authority and commission from the chief priests,

13 At midday, O king, I saw in the way a light from heaven, above the brightness of the sun, shining round about me and them which journeyed with me.

14 And when we were all fallen to the earth, I heard a voice speaking unto me, and saying in the Hebrew tongue, Saul, Saul, why persecutest thou me? it is hard for thee to kick against the pricks.

15 And I said, Who art thou, Lord? And he said, I am Jesus whom thou persecutest.

16 But rise, and stand upon thy feet: for I have appeared unto thee for this purpose, to make thee a minister and a witness both of these things which thou hast seen, and of those things in the which I will appear unto thee;

17 Delivering thee from the people, and from the Gentiles, unto whom now I send thee.

18 To open their eyes, and to turn them from darkness to light, and from the power of Satan unto God, that they may receive forgiveness of sins, and inheritance among them which are sanctified by faith that is in me.

Federal Aid to Good Roads

Something like $12,550,000 of federal highway bonds will be made available for Indiana if the bill providing for federal aid to good roads which has just been ordered reported by the senate committee on postoffice and post roads becomes a law. The good roads movement now so much in evidence in Indiana and other states has spread to the federal government, but we seriously doubt if there is any real crying necessity for assistance from Uncle Sam in this direction.

The bill provides for the issuance of $500,000,000 of 3 per cent. bonds, not more than $50,000,000 to be issued in one year. The issuance of bonds is not to begin until July 1, 1918. If this provision is accepted the majority will have succeeded in avoiding an immediate drain on the federal treasury or an immediate tax on the credit of the government. States desiring to share in the apportionment must deposit with the federal government state bonds bearing 4 per cent. interest equal in amount to the sum of federal funds which it wishes to employ. The added 1 per cent. interest paid by the state to the federal government is to be allotted to a sinking fund. At the end of fifty years the sinking fund would provide half the redemption money and the state would be called on to meet only half the principal. The apportionment is based equally on land area, population, as shown by the census of 1910, the assessed valuation of property and the total mileage of roads.

It is provided that the bonds of states shall not be accepted if the total outstanding bonds, including the highway securities, exceed 10 per cent. of the assessed valuation of the state. So, while Uncle Sam may be inspired by a certain sort of benevolence in the matter, he is taking no chances on his security. We do not believe the plan is apt to appear attractive to states which, as is the case in Indiana, find no difficulty whatever in floating all the highway bonds they care to issue.

With republican leaders insisting that the progressive party in the Twelfth district has peacefully but certainly disintegrated, and Progressive Chairman Brown, after a whirlwind tour of the district in the bull mooosing automobile asserting that the republican party is an entirely negligible quantity, we think the perplexity of the voter over this question is excusable. The one thing certain up to this time is that 1914 is going to be a tough year for some of the political prophets in the Twelfth district.

Congressman McDermott, of Illinois, whose name became entagled in the Mulhall lobbying charges, may or may not have taken a long chance in summarily tendering his resignation and in the same breath asking his loving constituents to re-elect him as a vindication. At any rate, he is positive that the stockyards folk will not mind doing a little favor like that for a friend.

The rolling pin as a weapon in the hands of an irate woman has been one of the stock standbys of the joke-smiths from time immemorial, but it has remained for an Allen county man who has just filed in the local courts complaint for divorce to give the first semblance of plausibility to the ancient legend. He says it really happened to him.

A special session of the Ohio legislature, convened by Governor Cox, completed its work and adjourned in eleven hours. Yet we are told in some quarters that the day of miracles has passed.

While the active canvass for signatures to the convention hall petitions has closed, there is still opportunity for you to affix your name and help the cause along if you've not already done so.

PRESS COMMENT ON SIR WILLIAM OSLER.

All Susceptible.

Albany Knickerbocker Press: "The only value in the announcement of Dr. Osler is to impress upon the world how readily susceptible all of us are to tuberculosis if we do not get plenty of fresh air, sunlight and proper exercise."

The Fiftieth Birthday.

Cleveland Leader: "Dr. Osler says everybody has tuberculosis. Now we won't be put to the trouble of chloroforming everybody as soon as he reaches his fiftieth birthday."

Not Alarming.

Baltimore American: "As very many persons carry about with them diphtheretic, scarlet fever and other germs without the disease becoming active or in most instances dangerous to others, the addition of tuberculosis to the list need not be alarming."

The Loveliest Thoughts.

New York Evening Telegram: "Sir William Osler, regis professor of medicine at Oxford university—old Chief Turn-on-the-Gas-When-You're-Fifty — says 90 per cent. of us are tuberculous. That man certainly does have the loveliest thoughts."

Old Idea Doomed.

Baltimore Sun: "The old idea that the man who develops a case of consumption is doomed is no longer tenable."

Another Try.

Washington Star: "Evidently the doctor is making another try for the pessimist championship."

Interesting Suggestion.

Rochester Post-Express: "Dr. Osler, whose interesting suggestion that people might well be chloroformed when they come to the age of sixty attracted some attention a few years since, appears to take delight in startling the world."

IMPROVING BUSINESS.

(Indianapolis News.)

Business at last actually seems to have taken an upward turn. Word comes from Cincinnati that most of the big shoe factories are running full time and up to full capacity. One of the manufacturers says that "the outlook for a general improvement in business all over the country is very bright," and that he is unable to "see anything else to it but a big improvement in business for the coming year." In New York there is a much more cheerful feeling, due to big crops and cheap money. Even in steel there has been an improvement this month over the better conditions that prevailed in June. The mills expect to continue to operate at 65 per cent. of their capacity instead of greatly reducing output, as they usually do in July.

The railroads are in the market for cars, locomotives and rails, and it is believed that this demand will increase. There can be no doubt as to the existence of a better and more hopeful feeling. It would be foolish to pretend that the depression has disappeared. But it would be quite as foolish not to recognize the better conditions. Of course the enormous crops are the most important factor. The pouring of this vast amount of wealth into the channels of trade can not but have a stimulating effect.

We think further that the optimism of the west, which is the first section to feel the effect of the crops, will influence—indeed has already influenced—the east. It is significant that even those who might be thought to have a selfish political interest in magnifying depressing influences are now, many of them, talking prosperity. The country has a considerable distance to travel yet, but it really begins to look as though it were on the way. Fundamental conditions are undoubtedly sound, and when prosperity does come it will rest on a firm foundation.

DIVORCE WRECKS A HERO WEDDING

Kathryn Williams, Noted Movie Star, Appeals to the Courts.

Los Angeles, July 21.—Kathryn Williams, noted motion picture actress, who appeared in the film dramatization of Rex Beach's famous novel, "The Spoilers," will take the leading role in a one-reel feature of real life that is scheduled for one production in the divorce court here, when her separation suit comes to trial soon.

KATHRYN WILLIAMS.

She charges her husband, F. R. Allen, with desertion. They were married in 1913 and lived together three months.

The wedding was the outcome of a heroic romance, in which Allen, also an actor, saved her life when a big elephant which she was riding stampeded the whole herd and Miss Williams was thrown when the brute ran through a board fence. Allen was playing in the same skit and rushed to her rescue. She suffered internal injuries, but recovered and the wedding followed.

Miss Williams' work in the movies has been largely with wild animals.

She asks for alimony and the custody of her 9 year-old boy by a former marriage.

MOTOR TO CHICAGO.

Messrs. Stouder and Barnett Will Purchase Scenery for Theater.

Frank E. Souder and B. H. Barnett, who are building the new Kieth vaudeville theater on Washington boulevard east, motored to Chicago Tuesday afternoon and will remain in the windy city for several days on business. Among other things, they intend to complete the purchase of new scenery for their theater and select patterns to be designed for stage drops and other settings.

WAS SLIGHTLY INJURED.

Mrs. William Miller, of South Hanna street, sustained slight injuries to her arm Wednesday morning when she figured in a runaway on South Fairfield avenue, close to the Weber drug store. The horse which she was driving became frightened by a passing freight at the Pennsylvania elevation and when she saw that she could not stop the frightened animal she jumped from the buggy, luckily alighting on her feet. The only injury she sustained was a slight cut on her right arm. The horse was caught on Creighton avenue, after it had broken loose from the buggy.

Paul Trier, jr., is at Kalamazoo on business.

HELD UNDER SURVEILLANCE.

What to Do With Men Ordered Deported Puzzles Mexican Officials.

Augua Prieta, Sonora, July 22.—Twenty or more leaders ordered deported from Cananea because of alleged activity in the strike at the mines and smelter of the Cananea Consolidated Copper company, are held here under surveillance while the officials are at a loss where to send them. The men and their families were refused admission to the United States by the immigration authorities when they were taken to Nacos. They were brought here to be held until the problem of their destination is solved.

Rumors that the men might be executed are not credited here because of public sentiment.

WAR AGAINST ARMY WORM.

Pest Ridden Sections of Pittsburg Attacked by Chemicals.

Pittsburg, Pa., July 22.—The campaign against the army worm began here in earnest today when park employes and others attacked pest ridden sections of the city with chemicals. Mrs. G. W. Chase, wife of the superintendent of grounds at the University of Pittsburg, saved the lawns and shrubbery there by suggesting the use of lead arsenate after members of the faculty had tried in vain every chemical solution with which they were familiar. Much damage has already been done to lawns and trees in all parts of the city but horticulturists today expressed the belief that a general attack would drive the worm away.

MUCH GOLD ARRIVES.

Total of $800,000 in Bullion From Alaska Reaches Seattle.

Seattle, Wash., July 22.—Eight hundred thousand dollars in gold bullion, the largest consignment received from the north this year was brought from Nome, Alaska, by the steamer Victoria, which arrived yesterday. The Victoria also had $750,000 worth of furs.

According to a recent issue of the Statist (London), British capital invested in Mexico at the end of 1913, exclusive of a large amount of private capital, aggregated $481,875,950.

CROWDS GREET PIZARO

GAZE WITH AWE ON MARVELOUS WORK—DEAF, RHEUMATIC AND CRIPPLED RELIEVED BEFORE CROWDS' VERY EYES.

Free Concert Big Success—Another Lecture and Entertainment Given Tonight—Office at 215 West Berry Street Crowded Daily.

Pizaro, the much-tiked-of man opened his first series of lectures and free concerts last night on the lot, corner South Calhoun and Creighton avenue. It is estimated that three thousand people turned out to see and hear this man. The crowd was more than pleased as one could tell by the expression on their faces. Pizaro is an interesting talker and holds his audience spellbound. Pizaro claims stomach trouble is an epidemic in all cities and causes most all ailments of the human family. He also claims that no man, woman or child can be sick with a healthy digestive apparatus. Pizaro called for people who were suffering from stiff arms, deafness, rheumatism, etc., to come upon the platform and test the healing power of his new discovery.

Marvelous Work Done.

In response to his liberal offer Mr. E. H. Barlow came upon the platform and stated that he has been troubled with lame back and rheumatism for several years and a constant pain in the back for four years. Pizaro produced a peculiar looking medicine and had his physician in charge to apply the remedy to Mr. Barlow's back. In less than three minutes Mr. Barlow stated that the terrible pain had left him.

More Proof.

Mrs. Harry Marshall, 136 East Lawrence street, Mishawaka, stated that for years she was a victim to stomach trouble in its worst form, causing vertigo and dizzy spells. "Hot and cold flashes would come over me and at times I would feel like fainting, my stomach would bloat, food soured and fermented. Headache? I was discouraged until I heard Pizaro talk, and then and there I made up my mind to try Pizaro's preparation. Well, to make a long story short, after using Pizaro's remedy I am cured sound and well and I can cheerfully recommend his remedy to all who suffer.

It is said that Pizaro brings hundreds of testimoniuls from South Bend, Mishawaka, Laporte and Hammond, Indiana, and it is said that his remedy has removed over two thousand monster tape worms in the last three months from prominent people in the state of Indiana.

PIZARO'S DOCTOR.

Pizaro has made arrangements for the public to call daily at the headquarters, 215 West Berry St. Pizaro's physician in charge will give free examinations and consultations to all who call between the hours of 9 to 12, mornings, 1 to 4 afternoons. Open evenings from 7 to 8.

FORT WAYNE TO FEATURE SHOW.

Elks' Band Engaged for Big Event at Defiance, Ohio.

The Elks band of this city has been engaged by the Defiance, Ohio, Lodge of Elks, to open their big celebration of home coming week, at Defiance, Ohio, commencing Monday, August 3rd.

The Fort Wayne lodge of Elks are arranging for a special train over the Wabash to go to Defiance on the opening day, August 3rd, and invites all persons, whether Elks or not, who have relatives and friends in Defiance, to join them, and go on the special train with the band, at a very reduced fare. This offers fine opportunity for those interested to visit their friends, and also go with a bunch of jolly good fellows and their families (for the ladies are also invited), and enjoy the time of their lives. L. A. Worch has charge of the sale of the railroad tickets.

"I am having my goods shipped to a false name, as I do not want Fort Wayne merchants to know that I went out of town to buy. You must therefore send me a copy of the shipping receipt, so that I can claim my goods at the railroad office."

This is an extract from a letter of a woman in this city ordering goods of a mail order house. She must at least be given the credit of knowing that she was not doing a creditable thing.

Upon exactly the same article of Furniture we will guarantee our customers a saving of at least 10 per cent. over out-of-town houses.

CELEBRATING ANNIVERSARY.

Meyer Drug Company Has Been in Business in This City for 62 Years.

The Meyer drug stores, four in number, are celebrating the sixty-second anniversary of the birth of the business this week. In commemoration of this fact each of the four stores is conducting a great reduction sale on all goods in their stores.

In the days when there were no railways through these regions the newspapers of this city besides other announcements oftentimes announced the card bearing the name of the Wall & Meyer drug store. There were other pharmacist shops at that time but this one was destined to outgrow all others. Later the firm changed to Meyer & Bro., and they started to build a solid foundation of honesty and integrity which undoubtedly is the reason for their great success of today.

In those days when Fort Wayne was small, this place of business was called an apothecary shop and only dealt in drugs and old fashioned remedies. At the present time besides a full line of drugs the firm now handles all kinds of toilet preparations and also all the Rexall remedies. The soda fountain business is also one of its features. Especially is this true of the uptown stores.

ARRESTED FOR EMBEZZLEMENT

J. L. Lewis, General Agent of Casualty Company, Held for $391.

James L. Lewis, 2403 John street, general agent for the National Casualty company, with offices in 511-12 Shoaff building, was arrested at 9 o'clock Wednesday morning by Detective Sergeants W. F. Pappert and Charles Spillner on an affidavit sworn to by Horace L. Curtis, an auditor for the company, and charging the embezzlement of $391.71. The arrest was made at the company's offices. It is said that a checking up of Lewis' accounts revealed the shortage complained of in the affidavit. Lewis stated at police headquarters that the shortage was merely a matter of accounts and that he had expected to be able to adjust the matter last Saturday and would yet be able to do so. He accompanied the officers to the station without protest, listened to the reading of the warrant and at once set about an effort to get bond, which Judge Kerr, of the city court, said would be fixed at $500. The National Casualty company writes accident and similar insurance policies.

NEWS OF THE CITY COURT.

Man With One Arm and One Leg Up for Assault and Battery.

Oscar Foster, who is shy his right arm and his right leg was arraigned in the city court on a charge of assault and battery preferred by Bill Overly, who said he had been man-handled by Oscar, following a quarrel over the deal that involved possession of a horse that, from accounts, was hardly worth the trouble he brewed. Overly sold Foster the horse and Foster went to some expense to have the animal repaired to a state of practical efficiency as a beast of burden. Then Overly wanted the horse back and Foster wanted compensation for boarding the beast, besides reimbursement for money expended in physical betterments. The result was a quarrel and a fight. Overly is older than Foster, but has a complete normal equipment of extremities. Nevertheless, he appears to have fared badly in the encounter. Judge Kerr entered an indefinite continuance of the case against Foster on condition that he let Overly have the horse and not attempt to do anything more to Overly.

"All right; but he'd better keep away. I'll take care of anybody I can get to with my right hand," warned Foster, who was in turn warned by the court to make no threats.

McDevitt Draws a Fine.

Jim McDevitt, 1353 Guthrie street, is acquiring a deserved fame for staging the wildest scenes in the city and after hearing the police version of Jim's diversions about midnight Tuesday night at the corner of Taylor and Nelson streets, Judge Kerr soaked him $5 and costs. Jim didn't deny that he had cut loose to some extent. When Officers Hall, Fry and Bunck reached the theater of the disturbance eight men were trying to hold James on the ground. They thought he was suffering with a fatal seizure of some sort, but the police squad doped his malady instantly and tossed him into the wagon and carted him to headquarters.

Father Charges Son With Burglary.

Charles W. Sandmeyer, 2418 Thompson avenue, appeared in the city court Wednesday morning and swore to an affidavit charging his son, Dewey, aged 16, with entering a house to commit a felony. The boy has been in trouble before. The affidavit charges that he entered the house of one Weaver and committed a robbery. The Weavers were absent at the time. Because Judge Eggeman, of the Allen circuit court, is absent from the city and the juvenile court will not convene for some time, it was asked by Probation Officer Work that Sandmeyer take his son home and keep him. This the father refused to do, saying he did not want the lad about. The boy will be sent to a farm near Columbia City for a time, in the hope that it will do him good. At all events it will prevent necessity to lock him up in the Allen county jail.

Other City Court Cases.

"Beans" Crawford, a police court fixture, was sent to jail for eleven days on a drunk charge. He was arrested at the instance of his mother.

Ed W. Williams, arrested Saturday in a saloon near the circus grounds and charged with drunkenness, pleaded guilty and paid a fine of $1 and costs. When arrested by Detective Sergeant Joseph Brennan the man was diligently cultivating the confidence of an old man who made a noise like money.

William Butt, the negro porter charged with assault and battery by William Bedford, a pie merchant, was continued indefinitely. The negro has good repute for minding his own business.

Eldon Beal was held on a fugitive warrant to await the arrival of officers from Fostoria, Ohio, where he is wanted on a charge of committing a criminal assault on Daisy Hawk, a girl under 17. Beal was employed by the Maumee dairy here.

NOTES OF THE POLICE.

Chief of Police Lenz on Tuesday received from Detective Clark, of the Barnum & Bailey circus, $46 with which to pay the fines of Harry White and Thomas Smith, colored attaches of the circus, fined Monday in the city court for gambling, and to purchase them tickets to join the circus at Streator, Ill. The men at first were charged with highway robbery by Albert Heider, who was drunk and got into a one-sided crap game with the negroes.

Captain Richard Kelly, night commandant of police, is taking his vacation at Shriner lake, where, with his family and J. B. McKim, a ten-day outing will be enjoyed.

HEART AND LIVER TRANSPOSED.

Queer Find in Case of Wabash Girl Killed By Automobile.

Wabash, Ind., July 22.—An examination made yesterday afternoon following the death earlier in the day of Mabel Talmage, 11 years old, disclosed the fact that her heart was on the right side and that her liver was on the left side.

The girl died four hours after she had been struck by an automobile driven by Luther Tilman, 15 years old. The girl had just stepped from a street car when hit by the automobile.

LOCAL DRIVER HITS GIRL.

Man Named Stevens in Auto Accident Near Peru.

Peru newspapers give space to an automobile accident in which they say a man named Stevens, saying his home is in Fort Wayne, struck a buggy Sunday with his automobile and in the crash injured Elizabeth Yike, 16, of Mexico, and Ethel Jones, 18, of New Waverly. Miss Yike was rendered unconscious and after being taken to New Waverly, it was discovered that the automobile had run over her near the shoulder.

At New Waverly Stevens made a statement that he was en route from Fort Wayne to Logansport. The machine he was driving, he said, was borrowed. As the injured girl regained consciousness after two hours of heroic work on the part of friends and physicians, the luckless driver was allowed to proceed to Logansport on his own recognizance.

BIG SHIPMENT OF SUGAR.

Yesterday's Receipts at Philadelphia Breaks Record.

Philadelphia, Pa., July 22.—A total of 43,400,600 pounds of sugar, the greatest amount ever received here in one day, arrived at this port yesterday on three vessels, one from Hawaii and two from Cuba.

More than half the total quantity was received on the Hawaiian vessel.

MR. MOYNIHAN IS SLATED.

Fort Wayne Editor Will be Given Panama Appointment.

Washington, July 22.—Andrew J. Moynihan, of Fort Wayne, is slated to succeed David Marks, of Wabash, as a member of the Panama canal commission to adjudicate civil claims in the canal zone. His appointment will be indorsed by the Indiana senators. Other candidates for the position are Andrew M. Sweeney and Jerome Herff, of Indianapolis. The position pays $25 a day and expenses and the tenure of office is indefinite.

Bobay—Hergenroether.

Miss Viola Hergenroether and Mr. Ambrose J. Bobay were married in the presence of immediate relatives on Tuesday morning, at 9 o'clock in St. Mary's Catholic church. Mgr. J. H. Oechtering celebrated the nuptial mass. Miss Valette Roussel and Mr. Edward Hergenroether were bridesmaid and groomsman. The bride looked very stylish and attractive in a beautiful costume of which her gown was of embroidered voile hung over pink silk. The bride wore a black velvet hat of newest design and cnarried a bouquet of bride roses. After the wedding service the bridal party was served a breakfast at the home of the bride's parents, Mr. and Mrs. J. R. Hergenroether, 1114 Maumee avenue. An informal reception was held during the day and many friends of this popular young couple called to offer hearty congratulations and many wishes for future happiness. The breakfast table was decorated with white roses and ferns. Garden flowers decorated the other rooms. The latter part of this week the bridal couple will start on a western trip and on their return will begin housekeeping at 554 Kinnaird avenue. Mr. Bobay is a clerk in the Walkover shoe store.

Richard—Puff.

Miss Emma Puff, daughter of Mrs. Wilhelmina Puff, of Grant avenue, and Mr. Albert G. Richard, telegraph operator for the Postal company, were married in Hillsdale, Mich., on Monday. Mr. Richard left the city, stating Chicago as his destination, but as Miss Puff also took a quiet leave for Hillsdale, the report got about and was later confirmed that the two were married in the Michigan city.

Summer Girl in Wintry Garb

Furs and summer zephyrs is one of the curious combinations made this summer by Dame Fashion.

Many of the motor coats worn over summer frocks have big, wintry fur collars, which are very becoming though, perhaps, not quite comfortable on a warm evening.

Plaid Bolero for Schoolgirl's Dress

A smart little bolero of plaid ratine is one of the brown-up fashions Miss TwelveYear-Old has appropriated to herself this summer.

The frock itself is made of white ratine, and with round collar and half sleeves it is simple and prettily girlish notwithstanding the bolero. A belt of plaid ratine is an effective finish for this pretty little dress.

THE FRENCH WOMAN'S ECONOMY.

The average French woman, though she may be, and usually is, admirably dressed, is a consummate economist, and practices her principles with respect to her clothes, as in every other direction. That does not mean that she buys cheap things; but she never spends money haphazard, and always tries to get the very best value for it, which is the basis of true economy. Also her expenditure in hard cash is small in comparison with the thought, time and work she bestows on her raiment; for she is nearly always an exquisite needlewoman, an adept at making, mending and remodeling dainty garments, and the accessories that are so important to the tout ensemble.

There are two sides to this question of extravagance also, as to all others. The woman who spends a generous amount on her clothes- always supposing her income justifies that expenditure— may be serving humanity far better than if she gave large sums to so-called charities and garbed herself in the modern equivalent of sackcloth. For she is providing work for wage earners, and that is one of the best forms of altruism. Whereas there are women of generous impulses who will give lavishly to charities, and keep their unfortunate dressmakers and milliners waiting an unconscionable time for payment of their accounts.

GRACEFUL LINES.

It is pleasant to observe how fashion tends more and more to the return of the normal waist and the more graceful lines that follow it. Another better tendency is the mode of two material gowns, instead of those composed of three or even four different fabrics. A satin skirt is worn with a tunic in the same color in patterned foulard, frilled round the open neck, and short sleeves with satin like that in the skirt. A belt of similar satin confines the double frill tunic about the waist. Another outdoor gown is in navy blue taffeta, with accordeon pleated tunic in crepe to match, edged with a wide band of soft white taffeta, a line of the same bordering the neck opening.

Quite new is a little suit for a small boy, the short knickers of pale or dark blue serge or linen, buttoned on to the well fitting white shirt, which may be either of soft finished pique or silk, supplied with a detachable collar to match the knickers. Or the collar may match the shirt and be embroidered with the color.

FASHION FADS.

Veils are worn rather more this year than last, but they are very thin and inoffensive. Most of them are without spots or patterns, and of a fine single-thread mesh. The harem veils are not much in evidence.

Unquestionably the dancing craze has widened the skirt, just as also the same craze was the reason for the slit gaining such popularity. The slit was a necessity, and now that it has done its duty, we are discarding it and widening the skirt, since both here and abroad the world and his wife are dancing.

• • •

Bags made of squares of Irish lace, gold or gray, are also very recherches These are lined with taffeta and mounted on those precious clasps only to be found in curiosity shops.

• • •

Despite the blaze of color that meets the eye in every direction, the most striking gowns are of black and white.

• • •

The Roman stripe materials are smartest when green and blue predominate.

THIRD OPEN AIR MASS MEETING

Program is Announced for Gathering at Swinney Park, August 9.

The devotional committee of the Associated Christian Workers of Fort Wayne, Miss Ina Maxwell chairman, has completed the program for the third open air mass meeting of the association to be held at Swinney park on Sunday afternoon, August 9, at 4 o'clock.

The program as announced Wednesday morning is as follows:

Devotionals—Led by Miss Iona Easley.
Song Service from 4 to 4:15.
Selection—By A. C. W. quartet.
Address—"Mission Work That Young People Can Do"—Leader to be chosen.
"The Appeal of Missions to Young People"—Mae Covington.
Song—By Assemblage.
Mizpah Benediction.

In case of bad weather this mass meeting will be held at the Bethany Presbyterian church, corner of Boone and Fry streets. These meetings are public and anyone who wishes to attend is welcome.

The executive committee of the association will meet next Tuesday evening at 6:30 o'clock at Lakeside park in regular monthly session. Some very important matters are to be discussed and it is urged that every member be present. In case of bad weather the meeting will be held at the Crescent Avenue Evangelical church, only a short distance from the park.

The social committee chairman, Emil Koenig, has received reports from various societies that the tickets for the trolley ride to be given under the auspices of the association on Tuesday evening, August 4, are selling fast and it is thought that almost five hundred people will partake of this jolly time which will include a long ride and terminate in a social time at Foster park.

FIFTY WILL BE INITIATED.

Seventeenth Anniversary of Branch 370, L. C. B. A. will Be Observed Thursday.

At the celebration of the seventeenth anniversary of branch 370, Ladies Catholic Benevolent association, to be held Thursday evening at the St. Patrick's lyceum, fifty candidates will be initiated into the association. The degree work will be put on by the team of the branch 370 and the other three branches will assist.

The other branches will be the guests of branch 370, and a special program has been arranged. Father J. F. Delaney has been asked to address the gathering and Father Nicholas Keller and Rev. John Bennett will also give talks. The affair will be an extensive one, and it is thought that a large crowd will be present.

• • •

Arrangements Completed.

Arrangements for the ice cream social and musical festival to be given Wednesday evening, July 22, by the Olympic club of the St. Peter's Catholic church have been completed and everything is in readiness for the large crowd which it is expected will be present. The affair will be given on St. Martin's street between Hanna and Warsaw streets. An orchestra of nine pieces will furnish the music for the occasion.

• • •

B. O. P. Girls Enjoy Party.

Members of the Bells of Primrose, a Sunday school class of the First M. E. church, were entertained Tuesday evening at a porch party at the home of Miss Juanita Schoch, of West Third street. During the evening talks were given on the work that they are doing in the church.

CONSULT A SPECIALIST

WHO HAS TREATED MEN'S DISEASES FOR EIGHTEEN YEARS

THE DOCTOR YOU KNOW

DR. C. S. FERRIS.

WHOSE FEES IN UNCOMPLICATED CASES ARE $5 TO $15.00

I do not care to enlist the attention of the casual reader, but I invite the earnest consideration of MEN ONLY, and only such men as are afflicted with DISEASES PECULIAR TO MEN. These diseases alone constitute my specialty. I treat nothing else. I invite, in particular, the worst cases, because it requires expert skill to combat and conquer those cases. I am daily satisfying men who, when they came to me, said: "I have no hope of ever being restored." If you are afflicted with BLOOD DISEASE, NERVOUS and VITAL DECLINE, PILES, KIDNEY, BLADDER and PROSTATIC DISEASES, VARICOSE VEINS, OR ANY DISEASE PECULIAR TO MEN, consult me at once. I make no charge for examination or consultation, but will give you an honest and candid opinion of your case, which may save you time and worry, suffering and money.

FORT WAYNE MAN ROBBED AT DENVER

Now Frank J. Morches Says Even Pickpockets Are Honest.

Attending the national convention of Elks at Denver, Frank J. Morches, of this city, was robbed of a wallet last week while watching the parade. Concerning the affair the Denver Post says:

Whether it was an aching conscience or the consciousness that he had gotten hold of something that he could not dispose of to advantage matters not, but the fact is that one pickpocket, who had looted the person of Frank J. Morches, a Fort Wayne, Ind., business man, of the return portion of four round trip tickets, made restitution by way of one of Uncle Sam's mail boxes, and the man from the Hoosier state was able to leave the city without cherishing a grudge, and also without paying four full fares to his home town.

Morches was standing in one of the street crowds on Thursday, watching the parade of the Elks, when he noticed that two men in front of him were acting suspiciously, while another in the rear was inclined to push. When the twain in front began to jostle him, Morches objected, and they moved away. Unknown to their victim, one of the men had "lifted" a bill book containing the tickets for himself and family, a membership card in the Moose and a few personal cards. Not until night came did Morches discover that he had been "touched." Then he advertised for the return of the book and tickets, offered a reward for the latter.

Late that evening, one of the collectors of mail found the four tickets in a mail box and turned them in. The head of the delivery department, who received the tickets, notified Chief Clerk Johnson, of the Burlington passenger department. On Friday evening Morches reported his loss to Johnson, and was directed to the postoffice, where he recovered his property. Then believing that the best way to save his tickets was to use them, he and his family started on their return trip to Indiana.

TOOK ONE GAME OF THE SERIES

Terre Haute Won Tuesday's Game by Ninth Inning Rally.

Terre Haute took one game of the series of four played at home with the Fort Wayne team when they bested the Billikens in the last game, winning by a count of 4 to 3. The winning run was acquired in the ninth inning when Sheehan singled and Vann drove one to the left field fence for two bases, scoring Sheehan from first.

Cramer and Nehf each had a bad inning in the second when two runs were scored off them. Wildness of the pitchers accounted for all the runs in the game with the exception of the one in the ninth.

Smith opened the game with a clean hit to left center but was thrown out when he attempted to steal second. In the second inning the Billikins got to Nehf for four clean hits, enough to score two runs. Streeter forced Bratchi, who, as did Brant, got on by scratches. Beyers singled, scoring Brant. Another safety by Nespo sent Streeter home, and then with two on bases, Cramer was a victim by the strikeout route and Smith filed to Spair.

In the same inning the Terriers scored two runs. Davis singled, Anderson doubled, scoring Davis, Nehf singled and Anderson scored on a long sacrifice fly by Gray. Nespo opened the ninth inning for Fort Wayne with a single but was forced at second by Smith after Cramer fanned. McLafferty was caught at first, retiring the side. The score:

BUT THE SCOUT GOT AWAY.

Georgia Contract Labor Law Again Invoked Against Federals.

Waycross, Ga., July 22.—The Georgia contract labor law was invoked late yesterday for the second time against the Federal league, when warrants were issued here for a man said to be a scout for the independent organization, who during the day conferred with players of the Valdosta and Waycross teams of the Georgia State league. The warrants charge him with "inticing" laborers under contract and were issued at the request of President James Sinclair, of the league. The man left the city before the warrants could be served. His name was not made public.

Last spring Manager George Stallings, of the Boston Nationals, invoked this law against a Federal league emissary, who talked with Boston players while that team was in Macon.

RECORDS FALL AT CLEVELAND

Harness Race Performances Set Some New Marks in Turf World.

Cleveland, O., July 22.—Records fell right and left at the second day of the grand circuit harness races at North Randall track yesterday. In the first heat of the 2:05 pace, Dr. Burns, jr., forced William, champion three-year-old pacer of 1913, to a mark of 2:02, which is a record for a four-year-old pacer. William did the second heat in 2:02¾. The two heats are the fastest ever paced by a four-year-old or by a stallion.

In the third and final heat of the Ohio stake the day's classic, Star Winter established a new mark of 2:05 for the event and also trotted the fastest mile of the year on any track.

Lee Axworthy captured the Fasig three-year-old trot, 2:12 class, in two straight heats. The final heats done in 2:08 and the first in 2:08¾, the fastest heat, and two heats the event was ever run in.

Aside from the setting of new marks, the chief excitement of the day came with the first race for 2.15 trotters. The other events were all captured in straight heats, but in the first race, after Sterling Hall had won the first heat, Duchess finishing fourth, Duchess took the next three with little trouble. CLERGYMAN PRESIDES AT PRIZE FIGHT.

Rev. J.H. Boudier

London, July 21.—Instead of preaching against the brutality of prize fights Rev. Father John Harvey Bondier acted as master of ceremonies when Wells and Ritchie fought for a championship. Bondier says he thinks both fights and his church will be benefited by his new activity.

Dangers of Cholera Morbus.

In almost every neighborhood some one has died from an attack of cholera morbus before medicine could be procured or a physician summoned. Every family should be prepared for such an emergency. Mrs. E. M. Snyder, Herkimer, N. Y., says, "About four years ago my husband had an attack of cholera morbus. I gave him Chamberlain's Colic, Cholera and Diarrhoea Remedy and it relieved the pain immediately, and two or three doses of it effected a cure." For sale by all dealers.

KRAFT GOES TO JOIN NEWARK.

Player Whose Action Came Near Causing Strike Is Pleased.

New York, July 22.—Clarence O. Kraft, the baseball player, whose refusal to go to Nashville almost caused a strike of major league ball players, left Newark last night to join the Newark team in Providence, and will in all probability be in the game today. The strike was averted yesterday when Charles H. Ebbetts, of the Brooklyns, paid the Nashville club $2,500 for its claim to Kraft.

"I am glad the case has been settled," Kraft said, just before his departure, "and I will try to show the fraternity members that I appreciate what has been done for me and also to Mr. Ebbetts for his part in settling the affair."

TEN ROUNDS TO A DRAW.

Dillon and Knockout Brown Tie It Up at Terre Haute.

Terre Haute, Ind., July 22—Jack Dillon, of Indianapolis, and George (Knockout) Brown, of Chicago, boxed ten rounds to a draw here tonight. Dillon appeared ten pounds over weight, although the fight was announced for the middleweight championship.

In the third round Brown's manager claimed a foul. The police had difficulty in restoring order so the fight could proceed.

KIRBY GOES TO ST. LOUIS.

Mobile Southern Association Man Gets $4,000 Bonus from Feds.

Mobile, Ala., July 22—Larnie Kirby, who has been playing in the outfield for Mobile of the Southern association, will leave here today to join the St. Louis club of the Federal league. Kirby yesterday signed a Federal league contract, receiving a bonus said to have been $4,000.

The building committee of Loyal Order of Moose, No. 200, submitted a sealed report to the trustees at the regular meeting Tuesday night.

Woman's Duty to Herself.

Every woman owes it to herself to keep in good health. No one can reasonably be expected to maintain a cheerful disposition when half sick. Indigestion and constipation are two of the most common ills to which women are subject and fortunately are easily cured. Mrs. H. C. Getty, Indiana, Pa., writes, "Last summer I was advised by a friend to try Chamberlain's Tablets for indigestion and constipation. This medicine not only cured me of these disorders but toned up my whole system so that my health has been better than for years since taking them." For sale by all dealers.

PROTESTED GAME TO BE REPLAYED

President Heilbroner Gives Decision in Rapids Affair.

In rendering a decision in the protested game of July 8 between Grand Rapids and Evansville, President Louis Heilbroner, of the Central league, finds that the evidence clearly shows that the umpire erred in taking the advice of an outsider prior to rendering his decision as to whether the ball batted down to third base line was fair or foul. The game is accordingly thrown out of the records and ordered replayed.

Locals Look Good.

Statistics compiled on games and players with other records of the Central league teams gives Fort Wayne and Terre Haute each one tie game. Other interesting figures follow:

By up-to-date methods, without pain, inconvenience or loss of time. Weakness or Lost Vitality, Blood Poison, Varicose Veins, Hydrocele, Kidney and Bladder Diseases, Piles, Fistula, Contracted Diseases and ailments of men.

For years I have treated MEN'S DISEASES ONLY. I can cure you if anyone can. Do not let money matters detain you. Come at once. COME TODAY.

Consultation and Examination Free.

WEAKNESS, LOST VITALITY.

My combined treatment for these troubles so common among those who have become weak and worn out, is remarkably good. No one believes how quickly it benefits until they have taken it. It overcomes weakness, nervousness, pain in back, lack of energy, ambition and strength—it's just the treatment I have found so effective in treating such cases. BE A MAN ONCE MORE.

BLOOD POISON, OLD SORES, LUPUS, EPITHELIA GROWTHS, and all skin diseases are permanently and forever cured by Dr. Moreland's Specific Blood-Cell Remedies. They act directly on the Blood Cells, eliminate the poison and restore the internal organs to their normal conditions. I am particularly anxious to hear from men who have been treated by other physicians without receiving any beneficial results or a permanent cure.

VARICOSE VEINS CURED.

I cure this affliction without pain or detention from business. Soreness, swelling and congestion of the dilated veins vanish quickly. Losses are checked. A healthy circulation of blood is re-established, the atrophied parts are developed, and the old-time feeling of warmth, vigor and vitality speedily returns. Avoid dangerous operations. I can give you the quickest, safest and surest cure known to medical science.

CONTRACTED DISEASES

IN CONTRACTED DISEASES my patients are thoroughly cured in less time than any other less thorough forms of treatment require in producing doubtful results. I don't use strong, painful, injurious injections that do great harm. My method cures without pain; gives immediate benefits and a lasting cure.

KIDNEY AND BLADDER DISEASES QUICKLY CURED.

They are often caused by early excesses, alcoholic liquors and severe sickness, the usual symptoms being chilly and feverish spells, wornout feeling, puffiness under the eyes, drains, smarting, burning and swelling. My long study and extensive practice in treatink Kidney diseases practice in treating Kidney diseases curative stage. I determine the condition by analysis of urine, and the many severe kidney troubles I have cured, after they had been given up by other doctors, give me great confidence in my method.

SHOP AND RAILROAD NEWS

INSPECTORS MUST SHOW EFFICIENCY

Expert Boilermakers of the Pennsy Northwest System Here for Test.

Boiler inspectors from nearly every shop and roundhouse on the Pennsylvania Northwest system are here being tested for efficiency, particularly in stay bolt inspection work. The tests are being made in the Pennsylvania shops, where engine 9203, of the B-29 type, has been fitted up for the work. B. F. Sarver, foreman of the boiler department of the western division, and W. J. Murphy, boiler foreman at Allegheny, are making notes of the operations of the inspectors, all of whom are experts in that line of work. The tests began this morning and may continue until tomorrow night. Participating in them are W. F. Kramer, A. B. Crill, C. H. Guenther, D. C. Keefe and J. A. Reidt, Fort Wayne; W. F. Darling, P. J. Conley, H. Boehrman, E. A. Henning, W. N. Whitfield and Julius Drill, Chicago; G. W. Daniels and T. R. Moore, Wellsville; S. J. Mally and J. J. Bicker, Mansfield; F. J. Culbertson, W. F. McHugh, J. Corkill and L. O. Flaugh, Cleveland; B. J. Martin, Mahoningtown; J. S. Byers, Allegheny, D. H. Rowe, Youngstown; William Smith, Conway; Adam Cyvanski, Erie; H. Leppert and J. E. Zellers, Crestline; E. T. Davis, Alliance, and Daniel Hennessy, Ashtabula.

CEDAR POINT EXCURSION.

Demand for Tickets Indicates That Crowd Will Be Large.

Robert Bartels, chairman of the excursion committee of the Mutual Benefit association of the Fort Wayne Electric works, is jubilant over the prospects for a successful excursion. Nothing short of 2,500 people in the party will satisfy Mr. Bartels and he believes that point will be passed. So do the Lake Shore railway officials, for they have ordered over forty cars for the occasion and will make them up in four trains, which will leave Fort Wayne 5:30, 5:45, 6:00 and 6:30 o'clock next Saturday morning. Returning these trains will leave the Sandusky docks at 6, 7, 9 and 11 o'clock Saturday evening. Arrangements have been made with the Traction company to have street cars start from the end of all but the Hoffman street and Driving park lines at 4:45 in the morning, thus giving excursionists opportunity to get to the Lake Shore depot in ample time for all trains. Tickets have been placed on sale in a number of business houses, where people can get them in advance and avoid the rush at the depot.

THE HUMAN RAILROAD.

Writing for the New York American, Elbert Hubbard states some facts in his characteristic way that will be interesting to the readers. Under the title of "The Human Railroad," Mr. Hubbard says:

"History is mostly a record of fights. Business is a record of boosts.

"Business builds, constructs, enlarges, bridges the rivers, tunnels the mountains. Business sets people to work and pays them what they are worth.

"The big railroad man takes out the seventy-pound steel and puts in one hundred; he creosotes the ties, paints the station, replaces wooden platforms, with brick pavements, tears down old structures and builds better, replaces wood with steel, and steel with concrete; replaces dirt with cinders, and cinders with stone ballast.

"He gives opportunity to the laborer, encourages genius, helps initiative, joins hands with the inventor, co-operates with the farmers, works for better schools, for school gardens, for playgrounds, good roads, concrete sidewalks, removes the rubbish, plants trees, shrubbery, flowers, waters the waste places, drains the swamps, knows what the factory men and the business men are all doing along the line; gets in touch with them, clasps hands with them, eats with them, laughs with them, talks with them, advises with them knows their wants and sympathizes with them in their problems; settles contentions, and settles them rightly.

"The railroad is a citizen of every town, city, village or township through which it passes.

"It is a taxpayer, and it is interested in everything that makes for human happiness and betterment. Nothing that is human is alien to it. Treat it well."

SETTLING WITH OFFICIALS.

C.T. Matott, representing the Order of Railway Conductors, and R. E. Nulf, representing the Brotherhood of Railway Trainmen, are in Pittsburg with representatives of other divisions of the Pennsylvania lines west of Pittsburg in conference with the railway officials with a view of closing up matters connected with the increased pay granted the train employes by the arbitration board some months ago. All the trainmen except those in the through freight service received their increase and back pay months ago, but because of some misunderstanding, the through freight conductors and brakemen have not yet received the amounts due them. No trouble is apprehended.

ANOTHER GAME SATURDAY.

Encouraged by its victory over the receiving department team last Saturday, the store room boys at the Fort Wayne Electric works are going to meet other teams on the diamond. Next Saturday afternoon they will play the Fort Wayne Drug company's team at Weiser park and announce that they are open to engagements with any amateur team in the city on Saturdays and Sundays. S. J. Gordon is manager of the team and Landstoffer and Baker compose the battery. There is lots of good ball material in the store room and all players are being given a try-out and are promptly turned down if they do not put up evidence of talent.

EXCURSION TO TOLEDO.

Agent F. C. Eggers, of the Wabash, has been advised that the company will have an excursion to Toledo on Sunday, August 2. It is proposed to handle the excursionists on trains 2 and 12 if possible, but a special train may be made up here for the purpose. This will be the first and probably the only Toledo excursion from Fort Wayne this year.

EYE BADLY BURNED.

O. P. Miller, of 625 East Lewis street, met with an accident at the Fort Wayne Machine company's plant last Friday which threatened to result in the loss of sight in one of his eyes. While doing some work in the shop he got some lime and cement in his eyes and has suffered greatly since.

ENGINEER STEWART RECOVERS.

J. H. Stewart, Pennsylvania passenger engineer, was able to resume his duties in the cab today. Over a month ago he had his right wrist broken by the reverse movement of the crank as he attempted to start his automobile. The arm is now as strong as ever.

WILL HAVE BASKET PICNIC.

Loyal lodge, No. 85, Ladies' Auxiliary to the Brotherhood of Railway Trainmen, will have a basket picnic at Swinny park Thursday afternoon and evening. The ladies are making elaborate arrangements for this event and anticipate much pleasure out of it.

ATTENDING FOREMEN'S CONVENTION.

Art Williams, foreman of the Pennsylvania tool room, has been in Chicago two or three days attending the annual convention of the Tool Room Foremen's association, of which he is a member.

INDUSTRIAL NOTES.

Ed Challenger, of the Bowser works, is taking a vacation.

Passenger Fireman A. T. Koenig, of the Pennsylvania, is off duty on account of sickness.

William Birbeck is in Indianapolis on business for the Western Gas Construction company.

L. J. Meyers, W. H. Roembke and C. E. Meyers, Pennsylvania shopmen, are sick and off duty.

William Ropa, cost department clerk at the Western Gas works, is spending the week at Rome City.

T. J. Costello and W. R. Richardson, Pennsylvania train dispatchers, are taking their annual vacation.

Machinist H. A. Becker, of the Pennsylvania shops, will go to Chicago tomorrow for a week end visit.

Road Foreman of Engines James Bell, of the Montpelier division of the Wabash, was in the city yesterday.

Gerald Halstein, time clerk in Trainmaster Ogden Pierce's office, of the Nickel Plate, is spending the week at Rome City.

Foreman M. S. Willson, of the testing department of the Electric works, is slightly ill and failed to report for duty this morning.

Mr. and Mrs. John Smithers have gone to Churubusco to visit his brother. Mr. Smithers is employed at the Fort Wayne Electric works.

Clyde Miller, who is connected with the B. & O. at Chicago Junction, Ohio, is visiting his father, O. P. Miller, of 625 East Lewis street, this week.

Oscar Lenz has been appointed night baggagemaster at the Wabash depot, to succeed John Gerard, who resigned to work for the Transfer company.

Assistant Master Mechanic E. E. Dildine and Assistant Road Foreman of Engines R. J. Lyons went to Crestline today on special business for the Pennsylvania.

Sales Manager W. R. Hance and Factory Manager E. E. Cummings, of the Toronto plant of S. F. Bowser & Company, are here on business with the officials.

G. R. Mitten, a Purdue university student, will work in the testing department at the Electric works during the summer vacation term. He commenced work there yesterday.

J. H. Praver, yard fireman at Lima for the Pennsylvania, has taken a thirty days' lay off for pleasure. Fireman M. Moser has gone to Lima to take the vacant place in the switch engine cab.

Ladies' Auxiliary, No. 436, Brotherhood of Railway Trainmen, will give an ice cream social on the Bowser play grounds Thursday evening. The ladies are preparing to handle a big crowd and invite all their friends.

The Pennsylvania air compressor is out of commission for a day or two. This machine furnishes power to drive the small tools in the boiler shop and that department is working under adverse conditions today, though all the men are on duty.

Mr. and Mrs. Fred Walters left last night for Cleveland, where she will remain a week. Mr. Walters will return in a few days. He is the watchman at the Clinton street entrance to the Pennsylvania shops and during his absence, W. Sams is performing that duty.

N. H. Crawford, who attends the information department in the entrance hall at the office of the Fort Wayne Electric works, is taking a two weeks' vacation. This week he will spend at home doing some work, but next week he will occupy Genessa cottage at Lake James.

Thomas M. Myers, of New York, is spending the week in the city in the interest of the Audiffren-Singrun Ice Machinery company. Mr. Myers was stationed here over a year, but about six months ago was called to New York to assist in handling the export business. The business of the company is 100 per cent heavier than it was a year ago.

A Word About the Investment of Policyholders' Money

Under the splendid insurance laws of Indiana, life insurance companies organized in this state cannot invest their money in the stocks or bonds of railroads or other private corporations. Such investments are very likely to fluctuate greatly in value.

HERE IS THE INDIANA LAW:

Sec. 22, Laws of Indiana. No company organized under the provisions of this act shall invest its funds in any other manner than as follows: In bonds of the United States; in bonds of this State or any other State, if at or above par; in bonds or mortgages on unincumbered real estate within this State, or any other State in which said company is transacting an insurance business, worth at least double the amount loaned thereon, and the value of such said real estate shall be determined by a valuation made under oath by two freeholders of the county where the real estate is located (if buildings are considered as part of the value of such real estate, they must be insured for the benefit of the mortgagee); in bonds or other evidence of indebtedness, bearing interest, of any county, incorporated city, town or school district, within this State, or any other State in which said company is transacting an insurance business, where such bonds or other evidence of indebtedness are issued by authority of law, and upon which interest has never been defaulted; in loans upon the pledges of stock, bonds or mortgages at par value, if the current value of such stock, bonds and mortgages is at least twenty-five per cent more than the amount loaned thereon; and in loans upon its own policies, provided that the amount so loaned shall not exceed the reserve against said policy at the time such loan is made.

Reasons Why Lincoln Life Policies Are Safe and Secure

Wm. H. O'Brien, present Auditor of the State of Indiana, says:

"I hereby certify that The Lincoln National Life Insurance Company of Fort Wayne, Indiana, does business under the Compulsory Deposit Law of the State of Indiana approved February 10th, 1899, and, in accordance with Section Ten of said law, maintains in approved securities, in the office of the Auditor of State of Indiana, an amount in excess of the net cash value of all outstanding policies."

W. H. O'Brien

Auditor of State.

Chas. W. Miller, ex-Attorney General of the State of Indiana, writes, concerning this law:

"The result of the proper operation of this law is to secure every policyholder by a deposit with the State, in much the same way that every national bank note is protected by a deposit with the United States Government."

John C. Billheimer, ex-Auditor of the State of Indiana, says:

"No life insurance company organized under the Legal Reserve Life Insurance Law of this State has ever caused a single policyholder to lose a dollar, whether the company itself proved a success or a failure, as the policyholders have been uniformly protected, and under our law cannot be losers."

John C. Billheimer

A National Bank Note freely circulates in every part of the country without question, because it is secured by a deposit with the United States Government. In much the same manner, every policy issued by The Lincoln Life is secured by a deposit with the State of Indiana.

MOTOR FLUSHER DOES THE WORK

Big Street Cleaner Designed by Mayor and Board is a Success.

The big motor-driven street flusher purchased by the board of works from the E. D. Etnyre company, of Chicago, was put in working order Tuesday and during Tuesday afternoon and night was given a thorough try-out. The opinions of Mayor Hosey, Messrs. Singrey and Hilgeman, of the board of works, and Street Superintendent Strodel are unanimous that the flusher is a distinct success and marks a departure in motor-driven street flusher construction. The flusher embraces several important features that were designed by Mayor Hosey and the board of works. Chief among these is a front discharge of water, which enables the operator to direct his stream in such wise as to obtain the best results and at the same time to observe how effectually his stream is working. The front nozzle is flexible and easily manipulated, so that the stream can be thrown strongest where most needed to loosen and scatter heaps of dirt or debris, while a second stream directed from a nozzle placed between the front and rear trucks of the carriage washes the dirt to the gutter. The motor has four speeds ahead and there is ready control of the volume of the water discharge, adapting the machine to any conditions in the street and to circumstances of traffic on the streets where work is in progress with the flusher. The flusher is provided with a cab for the driver and there is a gauge to show the stage of water in the tank, both being features included in the mayor's design. The power plant that drives the flusher also furnishes power to drive the water jets. The tank has a capacity of 1,100 gallons, enough to flush four squares of street, and it can be filled in one minute at a fire hydrant. The flusher is designed to clean half a street at one time. The rapidity of its motion and the rapidity with which it can be filled give it a capacity of many miles of streets in a day of eight hours and it is believed the new flusher will prove ample to keep the paved streets of the city flushed. This is the first flusher of the type ever constructed and put on the market and the city officials and the Etnyre company as well believe it will attract a great deal of attention from municipal street departments as demonstrating distinct improvements over any other type of flusher.

E. D. Etnyre, of the Etnyre company, was here from Chicago to observe the operation of the flusher. He spent a large part of Tuesday night with Mayor Hosey and Chairman Singrey, of the board of works, going over streets, about nine miles of which were flushed. Mr. Etnyre was satisfied with the operation of the machine.

WANT ONE MORE FAIR DAY.

Will Then Have Breach in Intercepting Sewer Closed.

Mayor Hosey, the members of the board of works and the contractors on the work of repairing the intercepting sewer in Erie street have entered their petitions aloft on the blessing of one more fair day after this. The work of restoring the shattered masonry in the arch of the intercepting sewer at Erie and Howard streets will be completed by Thursday noon if nothing interferes. The big excavation will then be filled up and the break that has caused the city official sleepless nights and gray hair will have been made secure against further accident by flood. The point of the break has been replaced by a three-course brick arch and the sewer is being given concrete lateral reinforcements. As soon as the gap is closed and the hole filled up the sewer department will begin the work of cleaning the big drain from end to end. Work will be started at the lower end. No special problems are presented by the task. It will be tedious and it will be costly. But merely keeping at it and spending the money will put the sewer in condition. Getting the interceptor repaired and cleaned has been the most trying problem with which the present administration has had to deal.

PART OF BOULEVARD FINISHED.

Park Board Will Inspect and Accept Section of Rudisill.

At the regular meeting of the park board Wednesday afternoon Park Engineer Price reported that the section of Rudisill boulevard from Hanna street to the alley west of Thomas street was completed and the board had planned to go out and inspect it and if satisfactory accept the work. This part of the driveway that is to cross the south side of the city from Broadway to Anthony boulevard is the first completed section of boulevard in the city. Other sections will be completed as soon as the work can be done. The park board also expected to go on a tour of all the parks of the city on invitatin of Park Superintendent Goers.

SEE GRAIN CONSPIRACY.

Investigation at Kansas City Recommended by House Committee.

Washington, July 22.—Investigation of an alleged conspiracy among dealers and exporters of wheat at Kansas City, Mo., to depress prices to farmers was provided in a resolution by Representative Doolittle, of Kansas, favorably reported today by the interstate commerce committee. Secretary Refield, of the department of commerce, assured Mr. Doolittle he would at once send two inspectors to Kansas to investigate and report. Mr. Doolittle told the house that for an 180,000,000 bushel wheat crop producers were getting 63 cents at leading elevators in Kansas, while large quantities were being sold for export at Kansas City as high as 85 cents.

RODE BICYCLES ON SIDEWALK.

Motorcycle Officer Dan Kintz on Wednesday placed under arrest S. E. Tobias, Charles Rodenbeck, H. Smith, F. J. Connett and Henry Gick on charges of riding their bicycles on sidewalks. The men were apprehended at Fletcher avenue and Wayne Trace and were ordered to report in the city court Thursday morning.

CALL A CAUCUS TO RUSH THINGS

Senate Democrats Planning for Rapid Action on Trust Bills.

Washington, July 22.—Administration leaders called a caucus of senate democrats for tonight to plan expeditious action on the trust bills and a full democratic attendance in the chamber to prevent the republican filibuster on the river and harbor bill.

The caucus also will consider an appropriate time for adjournment.

Ownership of stock by interstate carriers and other corporations without sanction of the interstate commerce commission would be made a criminal offense by a bill introduced today by Senator Norris, of Nebraska. Disclosures of the New Haven investigation and the New York Central's interest in coal companies prompted the measure. Any official using a railroad's money for campaign contributions or for procuring franchise rights would be criminally liable.

Congratulations to President Wilson and Attorney General McReynolds were expressed in the senate today by Senator Reed, of Missouri, for their determination to proceed criminally and civilly against the New Haven directors.

"I am glad the government at last is prepared to show its teeth and I hope and confidently believe that the policy so happily inaugurated will result in the end in no guilty man escaping," said the senator.

The revised Clayton anti-trust bill to supplement the Sherman act was formally reported today to the senate. It would penalize price discrimination, exclusive selling agreements, liberalize the injunction and contempt statutes in trade disputes, district interlocking directorates and holding companies, but would exempt labor, horticultural and agricultural organizations from its provision. Members of the interstate commerce committee were unable to complete consideration of the railroad securities bill today in time to report it.

MEDIATORS FIND TACK A HARD ONE

Job of Settling Rail Men's Difference at Chicago Difficult.

Chicago, July 22.—While the federal board of mediators endeavoring to bring about a settlement of the wage dispute the western railroads and their engine men was pledged to silence concerning what is done at the meetings here, but it became known to day that the task is a hard one.

"We are bound by solemn pledges to divulge nothing that is said on either side in the meeting," said W. L. Chambers of the federal commission. "Nevertheless I am at liberty to say that this is the most difficult task of mediation that ever has confronted this commission."

The managers' committee of the 98 roads resumed their argument to-day and the men's committee of 100 will have the floor again in the afternoon in accordance with the announced plan of the board, which will sit for an indefinite period.

The enginemen have voted to strike for a wage increase which they assert is moderate, but which the railroad manager say is a fifty per cent advance, amounting to $33,000,000 addition to the wage account annually.

HINDUS AGREE TO SUBMIT.

Contractor Will Take Them Back to Native Land.

Vancouver, B. C., July 22.—Smoke poured from the funnels of the Japanese steamer Komogata Maru in the harbor here to-day and Guerdit Singh, a contractor of Lahore, promised that the ship would sail before night to return the 350 Hindu passengers who came to Vancouver to demand entrance to Canada as British subjects.

Seven Vancouver Hindus have taken passage on the Komogata for Hindustan to preach revolution against British rule, they declare, because of the indignities alleged to have been heaped upon the men who came on the Komogata to settle in Canada.

The Hindus had threatened to resist with force the order to return home, but finally submitted to the government last night.

PROFESSIONAL MEN? SURE!

That's Why Baseball Players Never Strike, Says Tener.

Selin's Grove, Pa., July 22.—"Baseball players are neither miners, hod carriers nor ditch diggers. Baseball players are professional men, and professional men do not strike," declared John K. Tener, governor of Pennsylvania, and president of the National league, in an interview today upon his arrival here to review the Pennsylvania national guardsmen in their camp.

"I am glad the difficulty is settled," continued Governor Tener. "However, I do not believe the settlement arrived at will be permanent owing to the belligerency of some of the baseball magnates.

"A strike such as was threatened is something new for me, and you know I have played baseball and have been interested in baseball affairs all my life. I am preparing for war," declared the governor with a wink, "and after I am through inspecting and reviewing the soldiers here I believe I will be in a position to control the turbulent factions."

WAS A NATIVE OF FORT WAYNE.

Huntington, Ind., July 22.—Joseph W. Buchanan, 55 years old, died at the home of his sister, Mrs. Catherine Schaeffer, 226 South Lafontaine street, yesterday afternoon at 3:20 o'clock. Death followed a serious illness of about two months. Mr. Buchanan was born in Fort Wayne March 7, 1859, to Mr. and Mrs. James Buchanan. His mother is still living. No funeral arrangements have been made.

MAKE APPEAL TO UNITED STATES

Mediators Ask Influence With Carranza to Secure Amnesty.

Washington, July 22. Ambassador De Gama, of Brazil, and Ministers Suarez, of Chile, and Naon, of Argentina, the three mediators in the Mexican affair, appealed to President Wilson today to have the United States use its influence with Gen. Carranza to obtain a general amnesty for those who supported the Huerta government.

It was the first formal call of the three mediators since the conference at Niagara Falls adjourned. They were accompanied by Secretary Bryan and for nearly an hour discussed the Mexican situation in all of its phases. They expressed the view that Carbajal, who succeeded Gen. Huerta as president, was ready to turn over the government to Gen. Carranza, but wanted guarantee that there would be no wholesale executions, arrests or confiscation of property. They told President Wilson that Carbajal could not surrender unconditionally and that unless these guarantees for the protection of lives and property of those who have supported Huerta were given, the Carbajal government would concentrate all its military forces and resist until the utmost any effort to invade Mexico City.

The president and Mr. Bryan listened attentively to the views of the South American diplomats, especially as they indicated that their governments probably would be unable to recognize any administration in Mexico which refused to give quarter to its enemy or establish itself by peaceful means in accordance with civilized practice among nations. They pointed out also the dangers of an armed entry of the constitutionalists into Mexico City and urged that the United States use every influence to bring about a peaceful transfer of power.

After their talk with the president Secretary Bryan and the three diplomats went to the state department for a conference. That the influence of the United States was being relied upon by Provisional President Carbajal to obtain satisfactory terms with the constitutionalists was explained also today by Jose Castellot, personal representative of Carbajal.

NOT THE DALLAS WOMAN.

Relatives Do Not Believe Mrs. Alma Johnson Was Slain at Galveston.

Dallas, Texas, July 22.—Relatives here of Mrs. Alma Johnston said to-day they did not believe she was the woman slain in Galveston. They exhibited a postcard written by her Monday afternoon a few hours before the time the murder is believed to have occurred announcing she was starting for Dallas with her family by automobile, expecting to "run right through."

PREPARE TO FILE NEW HAVEN SUIT

Federal Officials to Proceed Under Sherman Anti-Trust Law.

Washington, July 22.—Preparations for the filing of the government's long delayed suit to dissolve the New Haven railroad system in accordance with President Wilson's instructions, were being made today by the department of justice. In a letter to Attorney General McReynolds the president not only directed that civil action be instituted against the New Haven, but ordered that the "criminal aspects of the case" be laid before a federal grand jury. Decision to proceed against the New Haven ended the long continued efforts to solve the case without litigation. The president and his cabinet had discussed the case and the course of the department of justice was approved.

The civil suit was to be filed against the New Haven in the United States court at New York immediately. The attorney general also immediately was to direct the United States marshal at New York to summon a grand jury and work of laying evidence before it on which to ask for criminal indictments against officers and directors of the New Haven under the management of former President Charles S. Mellen were to be begun at the earliest moment.

In his letter to Mr. McReynolds directing the suit the president declared that the decision of the New Haven directors to keep their agreement to dissolve peacefully ahad caused him "the deepest surprise and regret" and their failure "upon so light a pretext" was "enexplicable and entirely without justification." The department's course, he asserted, was just, reasonable and efficient and should have resulted in avoiding suit.

In the correspondence made public by the department, which accompanied President Wilson's letter, was Attorney General McReynold's letter to the president which contained a rebuke for the interstate commerce commission in subponacing "Mellen and perhaps other flagrantly cuplable" with the possible result of embarrassing the department by claims of immunity in return for their testimony. In this connection Mr. McReynolds stated that criminal prosecutions had always been in mind and that there never had been the "slightest hope that parties guilty of criminal violations of the law would escape."

HARKS BACK TO KING JAMES II

Mr. Shelton Very Much Opposed to the Recall of Judges.

Chicago, July 22.—Disapproval of the recall of judges and judicial decisions and a plea for less interference with the judiciary by the legislative branch of the government were voiced today by Thomas W. Shelton, of Norfolk, Va., chairman of the American Bar association's committee on uniform judicial procedure. He spoke before delegates to the convention of the Commercial Law League of America.

In criticizing the recall Mr. Shelton referred to the attitude of James II of England, who declared, "I am determined to have twelve lawyers for judges who will be all of my mind."

"That," said Mr. Shelton, "is an example of the recall of judges and judicial decisions which it is well to remember."

The speaker inveighed against what he declared was the practice of nearly every state legislature to dictate by rigid statements just how the court should perform its duties. He compared this to giving stringent rules for every move to a locomotive engineer and then to criticize him because his engine ran off the tracks in following the rules laid down.

LITTLE CHAINCE TO GET AWAY.

Mexican Political Refugees Must Take Regular Route.

Puerto, Mexico, July 22.—The Mexican political refugees here appeared today to have no chance of leaving the country except by one of the regular routes touching at Vera Cruz, as the Mexican shipping companies seem to be unwilling to charter boats to them for fear of offending the new government. Two steamships leave here tonight or tomorrow morning, but both call at Vera Cruz and only a few of the refugees seem inclined to go on board these vessels. The others seem decided to remain here for the present, accepting the hospitality offered by the British cruiser Bristol.

WILL CARE FOR EMPLOYES.

New York, July 22.—Men prominent in banking circles in New York and Chicago, mostly members of the American Bankers' association, have organized the "bankers' health commission." The object is to assist banks all over the country in taking care of employes who may need medical attention.

George E. Allen, educational director of the American Institute of Banking, who assisted in organizing the commission, said that bankers generally have always taken care of sick employes, but that their methods were haphazard and that now the work would be systematized and better results achieved.

COL. ROOSEVELT ASKS TO APPEAR

Wants to Be Heard in Opposition to Colombian Treaty.

Washington, July 22.—Col. Roosevelt in a letter to Chairman Stone, of the senate foreign relations committee, today asked for an opportunity to be heard in opposition to the pending treaty proposing to pay Colombia $25,000,000 for the partition of Panama.

Later Senator Stone made public Col. Roosevelt's letter, in which the former president wrote:

"If there is any intention of your committee to act favorably on the proposed treaty with Colombia, by which we are to pay Colombia $25,000,000 and to express regret for the action taken in the past, I respectfully request to be heard thereon.

"I was president throughout the time of the negotiations first with Colombia, then with Panama, by which we acquired the right to build the Panama canal. Every act of this government in connection with these negotiations and with other proceedings for taking possession of the canal zone and beginning the building of the canal was taken by my express direction or else in carrying out the course of conduct, I, as president, had laid down.

"I had full knowledge of everything of any importance that was done in regard thereto by any agent of the government and I was solely responsible for what was done. The then secretary of state, John Hay, who is now dead, had almost as complete a first hand knowledge of what occurred, but no man now living, except myself, has this first hand knowledge, and no man living or dead, shared with me the responsibility for the action I took, save in a wholly minor degree.

"I request to appear before you to make a full statement of exactly what I did and what was done by my orders to state the reasons therefor and to answer any questions that your body or the members of your body choose to put to me."

Senator Stone indicated he was not in favor of hearings.

"The question to be considered by the committee," said Senator Stone, "is not so much what happened in Colombia ten or eleven years ago. The subject for us to consider is how to adjust our relations. Col. Roosevelt has said time and again what he has to say about Colombia. If he has anything further to say, as far as I am concerned, let him write it out and send it to the committee. I am not much in favor of turning the foreign relations committee of the senate into a town meeting."

ROBINSON ENDS LIFE IN PRISON

Ohio Man on Trial in Boston Suicides With Steel Shank from Shoe.

Boston, July 22.—Lawrence Robinson, charged with the murder of Police Inspector Thomas J. Norton, committed suicide during last night. Robinson cut his throat wth a steel shank which he had removed from one of his shoes. Since the opening of the trial he had been confined at night in a room of the court house.

He was accused of shooting Norton while resisting arrest in the Roylston cafe on June 19. The officer was attempting the arrest at the request of the Michigan authorities, Robinson being wanted in Grand Rapids for the alleged killing of three clerks in a jewelry store robbery.

Robinson was placed on trial on Monday and taking of testimony was to have begun today. Several witnesses from Michigan and Ohio were on hand to testify for the government and Judge Keating had before him a motion of the defense to compel the prosecution to furnish their names and state the nature of their testimony. The district attorney opposed the motion and said that the witnesses had been called to "describe a situation existing in Grand Rapids which would show a motive on the part of Robinson in resisting arrest by Inspector Norton."

Joseph Duddy, a companion of Robinson, was arrested at the time of the murder charged with being an accomplice. He is being held to await a separate trial.

RELATIVES IN OHIO.

Columbus Ohio July 22.—Lawrence Robinson who committed suicide in jail at Boston was born and reared at Washington Court House, Ohio. His relatives, who are highly respected, prepared to go to his defense in his trial. He was formerly an expert telegrapher and worked in this city for a number of years. His mother a resident of Washington Court House and planned to go to Boston to testify in defense of her son and it was said that a plea would be made that the latter was not mentally responsible.

FUNERAL NOTICES.

Dalton.—Funeral services for William Dalton will be held Thursday morning at 8:30 o'clock from the residence, 225 East DeWald street, and at 9 o'clock from St. Patrick's Catholic church. Interment will be made at the Catholic cemetery.

Royal Neighbors of America will give their annual basket picnic on Thursday evening at Robison park. Members are urged to attend and take well filled baskets along.

ANSWER STRICKEN OUT.

Buffalo Court Acts in Light and Heating Company Case.

Buffalo, July 22.—Judge John R. Hazel, in the United States district court here today, ordered stricken out the answer of A. Henry Ackerman, vice president of the United States Light and Heating company, in which he consented to the appointment of receivers for the company and admitted allegations off raud and mismanagement on the part of the directors.

In the action started by the Central Trust company of New York, which has claims against the company aggregating $200,000, the court appointed as receivers James O. Moore, Buffalo, and James A. Roberts, New York, under a joint bond of $100,000. The United States Light and Heating company is a $16,000,000 corporation manufacturing heating and lighting apparatus for street cars. Plants are located in Buffalo and Niagara Falls.

MAY WITHDRAW GUARDS.

Quiet Prevails in Belmont County Coal Strike District.

Bellaire, Ohio, July 22.—Quiet prevailed in the coal strike district of Belmont county today and Sheriff Anderson considered the advisability of withdrawing half of the guards protecting property and caretakers. Practically all the mines in the county are in charge of pumpers and engineers, and these will be guarded by a few men at each mine. The men arrested on charges of inciting to riot will be arraigned at St. Clairsville tomorrow, information having been filed against them by the county authorities.

PRINCE WILLIAM TO WED AGAIN.

Father-in-Law of Former King Manuel to Take Bride.

Munich, Bavaria, July 22.—The betrothal of Prince William of Hohenzollern, father-in-law of former King Manuel of Portugal, to a daughter of the king of Bavaria is understood to be imminent. The prince arrived at Leustetten, near Munich today on a visit to the Bavarian royal family and it is believed the official announcement of the engagement will soon be made. Prince William, who is 50 years old, is a widower, his wife having died in 1909.

THE MARKETS

FLORIDA PEACHES ON MARKET.

Prices Will Remain Very High Until the Michigan Crop Arrives.

Large juicy Florida peaches about the size of a person's fist arrived at the market of this city Wednesday morning. They are shipped in crates containing about two-thirds of a bushel, and the price being paid for them is somewhere around $2.50 per crate. The commission men state that the prices will be very high early this season and will remain so until the Michigan crop is ready for the market. The quality is fine but the crop in Florida is short, accounting for the high price.

Wheat took a temporary raise this morning on the city markets and farmers received 75c for the grain in place of 72c that was received for the same last week. It is thought, however, that the price will again descend in a few days.

The city scalemaster reports a total of 31 loads of hay and grain weighed at the city scales Wednesday morning. This included one load of old hay which brought the owner $14 a ton.

CHICAGO GRAIN AND PROVISIONS.

Chicago, July 22.—Wheat prices advanced today on account of a further spread of damage from black rust and excessive heat. Besides, country acceptances on bids from here were reported to be light. After opening ⅛c off to ¼c up, quotations made a general upturn.

The close was firm, ⅞@1c to 1¼c above last night.

Corn rose with wheat. There seemed to be no prospect of adequate rains where needed. Opening prices, which changed from a shade off to ⅛@¼c advance, were followed by gains all a round.

The close was firm, ¼@⅜c to ⅝c net higher.

Hedging sales retarded oats from climbing with corn and wheat. The market, nevertheless, leaned to the bull side.

Provisions suffered from lack of demand. It was shown that the slaughtering of hogs was being considerably enlarged as compared with recent totals.

THE DAY ON WALL STREET.

New York, July 22.—New Haven shares fell two points at the opening of today's stock market on announcement that suit to dissolve the company is to be brought by the federal government. Other active issues were fractionally lower, with the exception of Union Pacific. Another feature was the weakness of Rock Island securities on abandonment of the reorganization plan. The debentures of the operating company fell almost eight points to 60, but soon made partial recovery. Prices were disposed to rally after the initial decline, the leaders advancing to or above yesterday's close.

Missouri Pacific fell abruptly to its recent low level under the impact of short selling and Rock Island preferred recorded its lowest prices in sympathy with declines in all its issues. Baltimore & Ohio was relatively strong despite unfavorable June earnings, but Chesapeake & Ohio yielded 1½ points on moderate offerings. Leaders held their gains but by noon became uncertain. Weakness in Rock Island bonds extended to other issues, with losses of 5 to 8¼ points in Missouri Pacific convertibles. Colorado Midland 4s and M., K. & T. refundings.

Further selling of the Rock Island collaterals, which extended their loss to over three points, was the only noteworthy feature of the dull late session.

Extreme weakness in Rock Islands and other minor issues, with comparative steadiness in standard shares, constituted the salient features of today's market. The closing was irregular.

DAILY MARKET LETTER.

Chicago, July 22.—Quality of Argentine corn arrivals at New York is under the government microscope. There are indications that Argentine will ship only small quantities of good corn this year. She has not offered any corn to the United States this week. There are more corn crop complaint and the market shows signs of further advance. Wheat clearances are enormous. Canadian and European wheat news continues to indicate moderate 1914 yields. Wheat news from our northwest is mixed but a reduction to 250,000,000 yield seems certain. The wheat rally now exceeds 4c, most of which is undoubtedly due to changing of the short position. Popular idea is that a 5c upturn will bring hesitation and a breathing spell. The east is awaiting for new oats. Only bear trouble in oats the coming new crop movement.

Stocks—London sold quite a few stocks on the opening but the sales were easily digested. The buying in Union Pacific, Southern Pacific and U. S. Steel looked good today. At the close prices were little changed from yesterday.

Atchison, 98⅝; Smelter, 66⅜; Copper, 59⅝; B. & O., 81⅛; C. & O., 46⅜; Canadian Pacific, 185½; Erie, 25⅝; Missouri Pacific, 9⅜; New York Central, 85¼; Pennsylvania, 110½; Reading, 162⅝; Southern Pacific, 96½; New Haven, 51⅜; Union Pacific, 127¾; U. S. Steel, 61⅛.

OFFICIAL FORECASTS.

For Fort Wayne and vicinity: Fair tonight and Thursday; slightly cooler Thursday.

For Indiana: Probably fair tonight and Thursday; not quite so warm in north portion Thursday.

For Ohio: Fair tonight and Thursday.

For Lower Michigan: Partly cloudy tonight and Thursday; not quite so warm in west portion Thursday.

WEATHER CONDITIONS.

Warmer weather has overspread the central and eastern states where temperatures yesterday were as high as 90 to 95 degrees at many stations. No temperatures of 100 degrees were reported yesterday except from Oklahoma and Kansas. Cooler weather is reported from the extreme northwest this morning, with a light frost at Yellowstone park.

Some rains have occurred over New York and New England, and a few showers are reported from the plains states between the Rockies and the Mississippi.

Fair weather will probably continue in this section tonight and Thursday. It will be somewhat cooler by Thursday night.

WILL UNVEIL MONUMENT.

Elwood's Memorial to Unidentified Civil War Dead Nearly Completed.

Elwood, Ind., July 22.—Sunday, Aug. 2, has been selected as the date for the unveiling of the $1,000 monument to the unidentified dead of the civil war in the Elwood cemetery. The money for the building of the monument was raised by popular subscription. The monument was to have been dedicated on Memorial day. A strike in the Italian marble quarries delayed the arrival of the heroic statue of a soldier, cut from Carrara marble, which surmounts the monument. The statue arrived this week, and is being put in place. Many of the department officers of the G. A. R. will be here to attend the unveiling. Judge D. W. Comstock, of Richmond, past department commander, and A. B. Crompton, of Delphi, department commander, will deliver addresses.

STRIKE LEADERS ARRESTED.

Men Who Had Worked Out at Insane Hospital Charged With Trespass.

Evansville, Ind., July 22. Frank Elliott, of Scottsburg; Earl Irvin, of Cato, and Nat Clark, of Hatfield, attendants at the Southern Indiana insane hospital, were arrested on the charge of trespassing. It is said the men were responsible for the walkout of thirty-three attendants at the hospital Thursday. Their wages were paid the three men by C. E. Laughlin, superintendent, and an hour to leave the hospital grounds was given them. Refusing to do this, they were arrested by policemen who had been called to the hospital earlier in the day by Laughlin, who had anticipated trouble. The men struck Thursday because they objected to the rules of Dr. J. E. Kendall, the new supervisor. Dr. Kendall went to the institution last week, having succeeded Dr. F. E. Lord, who resigned to accept a position in a private hospital at Oxford, Ohio.

WOMAN CLIMBS HOUSE ROOF.

Mrs. Ethel Greagor, of Richmond, Mentally Unbalanced by Heat.

Richmond, Ind., July 22.—Mentally unbalanced, because of the heat, it is believed, Mrs. Ethel Greagor, of this city, left her home yesterday and when located some time later, was on the roof of the house. She threatened to jump off if any one attempted to come to her assistance.

The police were notified and Officers Vogelsong and Remmert ascended ladders at different sides of the house. When the woman saw Vogelsong she attempted to jump off the house at the place where Remmert was climbing upon the roof.

Two other men came to the officer's assistance and the four succeeded in carrying the woman down a ladder. Her condition is serious. Remmert was slightly injured by the woman.

FORMER WIFE TAKES STAND

First Mme Caillaux Witness in Trial of Successor for Murder.

STAR FIGURE OF DAY IN THE CASE

Says She is Confronted With Mountain of Lies to Be Destroyed.

The testimony was to be concluded to-day with the evidence of M. Barthou and of Madame Berthe Gueydan, the first wife of M. Caillaux, but before they were due to come to the stand half a dozen other witnesses of lesser importance were to testify.

Paris, July 23.—Judge Louis Albanet's court in the palace of justice, where Madame Caillaux, wife of the former premier, is undergoing trial for the murder on March 16 of Gaston Calmette, editor of the Figaro, was as crowded as ever when the fourth session started to-day. Many people had come to see Joseph Caillaux confronted, according to the practice of the French courts, with former Premier Louis Barthou, who had been subpoenaed as a witness.

TAKING UP CASE OF PARKS AGAIN

Seeking to Find Out What Happened to Former Fort Wayne Man.

Washington, July 23.—The case of Private Samuel Parks, who mysteriously disappeared at Vera Cruz in the early days of American occupation of that city will again be brought to the attention of the government in Mexico City with a request for an explanation as to what happened to him.

This will be one of the heritages to the Carbajal government from the Huerta regime. Secretary Garrison said today that any further representations would be made through the state department and that he would call the matter to Secretary Bryan's attention.

General Huerta promised an investigation of the case, but nothing ever came of it. Hearsay evidence was to the effect that Parks was executed by Mexican soldiers and that his body was destroyed.

Private Parks some years ago was a resident of Fort Wayne, where he was employed at the Myers livery barn.

DEATH LIST WILL NOT EXCEED FOUR

All the 21 Injured in Trolley Collision Expected to Recover.

Westport, Conn., July 23.—No additional deaths were added to-day to the list of victims of the collision of trolley cars here, late yesterday. Most of the twenty-one persons injured were reported from the hospitals as comfortable this morning and the hope was expressed by surgeons that the death list will not exceed four. Coroner John J. Phelan arrived this morning to open his inquiry.

The collision was between a car carrying a Sunday school picnic party and a trolley express car. It is alleged that Frank Nadin, motorman on the passenger car, was running at high speed in order to reach a siding ahead of the express car which was known to be approaching in the same stretch of single track. Among the injured is Miss Lillian Abbott of Providence who was a passenger on the steamship Titanic.

With the announcement that the inquest would begin tomorrow, the authorities to-day placed the crew of the passenger trolley under arrest and the express crew under surveillance.

EXPECT SIGNED ARMISTICE SOON

Carranza Notifies State Department He Will Agree to It.

Washington, July 23.—A delegate authorized by Provisional President Carbajal to negotiate for terms of peace with Gen. Carranza was due to leave Vera Cruz today for Tampico. Within two or three days an armistic suspending hostilities throughout Mexico is expected. Carranza has already notified the state department he will agree. Messages from Provisional President Carbajal to that effect were shown today by his personal representative, Jose Castellot, to Secretary Bryan.

Mr. Castellot said the reports from Mexico City to the effect that an armistice had already been signed were premature but with the arrival of the Carbajal delegates at Carranza's headquarters such a truce would be made. Word was received from Gen. Carranza by his agents here that he intended to spend but a few days in Tampico returning then to Saltillo. He wired that he had offered Gen. Gonzales and his forces at San Luis Potosi to proceed at once to Queretaro to form a junction with the forces of Gen. Obregon. No mention was made of orders to Villa, but a brigade has captured Aguas Calientes. Carranza's telegrams spoke of the occupation of that city by constitutionalists but did not say who was in command.

CIVIL SUIT FIRST STEP

McReynolds Begins Action to Force Dissolution of New Haven.

SEPARATE FROM CRIMINAL CASE

Latter is Expected to Develop Tremendous Legal Battle.

New York, July 23.—Civil suit to force the separation of the New York, New Haven & Hartford Railroad company from its subsidiary rail, trolley and steamship lines under the Sherman anti-trust act was filed in the federal court here today by Attorney General McReynolds.

The suit begun today has no actual connection with the criminal indictments which the attorney general will ask a federal grand jury to return against New Haven officers and directors concerned in the up-building of the alleged unlawful combination in restraint of trade. The criminal proceedings were conducted independently of the civil suit and the failure of success of one is not expected to affect the other.

GILBERT TO SAIL FIRST OF WEEK

Comes Back to Fort Wayne to Say Farewell to Friends.

Hon. Newton W. Gilbert, former vice-governor of the Philippine Islands, arrived in Fort Wayne Thursday from Washington, D. C., where he spent the past three weeks on business. He will remain in Fort Wayne two days before going to Angola, his former home. He will return to this city the first of next week to say farewell to his many friends and will then leave for New York, where he is to join Mrs. Gilbert, preparatory for sailing to Manila, where he is to engage in the practice of law.

Mr. Gilbert spent the morning visiting political friends and enjoyed dinner at the Commercial club. During his stay in Fort Wayne he is to look after several matters of business and will then visit his aged mother at Angola.

BLEASE'S FOE BULLET VICTIM

Dr. J. H. McIntosh is Mysteriously Shot; Assailant Escapes.

Columbia, S. C., July 23.—Dr. J. H. McIntosh, who has figured in a political exchange with Governor Cole Blease, was shot today by an unknown assailant. The wound is not dangerous.

Blease had announced that when he spoke in Columbia today he would call Dr. McIntosh to the platform to confront him with certain statements. Dr. McIntosh says his assailant after shooting made off, shouting: "Now you won't bother Colie tomorrow."

Bloodhounds had failed to pick up a trail and the city and surrounding country have been thrown into a commotion over the affair.

At the capitol a statement was issued saying that Blease regretted the affair and that the governor's office would lend all possible aid for the capture of the assailant.

WEDDING DAY IS SET.

Prince Oskar to Take His Bride on September 28.

Berlin, July 23.—September 28 has been set as the date for the marriage of Prince Oskar, fifth son of the German emperor and empress to Countess Ina Marie von Bassewitz-Levetzow. After her marriage the countess is to be styled the Countess von Ruppin.

INTENSE HEAT MARS DRILLS

Crack Pythian Companies at Terre Haute Suffer in Contests.

AKION FORCED TO QUIT COMPETITION

Big Military Ball Will Be Staged on Street This Evening.

Terre Haute, Ind., July 23.—The intense heat interfered with the drill contests scheduled today as a part of the international biennial encampment of the Knights of Pythias, when the Akron, Ohio, company entered in the prize drills this morning, was compelled to withdraw because two members of their squad suffered prostration. They were Harry Huber and R. Coplin, and were sent home. The thermometer registered 92 at 11 o'clock.

Continuation of the prize drills, a regimental review of the Sixth regiment, Indiana brigade, an exhibition drill by Terre Haute company No. 3, known as the prize winning company, and a military ball to be staged this evening, were today's features.

Prize Drills Today.

The prize drills today were in class B and were participated in by Apollo company, Albion, Mich., No. 23; Jasonville, Ind., company No. 111 and Piedmont, West Virginia company No. 10. For these drills there will be awarded on Saturday morning a first prize of $700, a second prize of $500, a third prize of $300, for best captain $25 and for best first sergeant $15. The prize drills will be concluded tomorrow.

The military ball tonight promises to be the most elaborate of the social entertainments of the week. The ball will be staged in the open air on a public street made fit for dancing by a covering of special preparation. Old and new dances will be featured, and two bands will furnish continuous music.

DRUG VICTIMS DESPERATE.

Eight Young Men Ask to Be Locked Up at Rochester, N. Y.

Rochester, N. Y., July 23.—Driven desperate by their inability to purchase heroin, cocaine, morphine and other habit-forming drugs since July 1, when the new state law prohibiting the sale of those drugs became effective, eight victims of drugs, all young men, applied to the police yesterday and to-day and asked to be locked up.

Several of the voluntary prisoners declared that if they were not placed in confinement feared they would either commit murder or self-destruction. "Either give us the drug or lock us up until we are cured," summed their appeals.

Steps were taken to open a hospital for the detention and treatment of the victims and others who may apply.

WANTS TO FIND A MAN UNDER 60

But Even if a Little Older You May Get Supreme Court Place.

Washington, July 23.—President Wilson wants to find a man under 60 years old to fill the vacancy on the supreme bench caused by the death of Associate Justice Lurton, although a man slightly older would not be rejected.

When Senators Simons and Overman today presented the name of Justice Walter Clark, of the North Carolina supreme court, who is sixty-eight years old, the president outlined his ideas. So far as is known the president has made no definite selection from the many names presented. Secretary Lane and Attorney General McReynolds are still said to be foremost.

Tulsa, Okla.—Holmes Davidson, U. S. marshal, and W. R. Plank, a deputy, were shot and almost instantly killed today by William Baber when they attempted to enter the latter's house to search it for contraband liquor.

Chairman Barnes Will Sue Col. Roosevelt for Libel

New York, July 23.—Chairman William Barnes, chairman of the republican state committee, announced to-day that he had instructed his counsel to bring suit for libel against Theodore Roosevelt, based upon Colonel Roosevelt's statement last night attacking Mr. Barnes and endorsing the candidacy of Harvey D. Hinman for the nomination for governor at the republican primaries.

The amount of damages for which Mr Barnes would sue apparently had not been determined at the time he issued his statement. It was said, however that it would be for a substantial sum. The suit will be brought in the supreme court, Mr. Barnes announced, within a few days.

"I have nothing whatever to say in reply to Mr. Roosevelt's diatribe except that it lacks dignity, self-restraint and is without foundation," read Mr. Barnes statement. "When an issue of this kind is raised by a person of such prominence one has but one of three courses. To submit to the aspersion; to enter into an unseemly personal controversy or to appeal to the courts, in order to enable that person who utters the libel an opportunity to produce legal evidence.

"I deny the truthfulness of every statement made by Mr. Roosevelt in his publication this morning and have instructed my counsel to bring an action for libel without delay against him.

"The issue in the primary canvass of the republican party is in no way related to me, and the issue between Mr Roosevelt and me will be judicially determined."

It was reported that Mr. Barnes' statement was issued after a conference among himself and other republican leaders.

PAIR OF SMALL GROCERS FINED

Acey Correy and George Cosma Convicted on Word of G. Harrod.

On the testimony of George W. Harrod, formerly a private detective and now, according to his own statement, "a collector," Acey Correy, who conducts a little grocery and knick-knack shop at the corner of Hanna street and Masterson avenue, and George Cusma, who is propiretor of a similar establishment at the corner of Lafayette and Holman streets, were found guilty in the city court Thursday morning of Sabbath deseeration. It was the testimony that each had sold a few cents' worth of eatable merchandise to Harrod, who was employed as a "spotter" by the Grocers' association. Judge Kerr found each of the defendants guilty and assessed a fine of $1 and costs. The cases were appealed to the circuit court.

Rather Pay Fine Than Bill.

Edward Watson cut loose down town, Wednesday night, bought wine and got himself a high-priced souse and then started out for a joy ride in Louis Brudi's taxi. After the indicator had ticked off $9 worth of mileage Watson concluded he had joy ride enough to go to sleep on and got out. He refused to pay and Sergeant Dave Blum placed him under arrest for drunkenness, about which at least there was no doubt. In court Watson pleaded guilty, did not want to testify, yanked out his roll, wanted to pay his fine at once and declined to enter into an agreement to settle his taxi bill, though Judge Kerr tried to have him do so. "What's my fine—I'll pay the court what I owe for this drunk and I'll settle with the taxi man in my own way." Watson handed $11 to the clerk of the court and marched out with his remnanted sonse. Brudi stated that he had a former bill against Watson.

Sidewalk Riders Are Let Go.

After hearing the testimony of Motorcycle Officer Dan Kintz, who was the arresting officer, Judge Kerr indefinitely continued the cases against S. E. Tobias, Charles Rodenbeck, H. Smith, T. J. Connett and Henry Gick, all charged with riding their bicycles on the sidewalk. Officer Kintz testified that the roadway on Wayne Trace was wellnigh impassable for bicycles and that the men could not well ride elsewhere than sidewalk if they were obliged to travel that thoroughfare. Many complaints from residents of Wayne Trace had been filed in the police department against sidewalk riders, and it was thought necessary to take some action. The Wayne Trace people have been stoutly clamoring for street pavement because their street is impassable for vehicles a good part of the time.

Other City Court Cases.

Victor Smith and Anton Sutch, claiming to have just arrived from Van Wert, Ohio, were arrested at Calhoun and Williams street by Patrolman Walter Kavanaugh about 1 o'clock Thursday morning and a search of them disclosed that Sutch was toting a big revolver. Smith was fined $5 and costs for loitering and Sutch a similar amount for carrying concealed weapons. His revolver was ordered destroyed.

George Gordon and Bob Johnson, held as loiterers since the Barnum & Bailey circus was here last Saturday, were turned loose. William Thomas, a colored loiterer, arrested the same day and held for identification as possibly the man who attempted an assault on a white girl near the show grounds, was also released.

James E. Lewis, general agent in Fort Wayne for the National Casualty company, arrested on a charge of embezzlement, was continued until July 28 and he is out under $500 bond.

The case against Benjamin Reiter, charged with neglecting his children, was dismissed on motion of the prosecutor, it being shown that Reiter is again living with his wife and supporting the family.

GO TO CINCINNATI NEXT.

International Sheriffs End Convention at Lincoln.

Lincoln, Neb., July 23.—Cincinnati was named as the next annual meeting place of the international sheriffs' association at the final business session of the convention which closed here early to-day. Amalgamation with the international associations of police chiefs and railroad special agents was discussed and a committee appointed to confer with committees from the other organizations, with a view to forming an international peace officers' association. The convention of the sheriffs in 1915 will be held at the same time the officers' conventions are held in Cincinnati.

HOTEL MANAGERS ARE OPTIMISTIC

Fort Wayne Hostelries Have Enjoyed Excellent Patronage.

Taking hotel patronage as a business barometer, Fort Wayne hotel managers declare that business is picking up wonderfully for this season of the year and add that if the last two weeks of the month are as prosperous for their business as the first two, this will be a record for July.

Each night commercial travelers fill the local hotels to capacity and all of them declare that they are surprised at the demand for goods encountered, especially after the exceptionally hot weather in all parts of the country. Most of the travelers in mercantile wares are taking orders for early fall goods.

It is true that in some lines the wholesale houses and manufacturers have cut down their selling forces, but the cut is of no more importance than the usual reduction in force during the hot season each year and within a few weeks the vacationists will be back on the road, according to some of the guests at local hotels.

Fort Wayne hotels have also entertained and are entertaining large crowds of tourists, or travelers who are simply going about the country on pleasure trips. It is said that more automobilists have put up at local hotels this summer than ever before, and a visit to the different hosteleries any evening will prove this is true.

CIVIL SUIT FIRST STEP

(Continued from Page 1)

filed the brief and F. M. Swacker, an expert from the inter-state commerce commission who has worked many months on the case are expected to lay the evidence before a grand jury here upon which indictments will be asked. It is understood here that these officials have enough evidence to make out a prima facie case against many New Haven officers and directors and if this view is correct indictments may be returned within a few weeks.

Such action will mark the beginning of what may prove to be the most important criminal proceeding ever undertaken under the Sherman anti-trust act in the twenty-four years it has been on the statute books. To the civil suit the New Haven may not offer any great defense, but government officials would be greatly surprised if the attempt to convict directors and officers does not lead to a great legal battle, which probably will not end this side of the United States supreme court.

What Brief Charges.

The brief, written by Mr. Gregory, charges the New Haven with being an unlawful monopoly which controls more than 80 per cent. of the railroads and trolley traffic of all New England and more than 85 per cent. of the steamship transportation of that region.

The brief suggests that if the court deems best it appoint a receiver to take over the property and bring it in harmony with the law and asks for the customary "general relief" if the court finds it necessary. The government alleges that the New Haven began its march toward a monopolization of New England transportation in 1893 and that its domination over five states is now almost uncontested.

The brief carries with it an exhibit purporting to be a copy of an agreement between representatives of the New Haven and the Boston and Maine railroad made on March 6, 1893, by which those two roads divided New England between themselves. This agreement purports to have been made at the home of the late J. P. Morgan in New York. At that time the two roads concerned were entirely separate. Under the agreement the New Haven was to aid the Boston and Maine to acquire transportation lines north of a certain line. The bill does not show any termination of this agreement, but years afterwards the New Haven, after it had secured the lines south and after the Boston and Maine had taken up most of those north in turn, took over the Boston and Maine and became the almost undisputed master of the field from the coast line of Connecticut to the St. Lawrence river and the Canadian border.

The New Haven, the bill declares, resorted to many elusive and roundabout methods to cover its tracks in perfecting its combination; it acquired properties, got stock control, impoverished competitors and bought them in and resorted to many illegal practices to attain its end.

EAGLESFIELD AND TRASK WORK WELL

Indianapolis Woman Defeats Mrs. W. H. Seymour, of Toledo.

But one match in men's singles was played Thursday morning in the northern Indiana tennis tournament at the Fort Wayne Country club and the play is getting down to brass tacks, so to speak, for the final clash between champions and crack racquet wielders. J. C. MacKrell defeated Dr. Miles F. Porter, jr., in sets of 6-0 and 6-2. At 4 o'clock Thursday afternoon Porter was to meet Eaglesfield, of Indianapolis, and this particular battle was scheduled to draw a large crowd of spectators.

Only one match in men's doubles was played during the morning when Trask and Eaglesfield defeated Bond and Fisher, of Fort Wayne in sets of 6-3 and 6-1. The two Indianapolis cracks have been the sensation of the tournament and as a team are working splendidly together.

Mrs. W. H. Seymour, of Toledo, who on Wednesday defeated Cecil Bradshaw, of St. Louis, last year's winner in the woman's championship, was defeated Thursday morning by Mrs. J. W. Bugh, of Indianapolis, the match going in straight sets of 6-4 and 6-3. One of the hardest fought matches of the tournament was staged when Catherine Brown, of Franklin, and Mary Joss, of Indianapolis, in ladies' doubles defeated Helen Peters, of Fort Wayne, and Cecil Bradshaw, of St. Louis, the game going to three sets as follows: 6-2, 3-6 and 8-6.

The Morning Results.

Matches in Thursday morning's play resulted as follows:

Consolation—E. G. Gawehn defeated W. F. Miller, 6-2 and 6-3; George Fishering defeated Morris Seelberg, by default; John Hoffman defeated Frank Hawkins, 6-3 and 6-3.

Men's Singles—J. C. MacKrell defeated Dr. Miles F. Porter, jr., 6-0 and 6-3.

Men's Doubles—Trask and Eaglesfield defeated Bond and Fisher, 6-3 and 6-1.

Ladies' Doubles—Catherine Brown and Mary Joss defeated Helen Peters and Cecile Bradshaw, 6-2, 3-6 and 8-6.

Ladies' Singles—Mrs. J. W. Bugh defeated Mrs. W. H. Seymour, 6-4 and 6-3.

OFFICIAL FORECASTS.

For Fort Wayne and vicinity: Fair tonight and Friday.

For Indiana: Fair tonight and Friday; cooler extreme northwest portion tonight.

For Ohio: Fair tonight and Friday except thunderstorms extreme north portion this afternoon or tonight; not quite so warm north portion tonight.

For Lower Michigan: Thundershowers this afternoon; fair tonight and Friday; slightly cooler south portion tonight.

WEATHER CONDITIONS.

The temperatures yesterday throughout the central states were from 94 to 98 degrees, but no temperatures of 100 degrees were reported except from the southwest. While high temperatures continue this morning over the central portions of the country, cooler weather is spreading southeastward from the northwest.

There have been showers over Wisconsin and Michigan, heavy over northern Michigan, but they have not extended southward to Illinois or Indiana, and fair weather has continued over the central states. Some rains are reported from Louisiana and the middle Rocky mountain region.

The showers over Michigan will probably not extend southward to this section, and fair weather will continue tonight and Friday. It will be somewhat cooler this afternoon or tonight and moderate temperature can be expected Friday.

MAKE APPEAL FOR HOCKIN.

Friends of "Iago of Conspiracy" Ask Wilson to Release Him.

Washington, July 23.—Appeals to President Wilson for the release of Herbert S. Hockin, serving a sentence in Leavenworth penitentiary for his part in the celebrated dynamite cases and who was denounced by the government as the "Iago of the conspiracy," are being presented at the white house and to Attorney General McReynolds. Detectives who worked up the prosecution with Hockin's confession made representations today in his favor to the white house. Mrs. Hockin is preparing a petition for the release of her husband. The case, taking its course through the regular channels, will come before the president in a few weeks.

DEATH COMES TO MRS. J. M. HOUSER

Well-Known Woman Had Been Resident of County 62 Years.

Mrs. Catherine Houser, aged sixty-seven years, the wife of J. Michael Houser, and a resident of Allen county for sixty-two years, died at 5 o'clock Wednesday evening at the family home, three miles north of the city on the Lima road. Mrs. Houser's death was due to a complication of diseases and followed an

MRS. CATHERINE HOUSER.

illness of more than seven months' duration. Her condition had been critical for the past week.

She was born April 12, 1847, in Buffalo, N. Y., and came to Fort Wayne sixty-two years ago with her parents the late Mr. and Mrs. John W. Heldt. Her father was a pioneer barber in Fort Wayne. She and Mr. Houser were united in marriage February 7, 1864, and a short time later they moved to St. Joseph township, where they resided until twenty-seven years ago, when they moved to the home where death occurred.

Surviving besides the husband she leaves nine children, Mrs. E. C. Schultz of Newark, O.; Charles A. Houser, Montpelier, O.; Albert E., Edward H., and William M. Houser, all of Fort Wayne; John M. Houser, of Detroit; Mrs. Henry Hilbrecht, of Fort Wayne, wife of Fire Chief Hilbrecht; Miss Carrie C. Houser and Mrs. F. J. Huguenard. She also leaves two sisters and a brother, fifteen grandchildren and two great-grandchildren. The sisters and brother are Mrs Margaret Brown, of Waterloo; Mrs. Lena Shiedel, of Toledo, and John Heldt, of Fostoria, O. Three sisters and one brother preceded her in death.

Funeral services Sunday afternoon at 1:30 o'clock from the residence and at 2 o'clock from the Trinity English Lutheran church, Rev. Samuel Wagenhals officiating. Burial at Lindenwood cemetery.

Fowler.

Mrs. Rose Fowler, aged forty-nine years, died at 2:15 o'clock Thursday morning at the home of a son, C. W. Dreibelbiss, 1306 Winter street. Her death followed a prolonged illness due to a complication of diseases.

Funeral services Saturday afternoon at 2 o'clock from the residence. Interment at Lindenwood cemetery. Friends are asked to kindly omit flowers.

Surviving she leaves two sons, C. W. Dreibelbiss, of this city, and Carl Belmann, of Bessie, N. D. She also leaves one sister, Mrs. Emma Brooks, of this city.

TEGTMEYER.

Mary Tegtmeyer, aged twenty-six years, the wife of Fred J. Tegtmeyer, residing at 1126 Breck street, died at noon Thursday at St. Joseph's hospital where she had been a patient since last Monday. Her death was due to peritonitis, following a surgical operation. The husband was formerly employed as a brakeman by the Nickel Plate company.

JAP STEAMER SAILS AWAY.

Will Carry Hindus Back to Homes in the Orient.

Vancouver, B. C., July 23.—The Japanese steamer Komagata Maru with her loads of 352 Hindus who resisted the Canadian government's orders of deportation for more than three months left the harbor today bound for the Orient. The Hindu passengers made no demonstration and the services of the local militia companies which spent the night on the wharf in anticipation of another outbreak were not needed.

The Komagata was conveyed out of the harbor by the cruiser Rainbow, which will accompany her to a point off Vancouver island.

Many Indiana Points Need Showers Badly

BUT TWO SLIGHT SHOWERS.

South Bend, Ind., July 23.—Except for two ten-minute showers of last Sunday, St. Joseph county has been without rain for nearly six weeks. Consequently the drought threatens to seriously damage crops.

BETTER AT EVANSVILLE.

Evansville, Ind., July 23.— Local rains last week broke the record drought that lasted here over two months and it is estimated that seventy-five per cent of all crops will be saved.

HAVE ABOUT GIVEN UP.

Terre Haute, Ind., July 23.—With but two light rains this month, on the first and sixteenth and neither of much benefit to crops, the drouth in this section is such that produce growers have about given up hope for even a fair yield. Less than an inch of rain has fallen in the past month.

DAMAGE AT LAFAYETTE.

Lafayette, Ind., July 23.—Tippecanoe county is suffering severely from the prolonged drought and farmers say corn will be badly damaged unless there is rain this week. It has already been damaged to some extent and the leaves are withering in the blistering rays of the sun.

John Redmond Coming to America Again

CENTRAL LEAGUE TO BE UNCHANGED

Heilbroner Denies Any Plan to Form an Eight Club League.

Replying to rumors that Danville and Zanesville were attempting to break into the Central baseball league, President Louis Heilbroner declared Thursday afternoon that there is positively no chance for either of the two cities placing teams in the Central league. He also said that the Central league teams will remain as they are at present during the remainder of the season.

"There will be no changes in the Central league this year," said Mr. Heilbroner. "Danville is out of our territory, and among other things, Danville's club left the Three-I league a few days ago because the team could not find support. There are no negotiations on for the Zanesville club and no new clubs are to be admitted to the Central league this season."

Miss Veronica Hanna, of Earlington Ky., arrives this evening for a visit with her aunt, Miss Mary Wideman, of Washington boulevard west.

Mrs. Anthony Voglewede, of Decatur, who came with her brother, Barney ... Meyer, is visiting with her sister, Mrs. E. Flock. Mrs. Voglewede came just ... this time on account of her brother having a surgical operation last Monday.

Mr. and Mrs. George Harris, of Cottage avenue, gave a surprise party on their son Elmer Wednesday evening in honor of his twenty-first anniversary. The evening was spent with music and contests, a bountiful luncheon was served and enjoyed. Those winning prizes in games were Ellen Havens, Gertrude McKeeman and Merril Perrin. Those invited were Miss Gertrude McKeeman, Miss Gertrude Altevogt, Miss Ellen Havens, Mrs. Grace Smith, Miss Alma Sponseller, Miss Florence and Mrs. Joe Wiggins and Messrs. Merril Perrin, Allen Ward, Leonard Firthmiller, Lewis Smith, Elmer Harris, George Heiney and Joe Wiggins.

Mr. and Mrs. E. F. Laughlin left this morning for a two months' trip in the east. They will stop a week each in Montreal, New York and Boston and then go to one of the Atlantic summer resorts.

Mrs. H. J. Kutscher, of Springfield, Ill., ... visiting Mr. and Mrs. C. A. Agster at ...2 West Jefferson street.

Mr. and Mrs. E. A. Flynn, who had been visiting their daughter, Mrs. P. E. Gresnahan, have return to their home in Chicago.

Robert Landenberger is visiting in Bluffton with Mr. and Mrs. W. K. Shoemaker.

Mrs. Fred Eckart, of East Wayne street, accompanied by three of her daughters, went to Mt. Clemens, Mich., today.

One of the prettiest shower parties of the summer season was the one given by Miss Edith Hobson at her home in the Hicksville road in honor of Georgia Hansen, a bride-elect of the season. The color scheme in the dining room was orange and white and a basket filled with ox-eyed daisies and bittersweet made a beautiful centerpiece. Mrs. Harold Taft, of Painsville, O., was the out of town guest.

A COUNTRY PARTY.

A company of friends and relatives went to the home of Mrs. Bleke, a mile south of Huntertown, on Wednesday afternoon, July 22, to congratulate her on her seventieth birthday anniversary. A motor and trolley ride to the home, a cordial reception and an old-fashioned visit with each other passed the time quickly. Refreshments and a supper later in the day were equally enjoyed. There were present: Mrs. William Schwier, Mrs. G. Muhlenbruch, Mrs. Blase, Mrs. Aumann, Mrs. Fred Bleke, Miss Lena Rose, Mrs. Theodore Rose, Mrs. William Rodenbeck. Many congratulations and good wishes were extended to the hostess.

Nora Bayes Given Six Months to Live

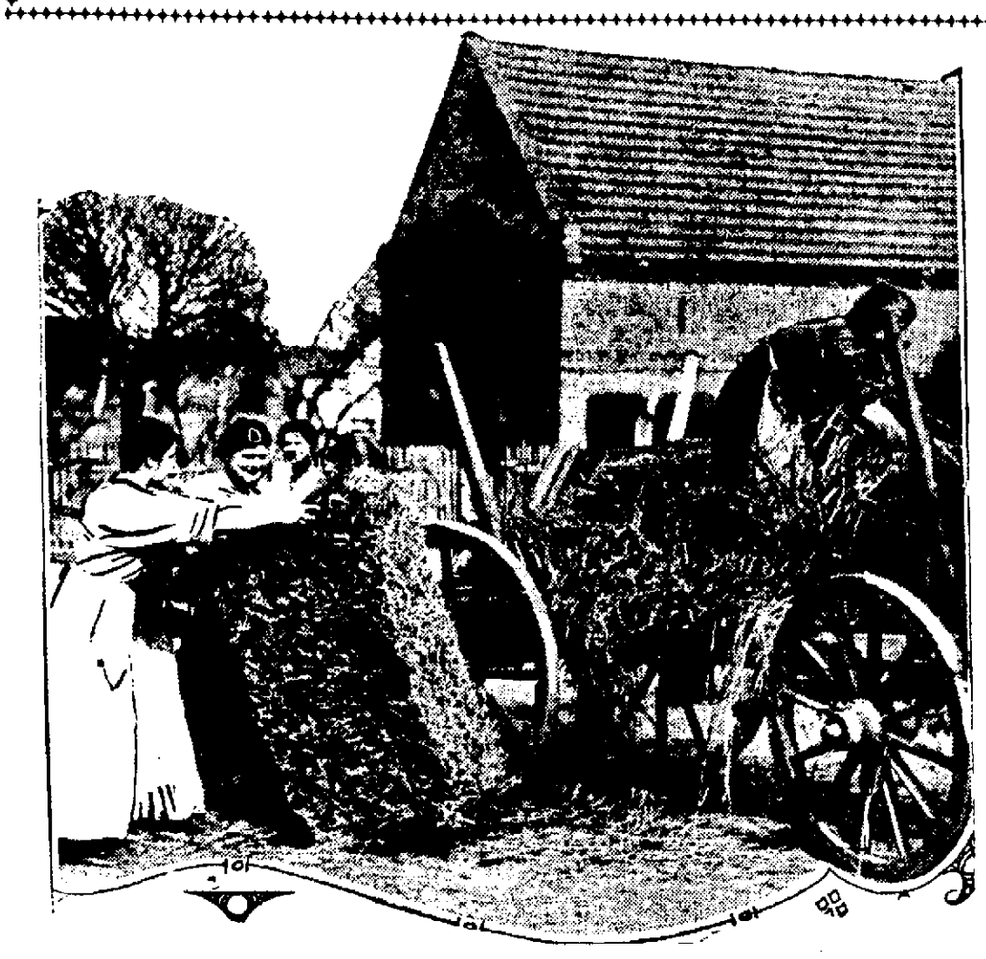
Nora Bayes

Paris, July 23.—Nora Bayes, the American vaudeville entertainer, may never again sing "Apple Time in Normandy."

The music hall artist's Paris engagement was suddenly cut short when her physician ordered her to Kissengen springs and told her friends that she could not live more than six months.

Nora Bayes was one of the most popular American vaudeville entertainers, and her salary has been written in three figures ever since she and her former husband, Jack Norworth, made "The Harvest Moon" song famous. Her real name is Dora Goldberg. She has been on the stage for about fifteen years.

BIG FARM FOR HOMELESS WOMEN OPENED IN GERMANY.



WOMEN FARMERS AT WORK AT GERMANY'S UNIQUE HOME

Berlin, July 23. The municipal government of this city has just dedicated a large and beautiful farm on the outskirts of the city, where the homeless and friendless women and children of the city are made at home, among home surroundings.

The latch string at the farm gate is not tied up with the many knots of red tape usually found at an institution of this kind. Women who need a home are welcome here with their children, and children who have no friends or relatives find the welcome awaiting them just as cordial.

The inmates of the farm are not restricted as to their comings and goings. Those who remain, assist in the cultivation of the farm. The photo shows some of the inmates loading the farm wagon with baled hay, preparatory to sending it to market.

WILL REPAIR A DAMAGED SEWER

Wabash Road Promises Immediate Work at Taylor Street.

In a letter to the board of public works, received Thursday morning, General Manager Henry Miller, of the Wabash railroad, promises that there shall be immediate repair of damage inflicted upon the South Wayne sewer by the railroad's piling that supports the temporary bridge at the Taylor street track elevation. General Manager Miller does not promise anything definite as to putting in permanent work at that grade separation. The letter is written in response to a sharp note sent to the railroad manager a few days ago by the board informing him that the traffic on the road had pounded the piling into the big sewer, causing obstruction and backing sewage into numerous cellars in that region, and that damaged property owners were preparing to sue the city and the Wabash railroad for heavy damages. The Wabash is expected to get at the work at once. The board hopes also to get some satisfaction soon as to the construction of permanent work at Taylor street.

TO ASK SAME PARK LEVY.

At the regular meeting of the park board Wednesday afternoon the forthcoming tax levy was discussed and it was agreed that the board would ask the same provision that was made for 1914, when 9 cents was made the levy. One-half cent of this will be allotted to the municipal concerts account. The board accepted Rudisill boulevard from Hanna street to the first alley west of Thomas street, which section of the 100-foot drive has been completed. To the complaint of the Federation of Labor's sanitary committee that the lakes and lagoons in Lakeside park were stagnant and should either be filled with fresh water or permanently with dirt, the board replied that the absence of sewer pumps in Lakeside necessitated the use of the basins as sewage cesspools. The board also made a tour of the city parks with Superintendent Goers and found them in fine condition.

MAY BRING IN PETITION.

Lakesiders See a Way to Get Long Delayed Sewer Pumps.

It is not improbable that Lakeside property owners will present to the board of works Thursday evening a petition for the construction of a short stretch of sewer in lower Lakeside to connect with the sewer system that drains Lakeside and Forest park regions and that the board will make a part of this sewer the sewage pumps that have long been deferred. There has been found no authority in law for levying an assessment for sewer pumps, but if such a devise can be made an essential part of a sewer it no doubt could be paid for by assessment. This was pointed out to a recent meeting of Lakeside property owners and it was indicated that such a petition would be circulated. With about 2,000 parcels of property upon which to lay assessments, the cost would not be high. The sewage pumps have been demanded by Lakeside people since the floods of March, 1913, and the floods of the late spring this year brought a renewal of the demand with added emphasis. The delay has been caused by the absence of any valid plan of getting the pumps paid for.

LIGHTING CONTRACT LANDED.

Secretary John Wessel, of the city light and power department, has just closed a contract with G. W. Gates & Co. to furnish current for light and power in the new building at 122 and 124 West Berry street, which is to be occupied by the Gates company with a ladies' cloak and suit store as soon as the three-story structure is completed. The establishment will be one of the larger ones of the city and the contract to furnish it with electric current adds an important consumer to the list of patrons of the municipal lighting department.

MAYOR HOSEY DID NOT GO.

Mayor Hosey did not accept an invitation to attend a hearing before the state board of tax commissioners at Indianapolis of the case of the city of Mishawaka against the gas and traction interests of that city, on appeal of the corporations to the state board from an attempt to tax the franchises of the companies. The mayor was asked to be present but he decided that he would not in any way serve the interests of Fort Wayne by being there.

ACCEPTS PLANS AND ESTIMATE.

The representatives of the Nickel Plate railroad have accepted the city's plans and estimates for drainage of the Berry and Monroe streets region by going under the company's tracks into the Maumee river and has consented that the city go ahead and do the work. The cost will be about $250. The spur track to the Moran ice plant acts as a dam which causes floods during heavy rains.

FLUSHER STANDS HARD TESTS.

The motor street flusher just purchased by the city was given another hard workout Wednesday night and several miles of streets were cleaned with it. The big machine stands all tests well and the latest trial of it confirmed and emphasized the good opinions previously held of it. Broadway and Calhoun street south of Creighton avenue, were among the streets cleaned Wednesday night.

HIBERNIANS SEND WIRE TO REDMOND

Situation Across Sea Figures in Convention at Norfolk.

Norfolk, Va., July 23. The Ancient Order of Hibernians today heard the annual report of President James J. Regan, in which he touched upon the Irish situation and expressed his personal opinion that while neither of the proposed measures before parliament for home rule meet all of the demands of the Irish people, yet any step looking to an improvement in conditions should be accepted.

"A half loaf is better than no loaf," said Mr. Regan, "but the acquistion of half a loaf is no bar to our continuing our efforts for the whole loaf."

The following cable was sent to John E. Redmond:

"The Ancient Order of Hibernians, 200,000 strong, in national convention assembled, extends its greetings to you and to the Irish volunteers. We pledge our assistance. Ireland must not be dismembered."

INDIAN SERVANT GIRLS MAY SOLVE DOMESTIC HELP PROBLEM.

Left to right: Fomina Jackson and Agnes Dyer, Indian maids and their teacher, Helen Sheahan.

Berkeley, Cal., July 22.—Will the advent of the Indian girls into the field of domestic science solve the servant girl problem? As an experiment fifteen Hoopa, Shawnee, Wahoe and Pah-ute maidens fresh from their ancestral plains in Nevada have just been brought to Berkeley by Helen Sheahan of the Carson Indian school and placed in fashionable families to wait on tables, cook and do general servant work. When their summer "vacation is over they will be returned to the school and when they graduate many will return to take permanent positions.

"The Indian girls are faithful, clean and quick to learn," said Miss Sheahan. "They will make ideal housemaids and may solve the problem of domestic help."

The girls are not only adopting the dress of the "pale-face" but they have taken up the latest dances, and spend their recreation hours in doing the tango, hesitation waltz and sometimes also ordinary ragging. They have also assumed American cognomens in preference to their own picturesque names.

BURSTING TIRE CAUSES IT.

Three Policemen Hurt When Emergency Car is Overturned.

Indianapolis, Ind., July 23.—Three policemen were injured when the police emergency automobile in which they were riding, turned over here today. The machine was making a run to the scene of an acetylene explosion in which two men were burned.

The policemen injured are: Walter S. White, lieutenant, three ribs broken; internal injuries. J. E. Kindley, lieutenant of detectives, bruised about the body. C. W. Dolan, police chauffeur, lacerated hands and arms.

A bursting tire caused the automobile to skid into a ditch and turn over while going at high speed. The police were pinned under the automobile.

AGREEMENT IS REACHED.

Tax Settlement in Appeal from St. Joseph County.

Indianapolis, July 23. An agreement was reached today before the state tax commissioners in the case of the Northern Indiana Gas and Electric company, appealed from the St. Joseph county board of review, because it had valued its franchise in South Bend and Mishawaka, and the case in which county board valued the franchise of the Indiana and Michigan Electric company. The valuation of the South Bend franchise in each case was raised from $100,000 to $125,000 and the value of the franchise of the Northern Indiana Gas and Electric company at Mishawaka was allowed to stand at $10,000, where it had been placed by the county board.

The appeal from the valuations made by the St. Joseph county board of franchises granted the Chicago, South Bend and Northern Indiana Railway company in Mishawaka and South Bend was also heard but no decision was announced.

Beautiful "Sycamore Lodge"

IRVINGTON PARK

On the Market for Two Days

Owing to the death of Mrs. Shober, last year, her late suburban home is now, for the first time offered for sale. This sale is open for two days only.

"Sycamore Lodge" Is one of the real, distinctive suburban residences of Fort Wayne, thoroughly modern, up-to-date and convenient.

The Lot Is 139x134 and contains 16 large trees of 7 varieties. The south side rests on Spy Run creek, and the west faces Irvington Park. The entire lot lies 7 feet above high water. If the Toledo-Chicago barge canal is ever built it will pass within 30 feet.

The House Contains 7 rooms, bath, full basement and floored attic. The basement opens on level ground at the rear, is cemented throughout and contains fruit cellar, furnace room and fuel bins, completely equipped laundry and a "den", 14x17, which can be used for library, sewing room or nursery. In the laundry is a compound, automatic electric pump which supplies hot and cold hard and soft water to every floor.

The living room is 31x15, with hardwood floor and oak finishings, large fireplace, built-in bookcase and open grand staircase. The diningroom is large, hardwood floor, built-in closets and finished in panelled white enamel.

The bedrooms are of nearly uniform size, each with windows on two sides and roomy closets; laundry chute connects each floor with the basement. Bath room is roomy and attic is commodious.

Inspection

The house will be open for inspection from 2 to 5 p. m. on Saturday and Sunday, July 25 and 26.

Terms

$6,000 will buy the property, approximately one-half cash or negotiable paper; balance on long time.

THE SENTINEL'S DAILY SCRIPTURE READING.

Acts 26:19-32

19 Whereupon, O King Agrippa, I was not disobedient unto the heavenly vision:

20 But shewed first unto them of Damascus, and at Jerusalem, and throughout all the coasts of Judaea, and then to the Gentiles, that they should repent and turn to God, and do works meet for repentance.

21 For these causes the Jews caught me in the temple, and went about to kill me.

22 Having therefore obtained help of God, I continue unto this day, witnessing both to small and great, saying none other things than those which the prophets and Moses did say should come:

23 That Christ should suffer and that he should be the first that should rise from the dead, and should shew light unto the people, and to the Gentiles.

24 And as he thus spake for himself, Festus said with a loud voice, Paul, thou art besides thyself; much learning doth make thee mad.

25 But he said, I am not mad, most noble Festus; but speak forth the words of truth and soberness.

26 For the king knoweth of these things, before whom also I speak freely: for I am persuaded that none of these things are hidden from him; for this thing was not done in a corner.

27 King Agrippa, believest thou the prophets? I know that thou believest.

28 Then Agrippa said unto Paul, Almost thou persuadest me to be a Christian.

29 And Paul said, I would to God, that not only thou, but also all that hear me this day, were both almost, and altogether such as I am, except these bonds.

30 And when he had thus spoken, the king rose up, and the governor, and Bernice, and they that sat with them:

31 And when they were gone aside, they talked between themselves, saying, This man doeth nothing worthy of death or of bonds.

32 Then said Agrippa unto Festus, This man might have been set at liberty, if he had not appealed unto Caesar.

Signs of Prosperity

Within the past few days three statements have been issued in Washington dealing with conditions of industry and prosperity throughout the country. They emanated from the white house, the Chamber of Commerce of the United States, and the bureau of crop estimates of the department of agriculture. These are the indications embraced by the statements:

1. That the composite conditions of all crops of the United States is 1½ per cent. above their ten-year average.

2. That the forecast of this year's wheat crop is 930,000,000 bushels, the largest crop ever produced, exceeding last year's crop ,which was itself a record crop by about 167,000,000 bushels.

3. That agricultural conditions throughout the country show a startling contrast to conditions in transportation, manufacturing and mining.

4. That in most sections, even in manufacturing sections where business conditions are at their worst, there is much optimism of the immediate future, and a general feeling that with normal crops there will be great improvement in all business matters during the rest of the year.

5.—That the tide has turned toward industrial prosperity and that the time is now ripe for going ahead with many deferred construction prospects.

The statement issued by the Chamber of Commerce of the United States is accompanied by a diagrammatic map of the country showing just where crops and general conditions are "good," "fair" and "poor." In a general way this map indicates that most of the region west of the Mississippi is "good," and that the region east of the river has generally prevailing "fair" conditions. The only "poor" spots indicated are the eastern halves of Massachusetts and Connecticut; the northern half of New Jersey and an extension of this region westward through Pennsylvania, across Philadelphia, and almost to Pittsburg; a strip embracing the southeastern section of Ohio, southern half of West Virginia, and the southwestern part of Virginia; the south central part of Illinois and the western end of Kentucky and the northwest corner of Tennessee.

All the remainder of the country is classified as either "good" or "fair," and it is worthy of note that the report is entirely beyond the pale of suspicion that it has been permeated by any tinge of political bias, Optimism is distinctly the keynote of each of the three statements which come from as many different sources.

The board of park commissioners has indicated that it will ask for no increase in its budget for the coming year, but will be content to operate its department under a nine-cent tax levy as at present. It will also devote the usual proportion to the maintenance of the free municipal band concerts in the parks, which have proven enjoyable to many thousands of people during the present season. We trust Comptroller Baade will be able to avoid a cut in this department. Park development and improvements in Fort Wayne has been given too splendid a start to permit anything to interfere with its further development.

One Fort Wayne citizen indulging in the luxury of a swim in the St. Mary's river was forced to beat an embarrassing retreat homeward by way of the back alleys because while he was revelling in the enjoyment of his ablutions somebody stole his shirt. The police are on the trail of the thief, but whether he merely sought to be a humorist or is guilty of high treason remains to be determined when a little more of the evidence is developed.

It is now declared that another legislative enactment—the Jennings county court house measure—was juggled in its passage through the last assembly and that it was changed in irregular and unauthorized manner before it reached the Governor for signature. Has anybody thought to examine the records on the bills by which the statesmen provided their salaries for the legislative term?

CAN'T FIND HUSBANDS—GIRLS KILLING THEMSELVES IN INDIA.

TWO TYPICAL GIRLS OF MARRIAGEABLE AGE IN INDIA. THEY'D FIND HUSBANDS IN AMERICA EASY ENOUGH.

Carlotta, July 23.—All epidemic of suicide among girls of marriageable age is sweeping over Bengal.

The high cost of husbands is responsible for this curious and terrible situation for these Bengalese girls are choosing horrible and dramatic methods of ending their lives.

Each day some new incident of self-destruction is reported. Girls in school openly plan for their own deaths. They speak in terms of reverence of girls who have sought death rather than bankrupt their fathers or face what is worse for the Bengal girl an unmarried life which makes her an outcast and a pariah.

New educational requirements have been demanded by the state for husbands, limiting the supply of available candidates. The fathers of boys who have graduated from advanced schools are demanding fancy prices for their sons. A common price of a graduate is 10,000 rupees, or about $3,330 in American money.

The girls whose fathers can not raise these sums are taking their own lives to escape unwedded lives.

The start of the suicide epidemic began with the girl whose name, Snehalata, is now on the lips of every girl in Bengal. Her father was about to beggar himself to buy her an educated husband. The devotion of her father had an answer in the devotion of the girl, who in America would have been thinking of dolls or moving pictures, instead of matrimony.

Snehalata procured kerosene and poring it over her scanty clothing, gave up her life in a lurid protest against the conflicting customs of her country which demanded that she marry and as a price must plunge her family into penury.

Other girls have followed her example, while some have resorted to the short, swift plunge into the rivers.

From the little girls, the widows of Bengal have caught that spirit which prefers death to the degradation and unhappiness to which centuries of tradition condemn them.

The only escape from the lonely, isolated life of perpetual mourning is through the "easier way" which brings even harsher punishments in India than it does in America for it is hopeless in its ostracism and eternal in its condemnation to an ageless spirit punishment.

While royal commissions are investigating civil service and the machinery of government, they have left the women of India in the position they have occupied for ages and school girls and elder unfortunates are giving their answer of defiance to the power of tradition—but the answer is their own tragic, untimely deaths.

THE BEEF QUESTION.

(Pittsburg Dispatch.)

Explanations as to the rise in the price of beef and of cattle are abundant and go to explain it—in part. It is probably true that raisers sold their young cattle last year when corn was scarce and high. Back of that the number of beef eaters in cities and industrial centers has increased, while the supply of cattle in the country has diminished. These two factors help to put prices up and to sustain the attempt of those interested in keeping them up.

But the situation enforces two lessons very strongly. One is that when the domestic situation favors extravagant prices for cattle and beef, the policy of throwing open the tariff doors to the supply from other countries is justified. If the United States raises so little beef that it can not supply the demand, every carcass imported from Canada or Argentine is a gain to every one. The other is that with the situation naturally tending to high prices every effort to artificially increase that tendency is the greater public injury.

We are not certain that this is done. But the recent report that the Chicago beef packers now control the entire Argentine supply to this country certainly strengthens the suspicion that the methods of the past are still at work.

AS FRANCE STAGES A TRIAL.

(Toledo Blade.)

The staged criminal trial is far from being unknown in this country. We have had trials advertised months ahead, so exploited that every nod of the prisoner, every word of the lawyers, every insignificant detail about the jurors, from the cut of their clothes to their choice in neckwear, have been set down in print and have interested the newspaper reading public.

But in this matter of the staged trial, we take rank far in the rear of the French. They have put the thing on a plane of pure dramatics. They have made up a background of terrible solemnity. There is an avoidance of the details which weary, the insignificant things that encumber the proceedings and drag it into the realm of boredom.

One always suspects that the prisoner at such a trial is now cast down and fearful of the outcome, but is thrilled by the scene of which he has the honor to be the central figure. If by word or gesture he heightens the dramatic quality of the situation, he feels that his ordeal has not been without compensation.

In the trial of Mme. Caillaux, France has a case with more possibilities for theatricals than even those of the Dreyfus hearings. From the dispatches now coming over the cables we observe that the opportunities have not been neglected.

GOVERNOR'S NEPHEW A HERO.

Redford Boy Saves Companion from Drowning in White River.

Bedford, Ind., July 23.—John H. Underwood, jr., son of Mr. and Mrs. J. H. Underwood and a nephew of Governor Ralston, proved himself a hero when he saved the life of the eight-year-old son of Ezra Edwards, county auditor, when bathing in White river. The Edwards boy stepped into a deep hole and called for help. None of the boys who were bathing, excepting Underwood, could swim. He swam to his friend, seized him as he came up the second time and held him above the water until a boat rescued both.

OFFER PRAYERS FOR RAIN.

Noblesville Folk in Union Service at Presbyterian Church.

Noblesville, Ind., July 23.—At a union meeting held at the First Presbyterian church last night, prayers were offered for rain. The meeting was called at the suggestion of the pastor, the Rev. Frank P. Miller and there was a large attendance. There has been no rain of benefit to the crops in this locality since the middle of May.

MARION MAN IS PRESIDENT.

Trustees of Indiana State Penal Farm Have Organized.

Richmond, Ind., July 23.—Organization of the recently appointed trustees of the Indiana penal farm was announced here today as follows: G. A. H. Shideler, Marion, president; George E. Seidel, Richmond, vice-president; William C. Ball, Terre Haute, secretary; James L. Randle, Greencastle, treasurer.

Vice-President Seidel said that as soon as plans for the buildings on the farm, which is located near Greencastle, are completed, "trusties" from the Jeffersonville reformatory and the Michigan City prison would be sent to the farm to begin construction work and the trustees expected that [illegible] a limited number of prisoners from the various counties could be received at the institution.

FACE FULL OF PIMPLES AND SPOTS

Would Pain, Itched and Burned. Used Cuticura Soap and Ointment. In Two Months Was Well.

4240 So. California Ave., Chicago, Ill.—"About a year ago my face was full of pimples and red spots. To sleep one night without itching was almost impossible. Some of the pimples would get big and red and if I touched them they would pain, while others would get white heads on them and when they broke open some matter came out. They would burn and itch and I scratched them so that sometimes they would break and bleed. That always caused them to be worse.

"I bought all kinds of salves and creams and I found out that they did me no good. I noticed the Cuticura Soap and Ointment advertisement and I sent for a free sample. I started to use them that night. I went to the drug store and bought a cake of Cuticura Soap and some Cuticura Ointment and I found the pimples were drying out. In two months I was well." (Signed) Chas. J. Peck, May 7, 1914.

Samples Free by Mail

Cuticura Soap and Ointment have proved most valuable for the treatment of dandruff, itching, irritated scalps with dry, thin and falling hair, irritations and chafings of infancy and for all purposes of the toilet, bath, and nursery as well as for pimples, blackheads, redness and roughness of the face and hands. Cuticura Soap 25c. and Cuticura Ointment 50c. are sold by druggists throughout the world. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

"Lord Fauntleroy" is Soon to Marry

VIVIAN BURNETT, TODAY, AND IN HIS "LORD FAUNTLEROY" DAYS.

New York, N. Y., July 23.—"Little Lord Fauntleroy" has found another "dearest." This time it's a sweetheart, Miss Constance Buell, daughter of the well known magazine editor, Clarence C. Buell. They will be married in September.

Vivian Burnett, the original of "Little Lord Fauntleroy" and many other child-heroes found in the books written by his mother, Mrs. Frances Hodgson Burnett, is now 38 years old, and, although he's a successful business man and active in politics in his home town on Long Island, he's still often called "Little Lord Fauntleroy."

ITCHING IRRITATION.

Worst Form of Skin Trouble Quickly Relieved by Inexpensive Treatment.

When you suffer with any skin trouble, even though the itching seems unbearable, do not think that it is necessary to use some disgusting, greasy ointment. Try Hokara, a pure and simple cream, that is guaranteed to contain no grease or acids and which is so cleanly that it does not soil the linen.

Its power to instantly relieve any irritation of the skin and make it soft, white and beautiful is almost miraculous.

Not only do minor skin troubles like pimples, blackheads, acne, barber's itch, etc., quickly disappear, but the worst ulcers or cases of salt rheum or eczema are cleaned and healed by this wonderful skin food.

In order that any one may try Hokara at small expense, Meyer Bros. Co.'s drug store are selling a liberal-sized jar at 25c, and in addition guarantee to refund the money if the treatment does not do all that is claimed for it.—Adv.

NEWS OF FORT WAYNE'S NEIGHBORS

WILL BE BURIED IN GOSHEN.

Remains of T. Dart Walker, Noted Artist, to Be Taken Home.

Goshen, Ind., July 23.—It has been practically settled that the remains of T. Dart Walker, the noted artist who died in Bellevue hospital, New York, on Tuesday, will be brought to this city for interment in the family lot in Oak Ridge cemetery, where his father and mother are buried. Walker died in New York after a prolonged illness. He was born in this (Elkhart) county in 1869, the son of Charles W. and M. Jennie Walker. The family came to Goshen from Middlebury. In 1884 the father died and in 1907 Mrs. Walker passed away. Early in his boyhood Dart Walker displayed talent for drawing and late in the 80's went to New York, where he studied under Ed Blue, an illustrator who formerly resided in Goshen. Walker returned to Goshen and then was sent to Paris by his mother and in that city was a student in the Julien school, where he distinguished himself. He returned to Goshen in 1891 and later went east, doing illustrative work for Harper's Weekly, Leslie's, Collier's, various monthly magazines and for the New York World and New York Herald. He gained wide fame as an artist both in painting and in illustrative work. Some of his finest paintings are in Notre Dame university at South Bend. Early in the 90's he was united in marriage to Mrs. Elizabeth Schioler, formerly of Fort Wayne, Ind., who was at one time an instructor in the European School of Music in that city. She was a native of Denmark. Ten years ago she divorced Walker and with her two children went to Denmark, where the still resides.

MADE NEW LAW RETROACTIVE.

Van Wert, Ohio, July 23.—Because a jury applied the new jury law of Ohio that permits a majority verdict before the law was in effect and of valid force, a motion for a new trial has been granted in the case of William Klein, as executor of Carrie Hartings, against the Pennsylvania Railroad company. This was the first of the two suits filed against the company for damages for the death of Carrie and Anna Hartings at Delphos, in which the plaintiff was given a judgment. The verdict was rendered by nine members of the jury and some time after the trial it was found that all twelve jurymen should have concurred in the verdict, because the suit was filed before the law went into effect. The action does not affect the verdict recently given for the death of Anna Hartings.

HELPED DEVELOPE MONTPELIER.

Hartford City, Ind., July 23.—A picturesque and active life came to an end at Kansas City, Mo., when Col. W. C. Howe, 81, a man of wide and varied experience, passed away. Col. Howe was well known in this county, where he resided for many years. He had much to do with the development of the county during the oil and gas days, being particularly identified with the upbuilding of Montpelier, where he resided a number of years. Col. Howe was interested in the Franklin Land and Mining company, at Montpelier, and was one of the men who put through the gas line to Chicago from the Blackford county field. He first came to Montpelier in 1888, just at the time the village was beginning to expand.

HOLD TESTATOR WAS INCAPABLE.

Bluffton, Ind., July 23.—The jury in the suit brought by Charles and Ross Allen against Guy Raymond Riggs and three other children of Charles Riggs, objecting to the probate of the bill of Zephaniah Allen, father of the objectors, arrived at a verdict after having been out over seventeen hours. The verdict was in favor of the objectors, thus setting aside the will. The deceased, Zephaniah Allen, left an estate estimated worth about $6,000, and under the provisions of the will the two sons, Charles and Ross, were left $400 each and the balance was to go to four grandchildren, Guy Raymond Riggs, Pearley Opal Riggs, Elsie Ann Riggs and Bern B. Riggs, children of a deceased daughter of Zephaniah Allen.

SUFFRAGISTS IN ROANOKE.

Roanoke, Ind., July 23.—The local branch of the Equal Franchise league of Huntington county has been organized in temporary fashion here, as the result of a meeting conducted by Rev. W. F. Smith, of the M. E. church in Huntington, and Miss Mary B. Cox, president of the Huntington league. Miss Josephine Cox, of Indianapolis, was also present and spoke. Miss Catherine Sites was chosen temporary head of the Roanoke branch. The Huntington league made the meeting here the first of a series in which it is designed to spread the propaganda for equal suffrage throughout the county.

DECATUR BANK ELECTS.

Decatur, Ind., July 23.—The board of directors recently elected by the stockholders of the Adams county bank, the new financial institution that will in a few days take over the interests of the Old Adams county bank, whose charter is about to expire, have elected officers for the first year of the bank's existence. The officers elected for the various positions are: President, F. M. Schirmeyer; vice president, C. S. Niblick; cashier, E. X. Ehinger, and assistant cashier, Arthur Suttleg. There are a number of details yet to be settled, but these will be worked out in the future. All the officers are well known Decatur residents.

DEKALB COUNTY PIONEER GOES.

Auburn, Ind., July 23.—John Treesh, for many years active in the public life of the county, and for thirty-nine years a resident of Auburn, is dead at his home here from a general break down and the infirmities of old age. He was in his eighty-first year. Mr. Treesh was born in Stark county, Ohio, January 21, 1834, and was the oldest of a family of fifteen children. He came with his parents to DeKalb county in 1853, where the family established a home in Richland township. He was chosen assessor for Auburn and after a number of years in this office was elected county assessor, which office he held for one term. This was his last public service.

WORM RUINING SWEET CORN.

Huntington, Ind., July 23.—Farmers in this section have found a worm at work in the sweet corn and the damage is reported so great that in some cases the entire crop has been practically destroyed. Many farmers report, however, that their fields of sweet corn have not been attacked. John Sunderman, who lives on the range line road, says the worm gets only in the sweet corn and that it starts at the top of the ear and works to the bottom. The parasite is described as closely resembling a cut worm, though lighter in color.

WILL RELAY BAD PAVEMENT.

Huntington, Ind., July 23.—After visiting Huntington to see conditions for himself, President Smith, of the Westrumite Paving company, of Whiting, Ind., proposed to the board of public works that his company should cease attempts to repair Matilda street, paved a year ago and never accepted because the work was manifestly faulty, and in the spring put down an entire new pavement. This proposal was accepted. President Smith conceded that the pavement was not worth repairing.

OLD CITIZEN OF VAN WERT DIES.

Van Wert, Ohio, July 23.—Today at the Presbyterian church in Middlepoint took place the funeral of Evan T. Davies, one of the oldest and most highly esteemed residents of this county. He was born in Wales seventy-three years ago, and came at the age of four years with his parents to Jackson county, this state. The deceased came to Van Wert county in 1865. He served in the Forty-second Ohio infantry during the civil war. He is survived by five sons.

MAKE LIMITED CAR LOCAL.

Huntington, Ind., July 23.—The management of the Fort Wayne and Northern Indiana Traction company has notified C. B. Williams, secretary of the Huntington Commercial association, that the limited car now leaving Huntington at 11:06 at night will be run as a local car between this city and Fort Wayne. At present the only car leaving Huntington at night and making local stops departs from here at 8:13. The change will benefit Roanoke as well as Huntington.

FARM BARN DESTROYED.

Goshen, Ind., July 23.—A big barn on the Leonard Wise farm six miles southwest of Nappanee, burned in a fire of unknown origin. Walter Young is tenant on the place. He and his employes had hauled hay during the day and soon after the horses were unhitched and the family was at supper the flames were discovered. Five horses were cremated and thirty tons of hay, together with wagons, buggies and farming implements lost. Insurance of $2,100 was carried.

ADAMS COUNTY FARMER ILL.

Decatur, Ind., July 23.—Fred Scherer, one of the prominent farmers of the county, was overcome by the heat and for awhile was in a very serious condition. Mr. Scherer had been busy working on his farm and suddenly was taken deathly sick. As soon as he laid down and was made as comfortable and cool as possible, he revived to some extent. It was necessary to summon a physician from this city.

BIG YIELD OF WHEAT.

Waterloo, Ind., July 23.—People driving by the H. D. Boozer farm, east of Waterloo, have noticed the heavy stand of wheat along the road and all kinds of guesses have been made as to the yield. The threshing has just been completed. The machine registered thirty-five and a fraction bushels per acre on the best field. The total yield on all of Mr. Boozer's wheat was thirty-three and one-fifth bushels to the acre.

WITHOUT FIRE PROTECTION.

Portland, Ind., July 23.—While city employes were making a connection of water mains in the western part of the city, Portland was without fire protection for a period of fourteen hours and for half a day all manufacturing establishments in town were closed down.

BEAST OF THE JUNGLE IS SCHOOLGIRL'S PLAYMATE.

AGNES GATES and her pet fox. This little animal was shown by his little mistress in a nature exhibit held in the Los Angeles public schools recently. He was captured while very young and has been the little girl's playmate since he was a tiny pup. The animal is quite docile now and is easily managed by Miss Gates, but resents handling by others.

Uptilted Hats Are Milady's New Fancy

Paris, July 21.—There's an "uppishness" about the newest mid-summer hats that gives an air of sauciness to even the demurest girls. Everything in the way of headgear, at least, is uptilted and small and pert.

The black velvet hat, like the black velvet basque had its origin here in Paris, and though everybody gasped at the thought of wearing black velvet in summer time everybody obediently bowed to fashion's edict. And it isn't so bad after all. The basques are sleeveless and collarless, nothing more than "jumpers," and the hats are very light in weight and when softened by a white aigrette or wings of white tulle they lose a good deal of their wintery heaviness. Oddly enough they look smarter with summery frocks of lingerie and silk than the leghorn and milan of former seasons.

But the velvet hat has grown rather common—everybody had a black velvet, so fickle fashion threw everybody into a panic by turning her favor to the small, turban-like shapes which have just made their appearance.

Very few of these are of straw, black velvet, black and white taffeta or white satin being the materials invariably used in these little chapeaux.

Even the seasons turn topsy turvy when fashion wills it, and no one questions the incongruity of wearing winter hats in the dog-days.

Peasant Blouse is Model for New Gown

The blouse worn by the old country peasant as he works in the vineyard or breaks stones in the highway has served fashion designers as a model for one of the season's popular styles.

The peasant gown falls in straight lines over a plain, rather narrow drop skirt of contrasting color. A wide, plain belt of the same color and material as the underskirt is the only trimming used on this quaint, old countrified costume.

Caroline Coe's Tested Recipes

Pound Cake.

Cream one pound of butter with one pound of sugar, one pound of eggs. Beat yolks of eggs until lemon color, add to butter and sugar and beat thoroughly. Add one-half teaspoon of grated nutmeg and one tablespoon of lemon juice. Have whites of eggs beaten to stiff, dry froth. Weigh one pound of flour. Add to butter and sugar a little at a time, alternating with the beaten whites of the eggs, beating lightly. The batter should be very stiff. Bake in steady oven an hour.

• • •

Peanut Butter.

Roast two pounds of raw peanuts until the meats are delicate brown. Remove shell and all skin and grind in food grinder, using finest knife. Put through six or eight times, or until oily enough to spread. About the fourth time add salt to taste. Pack tightly in closed jars.

Baked Bananas.

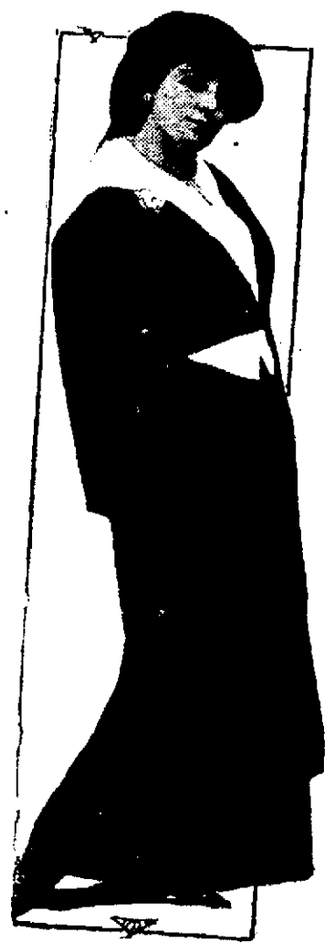
Remove peel from ten bananas, scrape off all coarse threads, melt two tablespoons of butter in agate pan. Roll bananas in little sugar and place in butter in the pan. Sprinkle over top one-half cup of sugar and the juice of half a lemon. Chop lemon peel very fine. Add one scant teaspoon salt and bake slowly until bananas are pink and tender. Baste occasionally.

THREE-PIECE FROCK.

In every well regulated wardrobe today the three-piece costume figures largely. The days when any blouse might be worn haphazard with any coat and skirt are over, and the dressmakers are bending all their ingenuity to devising costumes of which the blouse will be part of the ensemble, designed and made to form an integral portion. Sometimes the blouse or corsage has a little basque, which gives it more hold and place in the scheme, or else the material of which the skirt is made is carried up in points that rest on the blouse somewhere, or in the bretelles that go over the shoulders, or some device that makes the skirt stuff a motif to the upper part and links them together more or less indissolubly.

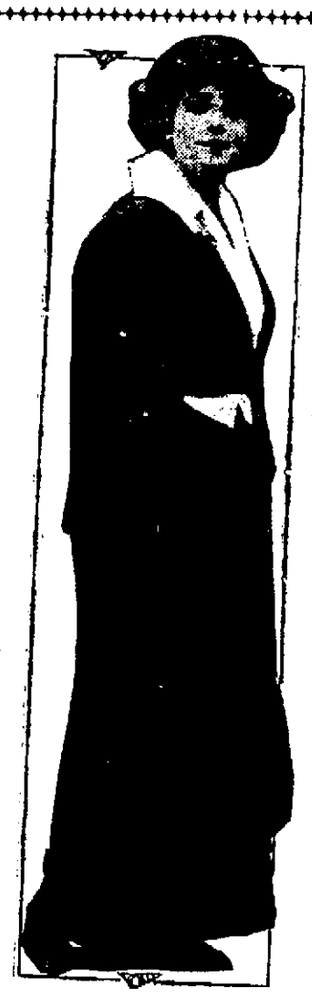
"Don't Attempt the Venus Slouch," Says Beverly Bayne

Says Beverly Bayne: "Many a lovely girl has missed being called beautiful because she has made her carriage conform to fashion instead of following the commands of her own personality."



BEVERLY BAYNE IN THE "VENUS SLOUCH."

Venus de Milo.



BEVERLY BAYNE SHOWING A BETTER CARRIAGE THAN THE "SLOUCH."

(By Idah McGlone Gibson.)

Every woman who has studied the subject at all knows that first impressions are the most lasting.

It should be every woman's first care to look well on the street or in offices, hotels and other public places.

To do this, of course, one must dress becomingly, following fashion in a way that will not make one conspicuous and keeping away from those exaggerations that mark so many of the young American girls who lack the proper personality.

"What has personality to do with dressing and one's appearance on the street?" you ask.

Miss Bayne has given the "Venus slouch" considerable attention.

She also believes that there are few women who can adopt it with success. "Unless one has the proper lines," says Miss Bayne, "one should never attempt the 'slouch.'"

Time after time I have studied this practice on the screen and I have come to the conclusion that few actresses are able to accomplish it with true grace.

I'll tell you, the girl who exaggerates the so-called "Venus slouch" shows immediately small powers of observation and little regard for the fitness of things.

She hasn't cultivated her personality in the right way. She does not realize that because a great artist has put into stone the softly curved body of a woman with all her muscles relaxed and at rest that it is not proper for her to walk the streets in this position.

Every day you see girls on our streets who have spoiled all their chances of being called beautiful by the way they are blindly caricaturing some fad while fondly thinking that they are following a real fashion.

These girls are not cultivating their own personality; they are trying to graft on themselves some other woman's personality and it immediately shows that it does not fit.

I think it was Ethel Barrymore who introduced that relaxed posture—when she was much thinner than she is now—and with her length of limb and classical outlines it was very becoming to her. And mark this: The posture was true to her personality, which, like all the Barrymores, is more or less unconventional.

Little Miss Prim, who has only five feet two to hold upright, looks like a comic valentine when she copies Ethel Barrymore's Venus-de-Milo-like proportions. She should stand on the balls of her feet with chest and head up.

Study your personality. Are you quick-minded and energetic and nervous? Then never attempt the "Venus slouch."

That is only for the statuesque and rather placid girl.

Stand in front of your glass and choose the posture that fits your snub nose, little girl, and you will immediately step into the basket that holds the peaches, and your nose which has been called "snub" will be referred to as being "tip-tilted as a flower."

HOUSEHOLD HELPS.

To remove paint from a dress take a camel-hair brush, dip the point of it in turpentine and just damp the parts that are stained. Let garment dry, and then rub briskly, when the paint will fall off in a dust. If it does not all come off repeat the operation.

• • •

Drop a little flour into the hot fat when preparing to fry eggs, if you would prevent the sputtering of the fat.

• • •

Before using a new broom, tie strands closely together and put it into a pail of boiling water, letting it soak a couple of hours. Dry it well before using it.

• • •

In case grease is dropped on the kitchen floor, scatter soda on it and then pour boiling water over it.

• • •

Keep butter in stone or glass jars with tight fitting covers.

• • •

Bread will keep better in a wooden box than in tin.

FASHION FADS.

White organdy cuffs and collars are much in evidence on silk or gaberdine dresses.

Dutch suits are the latest to join the novelty suits which are such favorites for little boys.

Spotted baterials are among the rivals to the checks and plaids for waistcoats and tunic edging.

One-piece dresses have unfitted backs which fall freely away from the figure without any suggestion of waistline.

Large, brilliant colored buttons are often the only spot of color on a dark suit.

Jeweled or fancy pins are almost indispensable to the present daytime coiffure.

Pinking is much in vogue and frills edged this way trim millinery as well as frocks.

Some of the new coats show a new shoulder effect that suggests a cape, made by two tucks around the top of

"Cook an Artist in France, Servant in America," Says Woman Chef

Mrs. Rosa Lewis.

(By Mary Boyle O'Reilly.)

London, July 23.—"The professional cook is the best paid woman in the world."

It's Mrs. Rosa Lewis, greatest woman chef in the world who says so, and Mrs. Rosa draws a salary as big as that paid the American ambassador at the Court of St. James.

The kitchen was the school in which the great woman chef learned to cook. She never saw the inside of a cooking school.

"I didn't have time to go to school," says Rosa Lewis.

JUDGING BABIES WAS HARD TASK

Baby Show and Parade at Robison Park was a Success.

The number of pretty babies entered in the annual baby contest at Robison park Wednesday was so surprisingly large that no attempt was made by the judges to select any one baby as the very, very prettiest and three prizes, each in the same grade, were awarded to the three infants who were selected from the enormous array of babyhood. They are Virginia Havens, 2156 Fairfield avenue; Mary Alice Stewart, 833 Erie street, and Paul Honeck, 1230 McClellan street.

Manager C. H. Williams stated that a total of 9,150 persons visited the park for the baby contest and decorated baby carriage parade and 500 persons passed into the resort through the farmers' gate.

In spite of the intense heat everybody appeared to enjoy themselves and the crowds surged from one portion of the park to another, eager to participate in and see every feature of the day's program. One of the prettiest features of the day was the decorated baby carriage parade, and besides the carriages, a hundred or more boys and girls were costumed for the event and marched in the procession from the main pavilion to the grove beyond the creek and chutes lake.

It was a difficult task to select the 106 prize winners and in appreciation of their services, Manager Williams presented each of the judges with a beautiful willow basket filled with flowers and each a two pound box of imported coffee. The judges were: Mrs. George Fitzsimmons, Woodland avenue; Mrs. Charles Ashley, St. Joe road; Mrs. Clarence Harthorn, East Wayne street; judges of decorated carriages, Mrs. J. H. Young, West Washington street; Mrs. Louis Schroeder, Broadway. Mrs. Frank Bond, of Jefferson street, registered the babies and she was assisted by Mrs. E. G. Pitblado, of Bluefield, W. Va., sister to Manager Williams.

Wanted a Photograph.

In a letter to Mr. Williams, little Esther Hendricks said that the first time she had ever been to Robison park was on Boys' day last week and she was so delighted with the park and liked Mr. Williams so much that she wanted one of his photographs. Mr. Williams gave her one and also a gold set ring. Lucile Parnin was also given a prize for her letter to Mr. Williams. She was awarded a set of beads.

The Prize Winners.

Judges awarded prizes as follows:

Three tiniest babies, prize silver cup gold lined—Kenneth Leroy Noll, Swinney avenue; Margaret Bryan, 420 Organ avenue; Earl Moellering, (seven weeks old, weighing five pounds.)

Three fattest babies—Alice Loney 718 West Creighton avenue; Kelsey Parks, 2440 Thomas street; Fred Murray, 918 Nelson street (same prize as tiniest babies.)

Three prettiest babies—Paul Honeck 1230 McClellan street; Virginia Havens 2156 Fairfield avenue; Mary Alice Stewart, 833 Erie street. (Prize, twenty-six pieces of silverware.)

Twin babies—Lucile and Louise Zimmerly, 1431 Wall street; J. Roger Kreigh, Ossian, Ind., R. R. 5; Louis and Lucile Batterson, 511 Buchanan street (Prize, gold-lined silver cups.)

Manager Williams announced that the audience was to be the judge of the babies who were to receive the chains and lockets as special prizes and they were awarded to Lester and Chester Brouwer, 2519 Hanna street; twenty-two babies receiving silver cups—Elizabeth Hosler, Robert Maxwell, Ralph Manthe Robert Glem, Harry Ruby, Jennie Gobes Jane Dowell, James Miracle, Florence Hilt, James Zehender, Elizabeth Scherer, Douglas Geake, Pauline Bruns, George Kymaston, Marjorie Smith, Harold Niemyer, Beatrice Roger, Wilfred Bastus Josephine Gaines (colored), Daniel Sherwood (colored).

Frank Mount Pleasant.

One of the best all around athletes in the world is after the job of general athletic director of West Virginia Wesleyan college. Frank Mount Pleasant, who was all-American quarterback when at Carlisle, is the man. Mount Pleasant, also a track star, is at present coach at the Indiana state normal school.

DANVILLE NOW A POSSIBILITY

Illinois City Would Like to Break Into Central League Roster.

Danville, Ill., July 23. Danville, which recently gave up its Three-I franchise, may become a member of the Central league, a class B combination.

It is said Fort Wayne and Terre Haute want Danville badly, and President Louis Heilbroner favors the plan of admitting Danville and Zanesville, O., thus making an eight club league.

EVAS HIT BRAMBLE HARD IN OPENER

But Sensational Fielding by Fort Wayne Kept the Scoring Low.

The Evansville team indulged in a batting bee at the expense of Bramble, the Fort Wayne pitcher, in the opening of a series of three games with the Hilikins at the Evas' home lot Wednesday afternoon. They tapped out eighteen clean hits but sensational and spectacular fielding helped keep the scoring low. The final count of the game stood 8 to 3 in favor of Evansville.

The locals took the lead in the third inning when Martin singled, Nespo sacrificed and a hit by Bramble scored the manager from second. Smith walked and McLafferty blew out. Bramble crossed the home plate when Holderman hit one towards the right field fence, being good for one base.

In the first inning the Hilikins filled the bases with no one out, and it seemed as though it would be good for several runs with all the good hitters up, but Coach Joe Sebring put down several runs at the plate. Bramble was the first man to get out to first on a hit. Smith beat out an attempted sacrifice and McLafferty, batted to Gregory, who threw wild to third and all hands were safe. Bramble was cut down at the plate when Hoodenpyle, batted to Martin. Brant grounded to Grady but Smith was caught a few inches from the home goal. A wild pitch scored McLafferty from third, Brant walked but Streeter retired the side when he was thrown out at first.

Evansville got two runs in the fourth on a single by Baker and home run by Laughlin, scoring Stratton. Tebo, Matthews and Grady followed by a two-bagger by Baker scored both runs in the fifth. Grady scored another run in the seventh when he hit over the fence. The score:

PHOTO-PLAYERS FORM A WHOLE BASEBALL LEAGUE AND PLAY REGULARLY.

From left to right, Eddie Lyons, Lee Moran, George Marshall, Frank Lloyd, Ford Sterling, Harry Tenbrook, Charles Giblyn, Earl Page, Herbert Rawlinson, Joe King and Victoria Forde, sponsor.

Photoplayers out west have organized a baseball league of their own. The plan has proved exceptionally popular. It not only gives the players exercise and recreation, but it gives the public an excellent opportunity to see their favorites at the bat and in the field.

In this bunch of ball players, which is one of the Universal Film company's teams at Hollywood, Cal., you'll see Eddie Lyons and Ford Sterling, the famous comedians of the "independent movie" world; Herbert Rawlinson, who is one of the Universal stars.

His recent impersonation of Harvey Birch in "The Spy" will be remembered. And then at the end of the line stands Victoria Forde, the Universal ingenue, who is noted for the daring parts she plays in western pictures.

TENNIS CRACKS READY TO PLAY

Overcast Skies Promised as International Matches Are Started.

Chicago, July 23.—Play in the International lawn tennis matches for the Davis cup, which was to begin here today between the Canadian and Australasian teams had the promise of overcast skies and temperatures somewhat moderated from the enervating heat of the last few days. Two singles matches were on the program. Anthony F. Wilding and Norman Brookes, of the Australasian team, were picked to face R. B. Powell and B. P. Schwengers, of Canada. Schwengers is a brilliant player but before the match was only conceded an outside chance against Brookes, who defeated Wilding last year. Powell is a veteran of class enough to make Maurice McLoughlin, the American champion, extend himself to defeat him last year.

A feature of today's matches was that in both a left-hander was matched against a right-hand player, Brooks and Powell being left-handed. In the matches Saturday the left-handers and right-handers will face each other.

The first match today was to start at 2:45 in the afternoon. Brookes and Schwengers taking the court first.

Wilding today praised highly the courts of the Onwentsia club at Forest lake, where the matches are to be played. Intense heat was complained of by all the players in practice yesterday.

VETS MISS JOHNNY NEE'S PRESENCE

Services of Manager Were a Great Help to the Dayton Team.

The services of Johnny Nee, manager of the Dayton Central league team, are missed by his players, and although the Vets still have a big lead over the Evas, their nearest competitors for the pennant, it is almost certain that they would be much farther ahead if the manager's services had not been lost when he received injuries over a month ago.

Johnny is missed at second base, where he was fielding in great style, and his base running is conspicuous by his absence. But it is as lead off man where his services are most missed. Johnny was one of the best lead off men in the Central league. He was on those bases two or three times every afternoon. If he didn't draw a pass he either hit or got to first on an error and then the wrecking crew attended to the rest. With Nee on and Deffaves, Clemens and Spencer following, that top of the Vet batting order was an imposing array. Now things are different. Lee Hobbs is not getting on very often and the plan of attack has been changed. Lee is fielding in grand fashion, but his hitting has been of little value to the club and as a result the Vets are not scoring the runs they formerly did.

The Dayton aggregation has a fine record in regard to the games won from the various clubs in the league which also explains the position they are now holding. Following is a list of the games they have played with the clubs and the number lost and won:

Clubs.	Won.	Lost.	Pct.
Springfield	27	2	.931
Fort Wayne	11	4	.733
Terre Haute	11	5	.688
Grand Rapids	11	8	.579

Etawah Sets 2:04 Record for Four-Year-Olds at Cleveland.

Cleveland, O., July 23.—In a special event at the third day's grand circuit races at North Randall, Etawah Ill., owned by Frank G. Jones, of Memphis, trotted a mile in 2:04, establishing a world's record for a four-year-old trotter of either sex. The old record of 2:05¼ was made in 1892 by Directum.

Geers drove Etawah, and was paced by a runner. In the morning Geers drove Anvil, another Jones horse, a mile in 2:02¾, the fastest mile trotted this season. Anvil also became the fastest record trotter in training.

Busy Day for Geers.

Geers also drove Napoleon Direct to victory in the best race of the meet so far, the last event of the day. Six heats were required to pick the winner in the 2:12 pacing class. After Shadeling had won the first heat Napoleon Direct took the second and third. Then Coastless Mobel came to the front and won the next two. Napoleon Direct, however, outsprinted Coastless Mobel in a thrilling brush down the stretch and took the last heat.

The North Randall stake for 2:26 trotters also furnished several surprises. Margaret Burlen, favorite, took the first two heats without much trouble. Sensal, which ran third and second respectively in the first two heats, came back strong and landed the next three.

has been decided by the courts is too much in need of advice to place in a position requiring independent judgment.

"A man who cannot distinguish an illegal act until the judge is ready to impose sentence ought to be compelled to attend a school of morals. Some people never can discern anything clearly until they see it through the bars of a jail."

The harvest company, the senator said, had many arms. "It is only one of that pestiferous litter whelped in the Morgan offices. These all are united by the triple ties of consanguinity, affinity and interest. The monopoly quagmire has a common origin and a common bed. Touched at its circumference it quivers throughout its entire body. Shake it and there will come crawling to its surface the foul beasts that inhabit its slime. Their holds will appear in concert and their angry cries unite in an unharmonious chorus of malediction.

"Their cause is as much in common as was that of Ali Baba and his forty thieves. Touch the international and you arouse the steel trust. Awaken it and you disturb a chain of subsidiary companies. You start into activity Standard oil and all its allies are instantly upon the scene of action—a vast chain of banks, a measureless net work of corporations, held together by illegal agreement and interlocking directorates. You start at once into malicious activity every newspaper controled by crooked business."

The Caucus Program

Preparations for putting into effect a definite legislative program in the senate as agreed by democratic senators in caucus are being made to-day by leaders in that body. Under the new program senate democrats expect to put through the proposited anti-trust legislation and appropriation bills with a view to an early adjournment of congress as soon as possible. Decision to continue the pending interstate trade commission bill as the unfinished business and keep the measure before the senate until disposed of except for conference reports on appropriation bills was reached at the caucus. After passage of that bill, the Clayton anti-trust, the railroad securities, the rivers and harbor bills are to be taken up in the order named for uninterrupted consideration. Effective tomorrow the new program calls for daily sessions of the senate from 11 a. m. to 6 p. m.

FORMER WIFE TAKES STAND

(Continued from Page 1.)

The arguments of Procurator-General Jules Herbaux for the prosecution and of Fernand Labori for the defense would it was announced, probably begin late in the day.

Mme. Caillaux took her place in the prisoner's enclosure punctually at noon She carried in her right hand a little vial of smelling salts and a note book. Ten minutes afterward the red-robed judges filed in an expectant hush fell over the crowded masses in the court room. Here and there a Japanese paper fan gave a striking note of color to the scene.

Long Strain is Telling.

Joseph Caillaux and his friend Pascal Cecialdi had visited the prisoner in the conciergerie before the hearing began. They found that the long strain was beginning to tell on her and that she felt exhausted and ill, but showed strong determination to face her ordeal with calmness.

The testimony of the first three witnesses to-day concerned the two private letters which the defense seeks to show Gaston Calmette intended to publish Gaston Dreyfus, a banker and a friend of the murdered editor, came to the stand and explained that the scientist Paul Painlev, who had yesterday testified that M. Dreyfus had told him the Figaro was going to publish a number of private letters, must have misunderstood him. He had referred to the Victor Fabre report on the Rochette swindle affair and not to private letters about which he knew nothing. An official of the treasury department, Andre Reissier, testified to being present during a conversation of a group of journalists in the lobby of the chamber of deputies when it was stated that letters shortly would be published.

She Produced Letters.

Francois Desclaux, chief private secretary of M. Caillaux, when minister of finance, declared that Andre Vervoort, editor of the Paris Journal, came to him and told him Mme. Gueydan had proposed to him to publish two letters which she produced. He had, he said, informed M. Caillaux of this and he exclaimed:

"But these are letters which were stolen from me. I hope no newspaper man can be found to publish them."

The rapid succession of witnesses was interrupted by the confrontation of Gaston Dreyfus and Paul Painlev, both of whom maintained the accuracy of their depositions with considerable heat.

Amid much murmuring among the public Judge Albanet ended the incident by saying the jurors must be left to decide for themselves as to the accuracy of the evidence.

Andre Vervoort was next called to the stand and corroborated the testimony of M. Desclaux, but was unable to say whether his interview with Mme. Gueydan had taken place before or after the marriage of M. Caillaux to his present wife in 1911. Maitre Labori drew from the witness the opinion that Mme. Caillaux, not knowing as he did the character of Calmette, might well have feared the publication of her letters.

Eager to See Her.

"Call Mme. Gueydan," said Judge Albanet. Nearly every one in court stood up to see M. Caillaux's first wife, who has been regarded as the intrigante behind Calmette and as the person responsible for most of the misfortunes which have overcome the French statesman and his second wife.

Mme. Gueydan, a slender woman of medium height, then came into court. She was dressed simply in black and wore a small blue hat with blue feathers. She looked to be 35 or 36 years old. Her face was drawn in tragic lines, her black eyes showing from great sockets in her wasted cheeks. She seemed ill, but she walked with calm dignity past her former husband standing in front of the judges and the jury.

Request is Refused.

The witness asked if she might refer to her notes, but the request was refused by the judge.

"There has been so many lies told," said Mme. Gueydan, "that my notes are absolutely necessary if only to fix dates. Was not M. Caillaux allowed to read from papers? I am confronted with a mountain of lies which I must climb and break to pieces one by one. I am alone. I have no husband to defend me."

In saying this she cast a long glance at M. Caillaux, who, however, did not look at her.

Not There to Accuse.

"You are not here to accuse," interposed Maitre Labori. "You will find nothing but courtesy and deference for yourself personally if your role is simply that of a witness. But if you come here to accuse them you will find me in front of you as a defender of my client."

Mme. Gueydan: "If you have spoken of me to M. Caillaux he will have told you that at least I have courage." This was spoken in a challenging tone and called forth "bravos" from the spectators whose sympathies she seemed to have from the moment she entered the court room.

Judge Albanet rapped on his desk. Then Mme. Gueydan continued: "I have been pained to see that the person who drew the indictment has grouped together all the filth. All the pity has gone to the intruder who defiled my home to take my place."

Maitre Labori: "Mme. Gueydan promised to testify without hate."

Mme. Gueydan: "It is said that the crime was committed because I communicated copies of letters."

No Disagreements.

"The witness then referred to her notes to which Maitre Labori objected amid murmurs of protest against him from the audience. Judge Albanet supported Maitre Labori's objection. The judge then himself addressed the witness saying questioningly in order to give her a start.

"Disagreements arose in your home?"

Mme. Gueydan: "There were no disagreements. Our domestic life was tender. No one knows. Not even you, Mr. President, and absolutely no one knows about this affair."

Judge Albanet: "Nevertheless you and your husband had a reconciliation over something and the letters were burned. Will you explain?"

Mme. Gueydan: "The first letter that appeared—do you know who gave that to me? M. Caillaux. He did it at the ministry of finance in 1908."

Mme. Gueydan was speaking in low tones and the impatient spectators called out, "Louder, louder."

Mme. Gueydan: "I had never suspected that my husband had a mistress. I first knew it when he threw himself at my knees and asked my pardon. He humbled himself and I pardoned him but the next day he returned to this person. I did not cease to believe his lying talk. I believe that the evil surrounding my home had gone for I thought I saw the bottom of his heart in his tears."

Mme. Gueydan's voice had become clear and though she spoke in low tones her words penetrated every part of the chamber as she said:

"I didn't know at all the person in question. To show you my loyalty to my husband, he confided to me a traveling satchel full of important papers. I never opened it. I didn't know until a long time afterwards that it contained correspondence between him and Mme. Raynouard, now Mme. Caillaux."

The witness' voice sank into indistinctness and she stood silent for a moment before continuing her testimony and then she said only, "I do not know what I can say—what I ought to say."

Mme. Gueydan again stood silent until Judge Albanet requested her to continue and to speak louder. She then said: "My husband became irritable and I was nervous. One day he said to me, 'Do you know I came to your bedside last night to kill you?' After that I felt I ought to leave. I went to Versailles and wrote to him. I thought he would follow me and bring me home, but no! He went to the department of the Sarthe and I returned to Paris, but he did not and you know why."

Mme. Gueydan continued: "Well, I came back home and noticed his desk half open. There were in it two letters from a woman. They had been fabricated by him and Mme. Raynouard to make me believe that there was no intimacy between them."

WILL LIVE WITH STEEL BACKBONE

Paralyzed Man Expected to Walk After Delicate Operation.

Binghampton, N. Y., July 23.—As the result of a remarkable surgical operation, Frank Harrington, 59, of Vestal, near here, will hereafter be known as the man with the steel backbone.

A steel tube, jointed to make it as nearly as possible like the vertebrae of the spinal column, replaces twenty of the vertebrae which were crushed by a fall from a scaffolding.

Harrington, while working on a scaffolding several weeks ago, tripped and fell to the ground, landing on his back. It was found that the lower and middle parts of the spinal column had been crushed and the resulting pressure on the spinal cord had paralyzed his legs. It was not believed that he would be able to survive, but five week sago he was taken to the hospital. Drs. C. S. Wilson, W. H. Wilson and R. O. Crozier finally decided upon the remarkable operation.

As a preliminary, the surgeons removed the pieces of the twenty crushed vertebrae, then took a careful measurement of the part of the spine removed. They then ordered a steel tube about three feet long, shaped like the spine, and with flexible joints to correspond with the vertebrae. This was inserted, extreme care being taken that every nerve branching from the spinal cord should be in its proper place.

Harrington was placed then in a plaster cast. He has improved so much that he is now able to move his legs in the bed, and the surgeons believe that he will recover and be able to walk as well as ever.

LITTLE HOPE FOR PEACE.

Intervention in Haiti and Sandomingo Seems Only Remedy.

Washington, July 23.—Possibility of American intervention in Haiti and Sandomingo to restore peace continued today to be an absorbing topic of discussion in administration circles. Dispatches regarding the situation in the republics gave but little hope that the contending elements in the two countries would be able ot restore order.

A live town is where the people do their trading at home. A dead town is where they do not. The one town doubles its population every few years; the other town stands still and is lucky if it escapes actual decay. Fort Wayne is a live town; Indiana has some dead ones. Fort Wayne is a particularly good town in which to buy, because by trading at home her people make it so. FOSTER FURNITURE CO

CITY FIREMAN WANTS $10,000

Ferdinand Schroeder Sues W. K. Noble for Collision With Auto.

In a suit filed in the superior court, Ferdinand Schroeder, a city fireman, sues William K. Noble for $10,000 damages for injuries received on March 14, 1914, when the fire truck driven by Schroeder was run into by Noble's automobile in charge of a chauffeur. The accident occurred at the corner of Lewis and Clay streets while Schroeder was driving a truck belonging to No. 1 company in answer to a fire alarm. It is alleged that the automobile was being driven carelessly and at an unlawful rate of speed and dashed into the fire truck. Schroeder was thrown from the truck and in his complaint says he sustained a fracture of the right patella, a bruised joint of the right knee, injuries to the chest and shoulders and his right eye and that the shock produced an elevated blood pressure that has resulted in a dilation of the aorta, commonly known as an aneurism, and that such injury is permanent and incapacitates him from work.

Receiver Ousted; New One Named.

Upon complaint filed by Edwin Heller against the Hellers's Four Winners' Slothing company, a corporation, Judge W. C. Ryan, in the superior court, has appointed Glenn A. Smiley receiver for the corporation and its business, fixing the bond at $20,000. In a suit brought July [illegible] Citizen's Trust company was [illegible] receiver for Heller's Four [illegible] partnership. The complaint [illegible] on the later suit sets forth that the Heller's Four Winners company is a corporation and as such took over all the holdings of the co-partnership firm of Edwin Heller and Bert C. Heller, owners of Heller's Four Winners, and that the suit of Morris Marans' Sons against Edwin and Bert C. Heller, a partnership, was in reality against nobody. It was upon this suit, which the present complaint denounces as a frame-up, that the earlier receivership was established by the court. The complaint of Edwin Heller says that the corporation is not insolvent and details abundant resources of the plaintiff to prove it. The ousting of the old receiver, who had taken possession of the clothing store of the Heller's Four Winners in this city, and thrown out the owners, was prayed for, along with the appointment of a new receiver and a disposition of the business. The issue is now between the two receiverships and the court will have to determine the question whether the property involved in the suit is in reality owner by the Heller's Four Winners company, a corporation, or the Heller's Four Winners, a partnership of Edwin and Bert C. Heller.

Wife Says She Was Beaten.

In a divorce complaint filed in the superior court by Marie Bene Uliano against James Uliano the plaintiff says her husband, to whom she was wed in 1912, treated her badly from the start, struck her with his first, knocked her down, kicked her and threatened to kill her with an ice pick. They separated in April. She asks $1,000 alimony.

Deserted Wife Sues for Divorce.

Frances E. Burgoyne has brought suit in the superior court against Thomas Burgoyne for divorce, stating that they were married January 15, 1911, and separated June 22, 1912. She says that for two years she has had no support from her husband, who is now residing in Wenatchee, Wash.

Notes of the Courts.

In the superior court Mary Belling sues Charles M. Kabor for $100, which she says she let the defendant have as a loan.

The Beers-Offutt Construction company has petitioned the superior court for permission to change its name to the Beers Construction company.

The city of Toledo is willing to set aside a fine and workhouse sentence imposed on George Sweet in that city if the Allen circuit court wants him badly enough to come after him on a citation for contempt in having failed to provide for his child as a divorce decree granted by Judge Eggeman ordered him to do. Sheriff A. C. Gladieux will go after him. Sweet got $50 and costs and a workhouse sentence of thirty days in Toledo. His whereabouts were unknown until the prosecution in Toledo brought him to light.

In the superior court Judge Ryan granted a divorce to Catherine Mitchell from George W. Mitchell.

William S. Sama was given a judgment of $70 by the superior court in foreclosure proceedings against Anna and Ernest Brockmeyer.

Mike Gurmas has entered suit in the circuit court against the Nickel Plate railroad for $1,000 damages, alleging that on the 11th of April last, while employed with other men relaying a switch track, the carelessness of his fellow employes caused a heavy steel rail to be dropped on his foot, crushing the member so badly that he was long confined to his home and the hospital and is incapacitated from earning a good living.

CUTTING DOWN PFEIFFER HILL

Rapid progress is being made cutting down Pfeiffer hill, which is one of the approaches to the bridge over Spy Run on the Lima road. A new bridge is under construction and as a part of the improvement the commissioners are having the hill cut down. Work was started Monday with a steam shovel and the hill has been disappearing rapidly. The commissioners expect to have the bridge completed and the hill cut down so that the road may be put in condition by the end of next week.

NIERMAN WILL OPPOSE PARDON.

Justice A. C. Nierman of this city announces that if the case of Clarence Kidd, now serving a sentence in Jeffersonville reformatory for rape, comes before the state board of pardons he will personally appear before that body to oppose either parole or pardon for the convict. Kidd's case is now under investigation.

TWO MORE WILL ATTEND.

Seven Fort Wayne People to Go to Lake Geneva Conference.

Two more members of the Young Women's Christian association will attend the Lake Geneva conference to be held at Lake Geneva, Wis., August 16 to 22, besides the five delegates of the association, whose expenses will be paid. They are Lillie Gloeckle and Karom Aamodt.

At this conference delegates will find many girls with their different needs and ambitions. They will find bible and mission study classes led by efficient women who will give some broader views on their subjects. The delegates will also enjoy themselves in walks, boating, rides and games planned by a committee in charge.

SOCIAL A GREAT SUCCESS.

Over 7,000 People Attend Affair Given by Olympic Athletic Association.

The ice cream social given Wednesday evening on St. Martin's street, between Warsaw and Hanna streets, by the Olympic Athletic association of St. Peter's Catholic church was a great success and over 7,000 people were in attendance. It is thought that this is the first time in the history of the city that a church organization gave a social on the street.

Permission was granted to the association to hold the affair on the paved street and according to the agreement the street was all cleaned up and ready for traffic by midnight. Several officers were detached from the police station to prevent any rowdyism which might have arisen, but no trouble was reported.

The affair was the largest attended of any one ever given by the church and before 9 o'clock 100 gallons of cream had been sold and 100 more gallons were immediately ordered. This supply was also nearly sold out. The proceeds of this social will be added to the fund for the new gymnasium to be installed in the school hall now in the course of construction.

YOUNG PARSONS DIES.

Son of Indiana State Normal President Succumbs to Heart Trouble.

Terre Haute, Ind., July 23.—Robert W. Parsons, son of President W. W. Parsons, of the Indiana State Normal school, located here, died early today of heart trouble. He had been ill for many weeks. Although forced to give up his studies in his senior year at Wabash college, President W. L. Mackintosh, of that institution, made a special trip here this spring to give young Parsons his diploma. He was awarded the Rhodes scholarship from Indiana last year.

TEETH BROKEN AND LIPS CUT

Machinist Wentz Gabriel is Hurt When Struck in Mouth by Steel Wedge.

Wentz Gabriel, one of the best known machinists in the city, sustained a painful injury at the Wabash shops yesterday afternoon. He was driving in a steel wedge, when it flew out suddenly, striking him in the mouth, cutting the upper lip and knocking out one tooth and loosening another. Dr. C. F. Kaadt was called to attend the unfortunate man. Mr. Gabriel was a member of the Wabash shop's committee for several years and took part in some of the conferences over wage matters and working conditions.

BEST IN ITS HISTORY

Will Be the Grain Movement Over the St. Paul.

From reports from every part of the country through which the Chicago, Milwaukee & St. Paul road passes, George B. Haynes, general passenger agent of that system, has compiled and issued the following optimistic statement:

"Crop reports from territory on or adjacent to the line of the St. Paul road' indicate extraordinary yields of all agricultural products. These good conditions are not applied to any particular state or district, but we have the unusual situation of good crops everywhere, with the exception of two or three localities in small areas.

"There has been a trifle too much rain in a small portion of the Red River Valley between Minnesota and North Dakota, and there is a small area in southern central South Dakota that has not received sufficient rain fall. This is due apparently to peculiar local conditions, as all around this area in South Dakota plenty of rain has fallen.

"The western portions of South Dakota, which during the past two seasons have been dry, this year have received an abundance of moisture.

"The area in crops is large and the crops are in the best of condition at this time. This is true also of the state of Montana and Washington.

"These conditions are already beginning to stimulate travel and we look forward to a good year.

"The company has recently placed an order for the biggest type locomotives built by the American Locomotive company for freight service in order to be ready to handle the expected heavy grain business from the west this fall. Our company is busily preparing to put its locomotives now in shop into commission, and is overhauling every car to insure, if possible, enough rolling stock to handle this looked for heavy business."

THEY GOT THE BULL.

The last of the escaped cattle from the Pennsylvania stock yards has been captured. Tuesday a farmer residing near New Haven telephoned Agent Kirkland's office that a black bull, said to be one of the escaped cattle, was causing trouble on his farm and a call for volunteers to go out to the farm, lasso the vicious beast and bring him to the city was issued. E. L. Bennigan, E. C. Gouty and Ben Sorg responded. They secured the assistance of one of the drivers of the Brown Trucking company and with the big derrick wagon and innumerable ropes started for the scene of devastation and terror. Arriving there they told the farmer their mission and were surprised at his answer. He said: "Wait a moment: I'll send my daughter after him." A few moments later a child was seen coming up the lane leading a diminutive black calf that was as gentle as a kitten and did not weigh much more. "Say, what are youse fellers going to do with that derrick and all that rope," asked the farmer as he picked up the calf and deposited it on the wagon. "Oh, we might want to move a house or a safe before we arrive home and in case we do, these would come handy," said the driver. "Boys, keep mum when you get home, don't say a word about this wagon, ropes and other paraphernalia," said one of the party. And they didn't.

PICNIC WAS A PLEASANT AFFAIR.

The picnic at Klutz's grove yesterday for the benefit of the members of the Tailors' union and the members of their families proved a most pleasant event. There were nearly fifty present and they went to the grove on the 10 o'clock interurban car. Dinner and supper was served there and between the meals there were games in which old and young participated. The prizes in the card games were a dog for the gentleman and an umbrella for the woman winner. William Bernheit, A. L. Summitt, Frank Goebel and Joseph Weidemann composed the committee of arrangements.

Machinist Michael Hausbach, of the Wabash, has been unable to work for a few days on account of an affected eye. The optic was injured a number of years ago and has been making trouble occasionally ever since.

RECOVERS PASSENGER'S PANAMA.

C. V. Schwarzkopf, a telegraph operator at one of the towers between Upper Sandusky and Bucyrus, found a ten dollar Panama hat lying at the side of the Pennsylvania tracks as he was going to his work last night. Some time later he heard a message passing over the lines to the Bucyrus agent to have the section men look for the hat and when they found it to send it to J. A. Charlesworth, Pittsburg. That gentleman was riding to Chicago on Pennsylvania train No. 21 last evening and his hat blew off his head and passed out of the window. The conductor reported the incident to Captain Stoll, who soon located the hat and had it sent to Pittsburg. This is only one of many similar incidents on the Pennsylvania.

WILL HAVE AN OUTING.

The Fort Wayne Printing company will give its employes and their families an outing in August and negotiations are now pending for train service to Cedar Point at a date to be selected later. It is estimated that the outing party will number upwards of 200. The route to Cedar Point has not been selected, but it will either be via the Nickel Plate or the Lake Shore roads. The committee of arrangements is composed of Jacob Agne, chairman; C. O. Wheatley, secretary; Fred Schwartz, and Herbert Wilding.

STEEL LODGED IN HAND.

While at work with a hammer and chisel in the Pennsylvania erecting shop yesterday afternoon, Machinist Fred Fleischman had a piece of steel which flew off the chisel to lodge in his left hand. It was embedded so deeply in the hand that Mr. Fleischman had to go to the St. Joseph hospital to have it removed. The wound is not serious.

ATTENDING A CONFERENCE.

Guy Scott, of the Pennsylvania, and C. L. Barnaby, of the Grand Rapids & Indiana division engineers, are attending a meeting at Chicago of all the Pennsylvania lines' division engineers west of Pittsburg. Matters connected with the proposed new terminal in Chicago are among the things being considered at the conference.

CHARLES KOCW IMPROVING.

Charles Koch, the carpenter who was injured Monday by being caught in one of the foundry elevators at the Bass works, will completely recover. It was feared at first that he might be paralyzed, but danger from that source has passed. Mr. Koch is at the Lutheran hospital.

TAKING TEN DAYS' OUTING.

C. P. Cherry, division storekeeper of the Pennsylvania, is taking his annual vacation, which he will spend with his family at Rome City. Mr. Cherry will spend the greater portion of the time fishing.

SENT BOILER TO BRYANT.

An 100 horse power tubular boiler and all appurtenances left the Bass works today for Bryant, Ind. It will furnish steam in the factory of Troy Buggy.

ATTENDING NIECE'S FUNERAL.

Francis Burgess, the veteran Wabash machinist, went to Chicago today to attend the funeral of his niece. Mr. Burgess is accompanied by his family.

INDUSTRIAL NOTES.

PIZARO'S FREE CONCERTS BIG SUCCESS IN FT. WAYNE

PUBLIC AMAZED AT ASTONISHING CURES AND QUICK RESULTS OBTAINED BY PIZARO'S NEW DISCOVERY

Another Free Entainment and Lecture Tonight and Every Night at Corner of South Calhoun St. and Creighton Ave. Office at 215 West Berry St. Crowded Daily With Sick and Suffering From All Parts of the City.

Large crowds are attending the free lectures and concerts given by Pizaro on the large vacant lot on South Calhoun street and Creighton avenue every evening at 8 o'clock sharp. The bankers, lawyers, merchants, doctors workingmen, their wives and families can be seen mingling together at Pizaro's meetings.

The lame, deaf, rheumatic, sick and suffering humanity were invited upon the large platform to test the healing power of the new discovery. Mr. Frazer stated that for years he had been troubled with partial deafness. Pizaro produced a peculiar looking medicine and his physician applied a few drops. In less than a minute Pizaro stepped away about twenty feet distance and asked: "Do you hear me?" A smile illuminated Mr. Frazer's face and he replied: "Yes, I hear you plainly."

Lame Back.

Mr. E. L. Barlow stated that for four years he had a constant pain in his back. But after using Pizaro's remedy the pain vanished.

From Death Bed To Pie and Coffee.

The most remarkable statement regarding Pizaro's new discovery was made by Mr. Lloyd Stannard, 501 East Joseph street, Mishawaka, Ind. "Ever since Christmas I have been an invalid," exclaimed Mr. Stannard. "I lost 30 pounds, went from 148 pounds to 118 pounds. I was unable to get around. Stomach trouble in its worst form bothered me. I could not retain a single morsel of food and I could only drink a teaspoonful of water at a time. Doctors gave me up and I was so discouraged until I went to see Pizaro's doctor. He examined me carefully and gave me a bottle of Pizaro's stomach medicine and I can truthfully say that after the first dose of medicine I commenced to get well and craved for pie and cake and coffee. After the first bottle, I gained seven pounds. I can eat and drink water now and retain my food. It has been a miraculous thing to me and I am so glad."

Office at 215 West Berry St.

Pizaro's doctor will give free examination and consultation to all who call at his headquarters at 215 West Berry street. His hours are from 9 to 12, mornings, 1 to 3, afternoons. Open evenings 7 to 8.

"Keep Special Privilege Out of State Prisons," is Governor's Reply

Governor Hiram W. Johnson, of California, who believes parole of notorious San Francisco grafter would subvert square deal among his fellow prisoners at San Quentin, and, below, Abraham Ruef, serving fourteen years for exacting bribes.

Sacramento, Cal., July 23.—Abraham Ruef in prison. Ruef, wholesale grafter and city debaucher, who is serving a fourteen-year term in San Quentin for his part in the shame of San Francisco is still so powerful that the governor of California has felt called upon to publicly explain why he opposes his parole at this time.

Product and apostle of special privilege, Ruef, backed by his legions of influential friends, would carry that same favoritism into the penitentiary, as Governor Hiram W. Johnson views it.

The convicted boodler is pleading that the board of prison directors disregard in his case its parole policy and liberate him prior to serving half his net term, which would expire in August, 1915.

This the board, tacitly backed by Governor Johnson, has consistently refused to do, thereby rousing a whirlwind of wrath from Ruef's friends.

"The grossest injustice that could be committed against the other 3,300 men confined in our state prisons," says Governor Johnson "would be to single out the one rich, powerful and conspicuous offender, and because of his riches and influence, grant him what is denied the humble and friendless prisoners.

"All prisoners must be treated exactly alike.

"As vigorously as I am able, I demand that when special privilege has been banished from every other state department it shall not be permitted, no matter what the power or the threats, to creep into our penitentiaries.

"I insist," declares Johnson, "that Ruef shall be treated just like any ordinary prisoner, neither more harshly nor more leniently. At the time Ruef's plea was refused, seventy-seven others were also denied parole. The prison board is denounced because it treated Ruef just like the other seventy-seven.

"To yield, because of fear, to the persuasion, cajolery or threats of a powerful prisoner, is to cause the iron to enter the soul of every obscure and friendless convict, and to make every one of the other 3,300 men in our penitentiaries know that even in prisons class distinctions prevail. It would but add to the hopelessness and bitterness of the men confined."

Governor Johnson helped prosecute Ruef and his fellow boodlers before assuming public office. When Special Prosecutor Francis J. Heney was shot down and seriously wounded in the court room during the famous graft trials, Hiram Johnson was selected to lead the prosecution.

That his connection with the Ruef case in any wise prejudices him against the influential parole seeker, however, Governor Johnson explicitly denies. With equal vigor he refutes the innuendo that the administration attitude toward Ruef is inspired by any anti-Jewish feeling, citing the elevation to high office of many Jews under his tenure.

"Favoritism among prisoners shall not prevail; the friendless man shall have the same chance as the influential one in California's penitentiaries"; that is Governor Johnson's proclamation.

GOVERNOR MAKES REPLY TO GAVIT

Tells Lake County Senator He Should Aid Probe of Bill Fraud.

Indianapolis, Ind., July 23.—Governor Ralston yesterday sent a reply to a letter written by Senator Frank N. Gavit, of Whiting, Lake county, who had criticised the governor for not naming the members of the general assembly who requested him to sign the bill, now declared to have been passed by fraudulent methods, to increase the salary of the Lake county recorder.

The governor suggests that Senator Gavit is a little tardy in becoming interested in having the fraud investigated and he declares that it is his duty, and not alone that of the governor, to help "bring the scoundrels to justice."

"Every man who has had any connection with this bill owes it to himself, if he be himself innocent of any wrong doing, to join in ferreting out this crime," declared the governor in his letter to Senator Gavit and especially do I appeal to you to assist me in ascertaining what the truth is regarding this fraud, since senate bill No. 423 relates to your county only and was your bill."

The governor's letter declares that "no political affiliations or relations will deter me from insisting upon bringing the guilty parties to justice," and states that he is not charging Gavit with "being a party to this fraud."

Wade H. Free, secretary of the senate of the 1913 general assembly, yesterday opened the senate safe containing the records of that body to prove that he had properly receipted for the Lake county bill. The records disclosed that the bill, which had passed the senate, in which body it originated, was returned to him from the house on March 10, together with a message notifying the senate that it had been passed by the house.

The house records show that the bill was "killed" by that body on a vote to postpone it indefinitely, but how it was returned to the senate with an announcement that it had been adopted by the house is a mystery which remains unsolved. While a message notified the senate that the house had passed the bill, a notation on the back of the bill which evidently was overlooked, showed that it had been defeated in the house.

The governor said last night that he will continue his investigation, though he is not disclosing what course he will pursue in attempting to get at the facts.

Clever Woman Opens New Field of Work

Mrs. Anna Edson

Albany, N. Y., July 23.—A woman—a small woman at that—Mrs. Anna Edson, is purser for one of the largest river boats afloat, and she's such a good purser that a great many of the big steamboat lines are now employing women to do the work that until a few years ago belonged exclusively to men.

"My work on the steamer Berkshire is unusual, but it is not difficult," says Mrs. Edson. "I'm rather proud of my success as a purser because as I was the first woman appointed to this position, my success has opened a new field for women."

Besides keeping the accounts and paying the "ship's hands," Mrs. Edson makes a daily visit to each of the 300 staterooms of the Hudson river steamer. "I feel that I am hostess on the boat," she says, "and I want to be sure that 'my house' is always in order."

BORAX AN ENEMY TO TYPHOID FLY

Department of Agriculture Discovered Method to Control Pest.

Washington, July 23. As a result of experiments, the specialists of the department of agriculture have discovered that a small amount of ordinary borax sprinkled daily on manure will effectively prevent the breeding of the typhoid or house fly. Similarly, the same substance applied to garbage, refuse, open toilets, damp floors and crevices in stables, cellars or markets, will prevent fly eggs from hatching. Borax will not kill the adult fly nor prevent it from laying eggs, but its thorough use will prevent any further breeding.

The investigation, which included experiments with many substances, was undertaken to discover some means of preventing the breeding of flies in horse manure without lessening the value of this manure as a fertilizer for use by the farmer. It was felt that if some means of preventing the breeding of flies near a human habitation could be devised, the diseases spread by these filthy germ-carriers could be greatly reduced. While the "swat the fly" campaign, traps and other devices for reducing the number of typhoid-carrying flies are of value, they are of less importance than the prevention of the breeding. It was realized, however, that no measure for preventing the breeding of flies would come into common use unless it was such that the farmer could use it on his manure pile without destroying its usefulness for growing plants and without introducing into the soil any substance that would interfere with his crops.

As a result of experiments carried on at the Arlington farm in Virginia and New Orleans La., the investigators found that 0.02 of a pound of borax, or 0.76 of a pound of calcined colemanite (crude calcium borate) would kill the maggots and prevent practically all of the flies ordinarily breeding in eight bushels of horse manure from developing. This was proved by placing manure in cages and comparing the results from piles treated with borax and from untreated piles. The borax, it was found, killed the fly eggs and maggots in the manure and prevented their growth.

In the case of garbage cans or refuse piles, two ounces of borax or calcined colemanite, costing from five cents a pound upward, according to the quantity which is purchased, will effectually prevent flies from breeding.

SEEK TO IMPROVE ARMY AEROPLANES

American Manufacturers Only Eligible in Meet at San Diego, Cal.

Washington, July 23. To obtain a type of aeroplane better fitted for military use than those now owned by the army, officials of the war department have decided to hold a competition at the army aviation camp at San Diego, Cal., from October 15 to November 1 next, at which awards amounting to about $30,000 will be made. The competition will be open only to American manufacturers. Regulations for the tests are being worked out by Colonel Reber, of the army signal corps, who has charge of aviation.

Purchase of any or all machines will be one of the conditions imposed on all entrants, and the prizes will be distributed on that basis, the winner of the contest to be purchased for $12,000, the run up for $10,000, and the machine winning third place for $8,000.

Only machines which come up to certain specifications will be permitted to enter. All contestants must be of the biplane type, with the engine in front, this last requirement being on account of the fact that in case of an accident it gives the occupants of the car a better chance to escape without severe injury. Another essential feature is that each machine shall be able to vary its speed from seventy miles per hour to forty miles, while a still greater variation would count toward the winning of a prize. Each machine must be able to ascend to an altitude of 4,000 feet in ten minutes, and all must carry two passengers, a pilot and an observer.

Landing gear of exceptional strength will be demanded, and this will be given a severe test during the competition, as all machines will be compelled to end a flight on ploughed ground, from which they must also be able to rise.

The ease with which the contesting aeroplanes may be taken apart and packed for shipment by railroad or boat will be given considerable weight in the competition, as well as the length of time taken to assemble the various parts.

NEW INVENTION FOR THE KODAK

Result of Gift Made by Eastman Company to a Friend.

New York, July 23. Because he has invented a simple bit of apparatus which does what many persons have been vainly trying to accomplish for a long time, the Eastman Kodak company, of Rochester, has paid $500,000 to Henry J. Gaisman, of this city. Mr. Gaisman's invention enables camera users to write upon the margin of the film they have just exposed a record of the photograph without exposing the rest of it to the light. When the film is developed the record appears in white letters upon every print.

Mr. Grisman is the inventor of the Autostrop razor, and some time ago presented to George Eastman, head of the kodak company, one of his outfits. Mr. Eastman in turn gave a kodak to Mr. Gaisman. Several months later the inventor laid on Mr. Eastman's desk the kodak, with a mysterious little attachment fastened to the back. He explained what it was, and the kodak concern made him an offer of $300,000, which he accepted.

The invention consists of a little door in the back of the camera, through which access is obtained to the film. As the door opens the film is thrown tight against the aperture, allowing no light to strike any other part of it. With a stylus the operator writes whatever he wishes on the back of the film, his action removing a portion of a special light proof coating which allows the light to strike the film where the point of the stylus has rested. Upon development the writing shows black on the negative and prints white upon the print.

All new kodaks will be fitted with the new apparatus, and it also can be placed on any of the instruments now in use. A special film with a prepared back for use with the recording apparatus has also been placed on the market.

Why Fat Returns If Taken Off By Exercise

Since fat is the result of particularly easy assimilation of food, which too readily turns into fatty substances, the exercise for reduction must be very vigorous to tear down the tissues and as rapidly as exercise builds a larger muscular foundation, more fat is developed. For the early part of the time which you are exercising flesh is turned to muscle, but the action of the stomach being unchanged and the flesh being more easily developed than muscle it is not long until the exercise has increased the weight. Of late years, the slender form is possible without making oneself miserable by dieting or indulging in violent exercises to reduce fat. Make up and take this simple reducer and your weight will soon be just where you want it. Dissolve 4 ounces parnotis (which every good druggist has in his store) in 1½ pints hot water; when it cools strain and take a tablespoonful before meals. This parnotis reducer acts gently, is quite harmless and entirely satisfactory results are quickly attained. It leaves the flesh firm and well moulded.

Women Clash With College Professor Who Calls Modern Wives Incompetent.

Mrs. Ella Sexton demonstrating that she is a capable housewife as well as club woman and writer.

San Francisco, Cal., July 23.—Professor Mary Schenck Woolman, instructress in the University of California summer school, precipitated a storm of protest here recently when she declared that housewives of today are so frivilous that they can neither cook nor manage their homes.

Here are the charges that Professor Woolman makes: "The women devote too much time to fine needlework.

"They spend weeks embroidering one apron.

"They do not know how to cook as their mothers did.

"They do not keep their houses swept or ventilated."

Mrs. Ella Sexton, well known club woman and authoress, takes vigorous exception to Professor Woolman's charges, Mrs. Sexton by the way, is an excellent cook.

"I do not agree with Professor Woolman," said Mrs. Sexton. "Women of today know how to use their time to the best advantage; they are developing their hands, their heads and their feet. Just because a woman enjoys dancing, writing, embroidering and pretty things is no sign that she can not and does not manages her home well. With the modern conveniences it is possible for a woman to be active along many lines. The day of the household drudge has passed."

Wealthy Evansville Woman's Acts Become Known After Her Death.

Evansville, Ind., July23.—The body of Mrs. Mary Stockwell, the wealthiest woman in this city, who died suddenly, will be sent to New York for burial. Mrs. Stockwell had lived in a quiet, unostentatious life here the last twelve years, and her neighbors knew little about her. She was regarded as close in her business dealings and gave little to local charities. Since her death it has developed that during her life at least one hundred deserving young men were assisted through college by her, and it is understood that one of the best known professors now at Yale was assisted by her when he was in college. One of her closest friends here says that there is a provision in her will for a fund to be used in the education of poor boys. Mrs. Stockwell owned much property in this city, in New York and in Virginia, her native state. She leaves one child, a daughter, who lives in New York. Mrs. Stockwell was a descendant of Patrick Henry. She was the largest woman land owner in Vandenburg county.

Care Of The Hair In European Countries

In Southern Europe the very straight, homely appearance of the hair of lower class native women is due to its excessive greasiness and could be greatly improved upon by the elimination of all excess oil. Throughout the continent among the higher social classes great care is taken to keep the hair perfectly clean, not with soaps and makeshifts but with preparations made just for the shampoo and it is probably for this reason alone that the hair of European women is considered the most beautiful in the world. The much desired fluffiness and softness of hair which follow canthrox-shampoos are the result of its perfect cleasing power. You can avoid any bad condition of scalp or hair by use of this economical home-made shampoo, which is prepared very quickly by just dissolving a teaspoonful canthrox (which every drug store carries) in a cup hot water and pouring slowly on the head as you rub briskly. This makes a wealth of rich, cleansing lather which will soon restore the fluff and lustre to the dullest hair and encourage a beautiful growth.

CAMERA CLICKS AROUND WORLD

Countess Encircles Globe to Give Photograph Hobby Play.

San Francisco, July 23.—Countess Marie Henriette de Warvin, of Brussels, a countess by heritage, was delighted with her first view of America, which she received from the deck of the transPacific liner Korea, which arrived here recently from the orient.

COUNTESS MARIE HENRIETTE DE WARVIN.

The countess is making a trip around the world. She went to the orient by way of the Mediterranean and Suez, and in her travels has made more than 800 photographs.

Photography is her hobby and she has been exceptionally succeeddful with her camera.

The countess carries a passport of special diplomat from the prime minister of Belgium, but is traveling quietly, not making her presence known.

Her itinerary includes Yosemite valley, Yellowstone park, the Grand canyon and also the principal cities of the United States. From New York she will sail for home.

BOX CENTER OF TRUST SUIT.

Corn Flake Company's Right to Fix Retail Prices Disputed.

Detroit, July 23.—Whether a patent on a cardboard carton confers price fixing authority on the Kellogg Corn Flake company, of Battle Creek, was the legal question confronting the United States court of appeals of Cincinnati, which convened here yesterday in the government anti-trust suit against the corn flake company. The government charges that the defendant concern attempts to fix resale prices on its goods through jobber, wholesaler and retailer on the strength of a patent on the container and that the box patent is a subterfuge.

The company asserts its box patent confers authority to fix not only the retail price, but any resale price from manufacturer down to retailer. The main facts in the suit are admitted and the case will be tried solely on a question of law.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

HE FIGURES AUTO FACTORS FOR FUN

Gamble Proves Puzzle to Best Mind Sharps in Country.

Berkeley, Cal., July 23.—The remarkable mathematical genius of Albert E. Gamble, 21, who has been entertaining the psychological classes at the summer school of the University of California here, is proving a puzzle to the best mind sharps in the country.

His lightning calculations, seemingly without mental effort, involving sums of vast dimensions, are pronounced astonishing. Thus far no explanation of his abilities has been vouchsafed. He himself hazards no theory.

ALBERT E. GAMBLE.

As an amusement he figures the factors of auto licenses while the machines are passing. In forty-five seconds he computed that California would be $4,-393,406,336 richer as a result of the Panama-Pacific International exposition if 46,868,542 people attended, each spending $98.

Young Gamble has been fond of figures since a mere lad. In Rochester, N. Y., where he attended the public schools, Gamble was barred from class tests in mental arithmetic because he usually had the correct answer by the time the teacher had finished putting the example.

Gamble has an ambition to remember all the dates in history.

WOUNDED GIRL RUNS HOME.

Tells Mother That Brother is Not to Blame for Shooting.

Attica, Ind., July 23.—Ruth, five-year-old daughter of Mr. and Mrs. Frank Pugh, of Judyville, is dead of a rifle wound accidentally inflicted Saturday by her brother Ralph, age eight. The accident occurred at the home of their grandparents, a short distance from their own home. The children found a rifle and were playing with it. After the shooting the girl ran to her own home, where she told her mother, shielding the brother from blame and insisting that it was only an accident.

LIVER SLUGGISH?

The Liver Is the Great Health Regulator of the Human Body.

There's Nothing so Good as USOLINE To Keep Your Liver Active.

If the liver is out of order the whole body suffers. The liver produces and regulates the bile, and without bile there can be no proper digestion or assimilation of the food, particularly the fats.

Bile also effects and assists the bowels. If there is too little bile the bowels become clogged, constipated, irregular.

If there's too much bile the kidneys and skin suffer—the skin becomes sallow and dull, the eyes yellow, and the urine a deeper yellow.

One vital organ cannot be affected without all the others suffering.

Continuous liver trouble results in irritability, loss of appetite, indigestion, dyspepsia, sour stomach, biliousness, gas, belching, headache, bad breath, body pains, kidney diseases, skin eruptions and general nervous breakdown.

The old way was to physic the system with violent cathartics and purgatives—drugs that only aggravated the conditions and gave no permanent relief.

The modern treatment, endorsed by the most famous doctors of the World, is "Internal Lubrication," with USOLINE, an absolutely pure paraffine oil—tasteless, odorless, colorless and agreeable to take. It's better than Olive Oil in such cases because it's a mineral oil, and it all passes right through to the bowels to really lubricate them, whereas Olive Oil is absorbed by the system as food, and the liver already has too much fat. The effect of USOLINE is to make the bowel movements regular and natural, to relieve the constipation and make it possible for the liver to perform its functions fully and actively. Just try USOLINE and be well. At druggists generally, 25c. and 50c. a large bottle, and $1 a three pint tin. Also in capsules, 2 doz. in a box, 50c. Ask or write OIL PRODUCTS COMPANY, New York, for printed matter.

CITY THAT BELIEVES IT GOOD INVESTMENT TO BE HUMANE SENDS ITS POOR INTO MOUNTAINS ON VACATION.

Above, two of the youthful hunters bold, who are camping in the mountains at the expense of the city of Los Angeles. Below, one of the boy campers is shown with his kit. This is for a two weeks' stay; what would it be if he intended to be gone several months!

Los Angeles, Cal., July 23.—A great multitude of boys—120 of them heavily encumbered with camping kits and bundles—stood recently at the railroad station here and in a boisterous jocular way, jostled and pushed each other about in rough play.

They were waiting for the train.

Stood there also men and women, staid, sedate, and prim in much finery.

They also were waiting for the train.

All were going on a vacation; and to the same place, too the mountains.

Said one of the boisterous boys to one of the paper men, "Whatchu gonna do up in the mountains?"

Answered the man: "I'm going to play croquet, and tennis, and—"

"Oh, shucks," interrupted the boisterous boy, "that ain't nothin' to do in the mountains. I'm gonna hike, 'n' swim, 'n' fish, 'n' hunt bears!

And true it was. The city of Los Angeles was sending these lads into the primeval depths of the forest in the Santa Madre mountains, fifteen miles north of Pasadena for the time of their lives.

They were first to enjoy the city's annual outing for boys, girls, women and families who could not, because they lacked the necessary funds, get away from the fetid air and stifling monotony of towering buildings for a summer vacation.

For two weeks these boys, aged 12 to 14 will camp out under the guardianship of A. A. Dietz, in charge of the municipal playgrounds department. The total expenses, including 200 miles of transportation, will be $7.50 each for the entire fortnight and will be borne by the city of Los Angeles.

Besides Dietz, seven other men, strong of limb and lithe of body, will accompany the youngsters to see that some of the bears, mountain lions and the like get away with any of the bold young huntsmen, or any of their arms, legs or other impedimenta or paraphernalia necessary to their well-being.

Upon the return of the younger boys the older lads have their two weeks of fun, and after that follow the girls and women, and later the families—And all because a city finds that it pays to be humane to its inhabitants!

Girl of 16 Stars in Latest Passing Show

Marilynn Miller

New York, July 23.—On the opening night of the Shuberts' newest Winter Garden revue, "The Passing Show of 1914," a big hit was scored by a little slip of a girl whose graceful dancing and charm of manner made her rather small part stand out conspicuously. "Who is Marilynn Miller?" was Broadway's question, and the surmise of many was that she was a European product. But she's nothing of the sort. Marilynn Miller was born in Findlay, Ohio, 16 years ago, and has been playing in vaudeville since she was 6 in the act with her father, mother and two older sisters.

BEGINS WAR ON ARMY WORM.

Michigan Agricultural College Suggests Use of Poisoned Bait.

Lansing, Mich., July 23.—War was declared today by the Michigan Agricultural college department of entomology against the army worm which threatens to lay waste the grain crops in the thumb and central Michigan agricultural districts. Instructions as to the best way to check the invading pest have been telegraphed to all affected districts. The losses already sustained by farmers are said to have reached thousands of dollars. The plowing of two or three furrows around affected fields and poisoned bait are the remedies suggested by the M. A. C. authorities.

Few Folks Have Gray Hair Now

Druggist Say Ladies are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.—Adv.

IGNORED OMENS BROUGHT DEATH

Companions Say Hard Luck Flights Should Have Warned Airman.

San Francisco, Cal., July 23—Was aviator Otto Rybitsky, killed recently in the foothills when his planes became unmanageable, foredoomed to the tragic fate that finally overwhelmed him in the lonely altitude?

That is to-day the whispered speculation among the hangars of the Pacific coast where Rybisky was known to be

AVIATOR OTTO RYBITSKY.

an intrepid birdman.

Not alone the superstitious ones of the craft but hard-headed, unimaginative aviators profess to see in the ill-fated man's past record many "warnings" that should have been heeded.

For several years before Rybitsky's fatal plunge in the foothill canon, where an eccentric air current dashed him into a pine thicket, he had been having "hard luck" flights.

In 1913, on the Panama-Pacific Exposition grounds, he was saved from certain death by timely warning that all the safety wires supporting his main plain were missing just as he was leaving the ground.

A little later Rybitsky and Silas Christofferson plunged into the bay from a considerable altitude and were rescued only by the quick work of life-savers. Again in the San Francisco-Bakersfield race his machine was totally wrecked in a field where he was compelled to make a quick landing.

Rybitsky's death-drop was only 35 feet, but he died of internal injuries half an hour later.

MARRIED IN HASTE.

Dare Accepted by a Sixteen-Year-Old Newcastle Girl.

Newcastle, Ind., July 23.—"I dare you to marry me," said Oscar Harshman to June Gallimore, the pretty sixteen-year-old daughter of Henry M. Gillimore. "I take your dare," said Miss Gillimore. Then the two walked over to the court house, opposite Gallimore's store, obtained a marriage license and were married in the clerk's office by the Rev. Charles E. Shultz, deputy clerk.

TO DISCARD FRECKLES, TAN, PIMPLES, WRINKLES

The use of creams on the face sometimes causes hair to grow. You can avoid the risk of acquiring superfluous hair by avoiding cosmetics and using mercolized wax instead. There is nothing better for any condition of the skin, as the wax actually absorbs the offensive cuticle. The latter is naturally replaced by a clear, smooth, healthy complexion, full of life and expression. It's the sensible way to discard a freckled, tanned, over-red, blotchy or pimpled skin. Get an ounce of mercolized wax at any druggist's and apply nightly like cold cream, erasing in the morning with soap and water. It takes a week or so to complete the transformation.

The ideal wrinkle eradicator is made by dissolving an ounce of powdered saxolite in a half pint witch hazel. Bathing the face in the solution brings almost instantaneous results.

All our Wall Paper at this time of year discounted 25%. Wall paper prior to 1913 designs discounted 35%. We also have a few bargains in old patterns at 2c and 3c roll; goods that formerly sold for 10c and 15c.

ARREST OF 4 MAY PROVE BOOMERANG

Question in Case of Editor Who Photographed Canal Forts.

San Francisco, July 21.—It may be that Uncle Sam's charges against the men who photographed the fortifications of the Panama canal from the sky, will prove a boomerang.

Charles K. Field, editor of the largest magazine in the west, which published the pictures; Riley E. Scott, who wrote the article that went with the photos; Ray A. Duhen, the aerial photographer who made the pictures, and Bob Fowler, the aviator who flew over the fortifica-

From top to bottom—Editor Charles K. Field, Riley W. E. Scott, Ray A. Duhen and Robert Fowler.

tions with the camera man, have all been called to the carpet in the federal court here for violating the rules of the war department, which emphatically state that it is bad business to photograph United States forts—for publication, amusement or any other purpose—from the air or otherwise without the consent of his honor Uncle Sam.

But it seems that Editor Field and his fellow conspirators have an "out." They had, so their attorney now intimates, the permission of one Colonel Goothals and also the war department to go as far as they liked. If that is true, the joke will be on Uncle Sam when he brings these men to trial.

But John W. Preston, United States district attorney here, intimates that if Field's claims are true, the case will not get very far.

"I can not see how we committed any offense," said Editor Field. "When the photograph was taken nothing but preliminary grading had been done on Naos island and there were no guns nor fortifications in evidence. The sole purpose was to stimulate interest in a larger appropriation for aerial defense in the United States which is far behind European nations in this respect."

GREAT CHANGES IN PORTO RICO

Little Island Has Advanced by Leaps and Bounds Under Uncle Sam.

Washington, July 23.—The probable beneficent effect of the Panama canal on the countries of the Caribbean is told by Wm. J. Showalter in a communication to the National Geographic society at Washington. He describes the wonderful changes that have been wrought in Porto Rico and Cuba since the advent of the United States government in those islands.

"It would require six Salvadors to make one Honduras, and yet Salvador has three times as much population and three times as much foreign commerce as Honduras," he says. "Costa Rica is less than half as big as Nicaragua, and yet it has three times as much foreign commerce as Nicaragua. And yet, when Salvador and Costa Rica are compared with Porto Rico, they in turn seem to be slow in their development. Porto Rico is so small that seven islands like it would be required to cover an area equal to that of Costa Rica, yet it has a foreign trade five times as great as that of the banana empire. Porto Rico is less than half as large as Salvador, yet it has a foreign trade seven times as great.

"Little Porto Rico is so small that it could be buried in a single Central American lake; it would take fifty-seven islands of its size to equal Central America in area, and yet Porto Rico produces more foreign trade than all Central America together. The reason? Because Porto Rico has an ideal government. The trade of the island has nearly quintupled since Uncle Sam took possession there. The wages of the laboring class has multiplied threefold. Porto Rico's prosperity is seen in the sugar fields, where four tons of sugar are produced where one was a dozen years ago, and where the Porto Rican people receive $6 for exported sugar, where they received $1 only a dozen years before. Coffee production has quadrupled since the beginning of the century. The production of oranges has increased seven fold in ten years, pineapples twenty fold in four years and grapefruit twenty-fivefold in three years."

Similar comparisons are made between Cuba and the six republics. With an area one-fifth as great, its foreign commerce is three times that of the six. "One might go on with these comparisons indefinitely, the lesson of them all being that prosperity can not exist where good government does not," continues the writer.

"With vast deposits of minerals, untold thousands of acres of the finest tropical fruit and vegetable lands in the world, and vast areas of magnificent grazing and coffee lands, Honduras is at our very doors. It is 700 miles nearer to Chicago than that city is from San Francisco; it is closer to Washington than Denver is; it is farther from New Orleans to Chicago than it is from Puerto Barrios to New York. A stable government for Honduras, and it must become a kingdom of plenty instead of a principality of poverty! Nicaragua is in the same condition as Honduras.

"It is not unreasonable to assume that if the people of Middle America can secure fair and proper government conditions after the completion of the Panama canal, they can do what Cuba has done in the thirteen years since the first American intervention. Since that time the number of people able to read and write has increased 140 per cent. The mortality rate has been cut down from 33.68 per thousand to 12.69. The balance of trade has risen from a deficit of $27,000,000 a year to a surplus of $30,000,000. Assuming that Central America can be brought up to Cuba's standard today, its foreign trade would amount to a full billion dollars a year instead of a beggarly sixty-five million today. It would have 10,000 miles of railroad where it has less than 1,000 miles today. It would have 5,000 miles of macadam road, as compared with a few hundred. It would have a population of 11,000,000 as compared with 5,600,000 today.

"This and more will certainly come to Central America if good government there comes apace with a completed Panama canal."

CHICAGO GRAIN AND PROVISIONS.

Chicago, July 23.—Severe damage by black rust and by heat in the Dakotas and Minnesota brought about a fresh advance today in the wheat market here. The opening, which was ¼c to 1c higher, was followed by supplementary gains but with selling considerably enlarged on the bulge.

The close was nervous, ⅜@½c to 1⅜c net higher.

Corn prices ran up quickly on account of continued hot, dry weather. After the opening the same as last night, the market hardened a little more and then underwent a moderate reaction.

The close was unsettled, 1⅜c to 2½c above last night.

Oats sympathized with corn.

Lack of demand weakened provisions. A setback in the hog market seemed to make buyers hold off.

THE DAY ON WALL STREET.

New York, July 23.—Again taking its cue from London, where Americans were substantially lower, today's stock market manifested a heavier tendency in the early dealings. Virtually all issues were lower but only Canadian Pacific and Lehigh Valley were especially heavy, declining a point. B. & O. fell to its recent low price and Chesapeake & Ohio and Reading appeared to be under pressure. Missouri Pacific convertibles went lower than yesterday and a slight recovery in Rock Island debentures was soon effaced. Standard stocks were little changed. Among specialties Sears-Roebuck rose three points.

Resumption of gold exports was the most interesting feature of the morning session, the shipment following a 30-point rise in exchange. Lehigh Valley was sold down a total of two points and further weakness was shown by New York Central, Chesapeake & Ohio, and the speculative list in general. Baltimore & Ohio made a new low as did Rock Island preferred and the refunding and debenture and Missouri Pacific convertibles. Dealings were spasmodic, the only semblance of activity being on the decline. Bonds were easy.

Prices recovered in the latter dealings but soon fell back again, some to the lowest of the day. New Haven, which rose to 53, soon lost half its advance.

Renewal of the gold export movement and filing of the New Haven suit with a recommendation for receivership were the main factors in today's market. The closing was heavy.

DAILY MARKET LETTER.

Chicago, July 23.—Corn market is in the lead, based on continued dry and hot. Off corn scarce and offering small. The cash stuff up 1 to 1½c. The east shows further alarm about its corn supplies as Argentine is not offering any new corn and wants to extend the date of her July contracts. Some of the best districts in Illinois are complaining and if no rain over the coming week end, December corn will eventually show a smart advance in the 60s. Wheat tone a little hesitant but only moderate declines indicated.

Closing prices on stocks:

Atchison, 97⅝; Smelters, 60¼; A. C. P., 69⅛; B. & O., 80⅛; C. & O., 65⅝; Canadian Pacific, 183⅞; Erie, 24⅝; New York Central, 84½; Pennsylvania, 110¼; Reading, 161⅞; Southern Pacific, 95⅝; New Haven, 52¼; Union Pacific, 126⅜; U. S. Steel, 60⅝.

SALOON QUESTION BOBS UP.

Promises Fight at Opening of Iowa Democratic Convention.

Council Bluffs, Iowa, July 23.—The saloon question threatened to precipitate the principal contest among Iowa democrats here today before the opening of the democratic state convention. Leaders on both sides prepared to fight the matter before the resolutions committee and the anti-saloon league people intimated that it would be brought up on the floor of the convention, if necessary.

SUBURBAN PROPERTIES, located at station stops on interurbans out of Fort Wayne is my special business. Its history that no real estate grows in value more rapidly than interurban stuff close to a live city. The interurban will get you out and in just as quick as your city car will get you home. Your tract will raise more than your living, your taxes and upkeep will not eat you up. Get your money into stuff that'll befriend you when old age and adversity overtakes you. I'll sell you 5 acres at $1,000, 10 acres at $1,500, and so on. Just about the price you'll have to pay for a good city lot. I have three beautiful tracts with new buildings, extra fine locations, ready for sale now at very attractive prices. Let's talk it over together.

Pontiac Street

We have on E. Pontiac a nearly new six-room house. It is thoroughly modern with soft water bath, lead plumbing, gas heater, fine porcelain bath fixtures. There is a deep cemented basement under the whole house.

Downstairs are a living room, reception hall, dining room and kitchen all finished in oak. Also a solid oak open staircase. Upstairs are three bedrooms and bath.

This house is built along distinguished architectural lines and presents a very attractive appearance. The owner built this for himself so that it is of first-class construction and material.

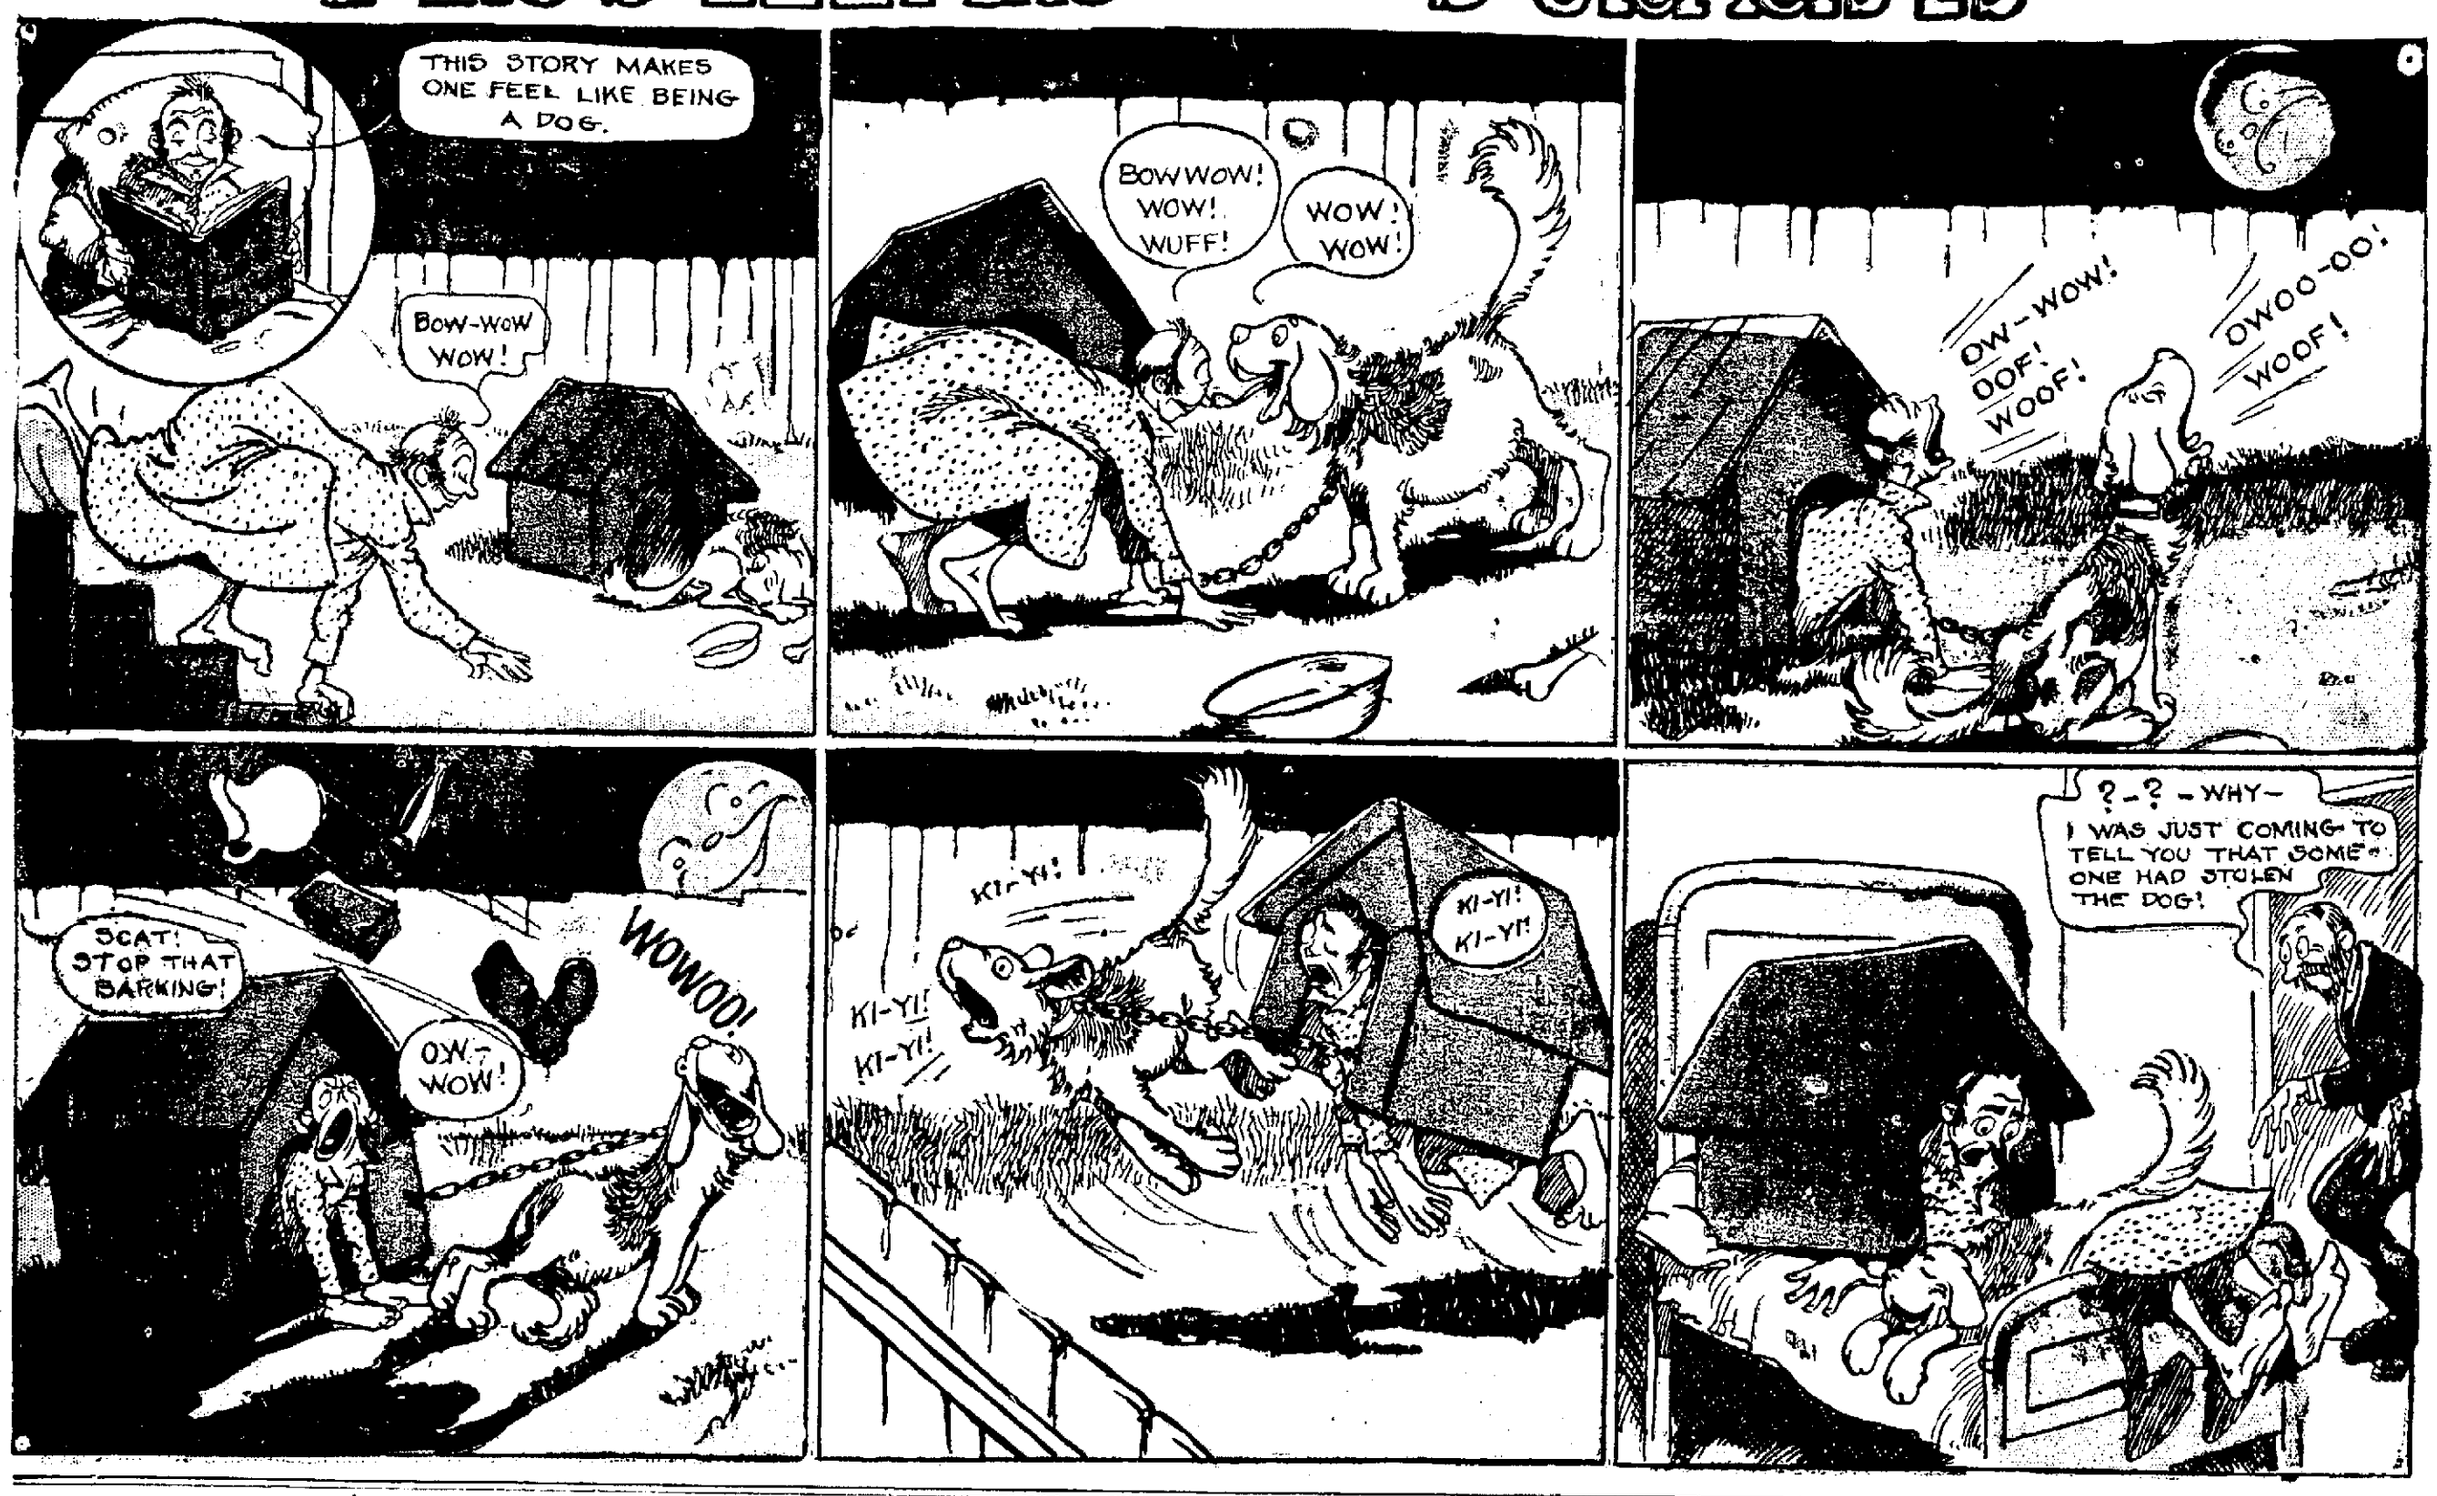
MR. SLEEPER AND HIS SURPRISES



ART SMITH LOOPS BEFORE BIG CROWD

Local Aviator Thrilled Coldwater, Michigan Audience.

Art Smith returned to Fort Wayne early Thursday morning from Coldwater, Mich., where Wednesday, before a crowd of 7,000 he gave two exhibition flights under the auspices of the Coldwater Retail Merchants' association, looping the loop three times, thrilling his spectators with the sideway roll and executing a dip of several hundred feet with his motor shut off. Regarding his exhibition the Daily Courier says:

"Art smith, one of the most noted aviators of America, thrilled 7,000 people at Warner field yesterday. His flight was more spectacular than those given by his famous rival, Beachy.

"Twice at sickening heights between earth and sky, he looped the loop, while the breathless thousands watched the death-defying feats. Downward he shot, almost as if falling to earth. Suddenly the great planes of his machine so cleverly manipulated by the human being in perfect control, offered the desired resistance to the air and the machine performed a great loop in the blue space. Not content with one loop, Smith quickly righted the planes and again and again performed the perilous act.

"Art Smith repeated the performance in the afternoon, reaching a height of 3,000 feet. He did a large number of tricks, including the looping-the-loop and several side flops."

As a result of improved methods, seams of coal have been worked in Britain at a depth of 3,000 feet, and in one mine in Lancashire 3,700 feet, which means a natural temperature of over 90.

BLIND 30 YEARS NOW AN INVENTOR

Man Who Discovers Wonders Loses His Sight in Accident.

New York, July 13.—Blind for more than thirty years, yet with an energy that is remarkable for one so afflicted, Patrick J. McNamara, who lives at the Home of the Blind, at Amsterdam avenue and 104th street, has just completed the tedious task of making models for three practical bottling inventions, and friends have succeeded in interesting business men in his cause to assist him in developing them.

Mr. McNamara is 58 years old and has been in the home ever since it was erected. He remembers Amsterdam avenue when it was almost a big open lot its entire length from Seventy-second street north. He has vivid recollections of how the old section looked, because it was a little more than thirty years ago that he lost his eyesight in a bottling factory accident. He was filling an imperfect bottle with ginger ale when it exploded.

Ever since he has been devising means of protecting other bottling workers from accident and perfecting means which will enable brewers, restaurants and hotels to keep liquors continually fresh and druggists or chemists to employ simple schemes by which poisons may be kept from careless or irresponsible persons.

His principal invention is an automatic check valve or vent peg, which will keep barrelled beer from turning stale through loss of gas. The usual barrel of beer, ale or cider, after being tapped has a small hole left open in the top, so that air may enter, with the result that the gas evaporates and allows the liquor to become flat. Mr. McNamara's vent peg is a simple device which automatically allows fresh air to enter the keg or barrel the instant the spigot is turned. When the faucet is closed, the valve immediately closes, thus permitting no gas to escape. When it is considered that a barrel of ale will become flat in about two days the value of Mr. McNamara's invention can be appreciated.

Keeps Gas in Champagne.

Of similar use is a stopper he has devised for highly carbonated liquids and champagnes. It is a metal stopper, which when inserted in the neck of a champagne bottle will keep the wine full of gas all the time it is being served. It allows the free drawing of the wine and shuts off the escape of the gas.

Of different use, calculated to prevent persons from obtaining poisons from bottles in the night, is what Mr. McNamara calls a lock-stopper. It may be fitted into the neck of any medicine bottle and then locked with a key. The liquid may be poured without removing the stopper after it has been unlocked.

Mr. McNamara is frankly grateful to all those in the home who have looked after his safe keeping and makes no secret that whatever measures of success comes to him his loyalty to his home will be shown in more ways than one.

ASKS FOR PARDON IN PRISON VERSE

Appeals to President to Send Him from Gloomy Towers.

Washington, July 20.—The department of justice forwarded to President Wilson a unique application for pardon. Prisoner 75, whose name is not given, in the federal prison at Leavenworth, Kas., applied for freedom in verse. The president has not yet considered the case. Here is the application:

I want to go home to the place of my birth,
I've been long enough on this part of the earth;
The walls look so gloomy, and so do the towers—
I want to return to the land of the flowers.
Dear old California, I miss you so—
I want to go back where the oranges grow;
I want to get out and breathe God's fresh air,
I want to attend the big 'Frisco fair;
I love the mountains where one's free to roam
I want to go home, I want to go home.

I see in my fancy the church on the hill,
The river below it, the old sawmill;
The cows coming home o'er the hill through the lane;
I want—oh, so much to go back there again.
I am ashamed of my misspent life,
Toil without recompense, worry and strife.
Once I was blind, but now I can see
And the simple life looks good to me.
I want to make good, I want to atone;
Mr. President, please send me home.

Dear old 'Frisco, you can't be beat;
I fancy now I'm on old Market street,
Watching the crowds as they come and go.
'Frisco, 'Frisco, I love you so;
I love the mountains, I love the sea.
California, you are for me—
I want to get out and roll on the green;
I don't want to wait until 1916.
The sea gull is resting at peace on the foam;
I want to go home! Oh, I want to go home!

I was in hopes the parole law would suffice,
But the honorable board has denied me now twice;
I'm full of remorse, I feel the disgrace—
I hoped the new board would reopen my case—
Now all's that left for me to do
Is to send this humble petition to you.
I've obeyed the rules, as best I could—
If you can do anything for me, I wish you would.
And I'll hope and pray ere the swallows have flown
The message will come, "Discharged, go home."

I've nothing against the Sunflower state,
But I want to go back to the Golden Gate;
Where the people flock from Paris and Rome,
There's nothing sweeter than home, sweet home.
This unjust sentence I may not survive,
My number is—75;
I'm scared to death of a numbered stone,
I want to go home, I want to go home.

I have high-class investments in local Bonds and local Stocks. C. F. Pfeiffer, Shoaff Bldg.

ADVENTURES OF JOHNNY MOUSE.

DO YOU KNOW, FOOL MOUSE, THAT I'M TAKING ELOCUTION LESSONS? EH?
AND FOR WHY I SHOULD ASK?
WELL, WHENEVER MY WIFE STARTS AN ARGUMENT I CAN STAND UP AND ARGUE BACK AT HER!
SHUCKS! YOUR TAKING THE WRONG COURSE OF INSTRUCTIONS. YOU SHOULD TAKE LESSONS IN THE MANLY ART OF SELF-DEFENSE!
